the Protocols of the Learned Elders of Zion

# PROTOCOLS OF THE MEETINGS OF THE LEARNED ELDERS OF ZION

## PROTOCOL No. 1

1. Putting aside fine phrases we shall speak of the significance of each thought: by comparisons and deductions we shall throw light upon surrounding facts.
2. What I am about to set forth, then, is our system from the two points of view, that of ourselves and that of the GOYIM [i.e., non-Jews].
3. It must be noted that men with bad instincts are more in number than the good, and therefore the best results in governing them are attained by violence and terrorisation, and not by academic discussions. Every man aims at power, everyone would like to become a dictator if only he could, and rare indeed are the men who would not be willing to sacrifice the welfare of all for the sake of securing their own welfare.
4. What has restrained the beasts of prey who are called men? What has served for their guidance hitherto?
5. In the beginnings of the structure of society, they were subjected to brutal and blind force; afterwards - to Law, which is the same force, only disguised. I draw the conclusion that by the law of nature, right lies in force.
6. Political freedom is an idea but not a fact. This idea one must know how to apply whenever it appears necessary with this bait of an idea to attract the masses of the people to one's party for the purpose of crushing another who is in authority. This task is rendered easier if the opponent has himself been infected with the idea of freedom, SO-CALLED LIBERALISM, and, for the sake of an idea, is willing to yield some of his power. It is precisely here that the triumph of our theory appears; the slackened reins of government are immediately, by the law of life, caught up and gathered together by a new hand, because the blind might of the nation cannot for one single day exist without guidance, and the new authority merely fits into the place of the old already weakened by liberalism.

## **GOLD**

7. In our day the power which has replaced that of the rulers who were liberal is the power of Gold. Time was when Faith ruled. The idea of freedom is impossible of realization because no one knows how to use it with moderation. It is enough to hand over a people to self-government for a certain length of time for that people to be turned into a disorganized mob. From that moment on we get internecine strife which soon develops into battles between classes, in the midst of which States burn down and their importance is reduced to that of a heap of ashes.
8. Whether a State exhausts itself in its own convulsions, whether its internal discord brings it under the power of external foes - in any case it can be accounted irretrievably lost: IT IS IN OUR POWER. The despotism of Capital, which is entirely in our hands, reaches out to it a straw that the State, willy-nilly, must take hold of: if not - it goes to the bottom.
9. Should anyone of a liberal mind say that such reflections as the above are immoral, I would put the following questions: If every State has two foes and if in regard to the external foe it is allowed and not considered immoral to use every manner and art of conflict, as for example to keep the enemy in ignorance of plans of attack and defense, to attack him by night or in superior numbers, then in what way can the same means in regard to a worse foe, the destroyer of the

structure of society and the commonweal, be called immoral and not permissible?

10. Is it possible for any sound logical mind to hope with any success to guide crowds by the aid of reasonable counsels and arguments, when any objection or contradiction, senseless though it may be, can be made and when such objection may find more favor with the people, whose powers of reasoning are superficial? Men in masses and the men of the masses, being guided solely by petty passions, paltry beliefs, traditions and sentimental theorems, fall a prey to party dissension, which hinders any kind of agreement even on the basis of a perfectly reasonable argument. Every resolution of a crowd depends upon a chance or packed majority, which, in its ignorance of political secrets, puts forth some ridiculous resolution that lays in the administration a seed of anarchy.

11. The political has nothing in common with the moral. The ruler who is governed by the moral is not a skilled politician, and is therefore unstable on his throne. He who wishes to rule must have recourse both to cunning and to make-believe. Great national qualities, like frankness and honesty, are vices in politics, for they bring down rulers from their thrones more effectively and more certainly than the most powerful enemy. Such qualities must be the attributes of the kingdoms of the GOYIM, but we must in no wise be guided by them.

### **RIGHT IS MIGHT**

12. Our right lies in force. The word "right" is an abstract thought and proved by nothing. The word means no more than: Give me what I want in order that thereby I may have a proof that I am stronger than you.

13. Where does right begin? Where does it end?

14. In any State in which there is a bad organization of authority, an impersonality of laws and of the rulers who have lost their personality amid the flood of rights ever multiplying out of liberalism, I find a new right - to attack by the right of the strong, and to scatter to the winds all existing forces of order and regulation, to reconstruct all institutions and to become the sovereign lord of those who have left to us the rights of their power by laying them down voluntarily in their liberalism.

15. Our power in the present tottering condition of all forms of power will be more invincible than any other, because it will remain invisible until the moment when it has gained such strength that no cunning can any longer undermine it.

16. Out of the temporary evil we are now compelled to commit will emerge the good of an unshakable rule, which will restore the regular course of the machinery of the national life, brought to naught by liberalism. The result justifies the means. Let us, however, in our plans, direct our attention not so much to what is good and moral as to what is necessary and useful.

17. Before us is a plan in which is laid down strategically the line from which we cannot deviate without running the risk of seeing the labor of many centuries brought to naught.

18. In order to elaborate satisfactory forms of action it is necessary to have regard to the rascality, the slackness, the instability of the mob, its lack of capacity to understand and respect the conditions of its own life, or its own welfare. It must be understood that the might of a mob is blind, senseless and un-reasoning force ever at the mercy of a suggestion from any side. The blind cannot lead the blind without bringing them into the abyss; consequently, members of the mob, upstarts from the people even though they should be as a genius for wisdom, yet having no understanding of the political, cannot come forward as leaders of the mob without bringing the whole nation to ruin.

19. Only one trained from childhood for independent rule can have understanding of the words that can be made up of the political alphabet.

20. A people left to itself, i.e., to upstarts from its midst, brings itself to ruin by party dissensions excited by the pursuit of power and honors and the disorders arising therefrom. Is it possible for the masses of the people calmly and without petty jealousies to form judgment, to deal with the affairs of the country, which cannot be mixed up with personal interest? Can they defend themselves from an external foe? It is unthinkable; for a plan broken up into as many parts as there are heads in the mob, loses all homogeneity, and thereby becomes unintelligible and impossible of execution.

### **WE ARE DESPOTS**

21. It is only with a despotic ruler that plans can be elaborated extensively and clearly in such a way as to distribute the whole properly among the several parts of the machinery of the State: from this the conclusion is inevitable that a satisfactory form of government for any country is one that concentrates in the hands of one responsible person. Without an absolute despotism there can be no existence for civilization which is carried on not by the masses but by their guide, whosoever that person may be. The mob is savage, and displays its savagery at every opportunity. The moment the mob seizes freedom in its hands it quickly turns to anarchy, which in itself is the highest degree of savagery.

22. Behold the alcoholic animals, bemused with drink, the right to an immoderate use of which comes along with freedom. It is not for us and ours to walk that road. The peoples of the GOYIM are bemused with alcoholic liquors; their youth has grown stupid on classicism and from early immorality, into which it has been inducted by our special agents - by tutors, lackeys, governesses in the houses of the wealthy, by clerks and others, by our women in the places of dissipation frequented by the GOYIM. In the number of these last I count also the so-called "society ladies," voluntary followers of the others in corruption and luxury.

23. Our countersign is - Force and Make-believe. Only force conquers in political affairs, especially if it be concealed in the talents essential to statesmen. Violence must be the principle, and cunning and make-believe the rule for governments which do not want to lay down their crowns at the feet of agents of some new power. This evil is the one and only means to attain the end, the good. Therefore we must not stop at bribery, deceit and treachery when they should serve towards the attainment of our end. In politics one must know how to seize the property of others without hesitation if by it we secure submission and sovereignty.

24. Our State, marching along the path of peaceful conquest, has the right to replace the horrors of war by less noticeable and more satisfactory sentences of death, necessary to maintain the terror which tends to produce blind submission. Just but merciless severity is the greatest factor of strength in the State: not only for the sake of gain but also in the name of duty, for the sake of victory, we must keep to the programme of violence and make-believe. The doctrine of squaring accounts is precisely as strong as the means of which it makes use. Therefore it is not so much by the means themselves as by the doctrine of severity that we shall triumph and bring all governments into subjection to our super-government. It is enough for them to know that we are too merciless for all disobedience to cease.

### **WE SHALL END LIBERTY**

25. Far back in ancient times we were the first to cry among the masses of the people the words "Liberty, Equality, Fraternity," words many times repeated since these days by stupid poll-parrots who, from all sides around, flew down upon these baits and with them carried away the

well-being of the world, true freedom of the individual, formerly so well guarded against the pressure of the mob. The would-be wise men of the GOYIM, the intellectuals, could not make anything out of the uttered words in their abstractedness; did not see that in nature there is no equality, cannot be freedom: that Nature herself has established inequality of minds, of characters, and capacities, just as immutably as she has established subordination to her laws: never stopped to think that the mob is a blind thing, that upstarts elected from among it to bear rule are, in regard to the political, the same blind men as the mob itself, that the adept, though he be a fool, can yet rule, whereas the non-adept, even if he were a genius, understands nothing in the political - to all those things the GOYIM paid no regard; yet all the time it was based upon these things that dynastic rule rested: the father passed on to the son a knowledge of the course of political affairs in such wise that none should know it but members of the dynasty and none could betray it to the governed. As time went on, the meaning of the dynastic transference of the true position of affairs in the political was lost, and this aided the success of our cause.

26. In all corners of the earth the words "Liberty, Equality, Fraternity," brought to our ranks, thanks to our blind agents, whole legions who bore our banners with enthusiasm. And all the time these words were canker-worms at work boring into the well-being of the GOYIM, putting an end everywhere to peace, quiet, solidarity and destroying all the foundations of the GOY States. As you will see later, this helped us to our triumph: it gave us the possibility, among other things, of getting into our hands the master card - the destruction of the privileges, or in other words of the very existence of the aristocracy of the GOYIM, that class which was the only defense peoples and countries had against us. On the ruins of the natural and genealogical aristocracy of the GOYIM we have set up the aristocracy of our educated class headed by the aristocracy of money. The qualifications for this aristocracy we have established in wealth, which is dependent upon us, and in knowledge, for which our learned elders provide the motive force.

27. Our triumph has been rendered easier by the fact that in our relations with the men, whom we wanted, we have always worked upon the most sensitive chords of the human mind, upon the cash account, upon the cupidity, upon the insatiability for material needs of man; and each one of these human weaknesses, taken alone, is sufficient to paralyze initiative, for it hands over the will of men to the disposition of him who has bought their activities.

28. The abstraction of freedom has enabled us to persuade the mob in all countries that their government is nothing but the steward of the people who are the owners of the country, and that the steward may be replaced like a worn-out glove.

29. It is this possibility of replacing the representatives of the people which has placed at our disposal, and, as it were, given us the power of appointment.

## **PROTOCOL No. 2**

1. It is indispensable for our purpose that wars, so far as possible, should not result in territorial gains: war will thus be brought on to the economic ground, where the nations will not fail to perceive in the assistance we give the strength of our predominance, and this state of things will put both sides at the mercy of our international AGENTUR; which possesses millions of eyes ever on the watch and unhampered by any limitations whatsoever. Our international rights will then wipe out national rights, in the proper sense of right, and will rule the nations precisely as the civil law of States rules the relations of their subjects among themselves.

2. The administrators, whom we shall choose from among the public, with strict regard to their capacities for servile obedience, will not be persons trained in the arts of government, and will therefore easily become pawns in our game in the hands of men of learning and genius who will be their advisers, specialists bred and reared from early childhood to rule the affairs of the whole world. As is well known to you, these specialists of ours have been drawing to fit them for rule

the information they need from our political plans from the lessons of history, from observations made of the events of every moment as it passes. The GOYIM are not guided by practical use of unprejudiced historical observation, but by theoretical routine without any critical regard for consequent results. We need not, therefore, take any account of them - let them amuse themselves until the hour strikes, or live on hopes of new forms of enterprising pastime, or on the memories of all they have enjoyed. For them let that play the principal part which we have persuaded them to accept as the dictates of science (theory). It is with this object in view that we are constantly, by means of our press, arousing a blind confidence in these theories. The intellectuals of the GOYIM will puff themselves up with their knowledges and without any logical verification of them will put into effect all the information available from science, which our AGENTUR specialists have cunningly pieced together for the purpose of educating their minds in the direction we want.

### **DESTRUCTIVE EDUCATION**

3. Do not suppose for a moment that these statements are empty words: think carefully of the successes we arranged for Darwinism (Evolution), Marxism (Communism), Nietzsche-ism (Socialism). To us Jews, at any rate, it should be plain to see what a disintegrating importance these directives have had upon the minds of the GOYIM.

4. It is indispensable for us to take account of the thoughts, characters, tendencies of the nations in order to avoid making slips in the political and in the direction of administrative affairs. The triumph of our system of which the component parts of the machinery may be variously disposed according to the temperament of the peoples met on our way, will fail of success if the practical application of it be not based upon a summing up of the lessons of the past in the light of the present.

5. In the hands of the States of to-day there is a great force that creates the movement of thought in the people, and that is the Press. The part played by the Press is to keep pointing our requirements supposed to be indispensable, to give voice to the complaints of the people, to express and to create discontent. It is in the Press that the triumph of freedom of speech finds its incarnation. But the GOYIM States have not known how to make use of this force; and it has fallen into our hands. Through the Press we have gained the power to influence while remaining ourselves in the shade; thanks to the Press we have got the GOLD in our hands, notwithstanding that we have had to gather it out of the oceans of blood and tears. But it has paid us, though we have sacrificed many of our people. Each victim on our side is worth in the sight of God a thousand GOYIM.

### **PROTOCOL No. 3**

1. To-day I may tell you that our goal is now only a few steps off. There remains a small space to cross and the whole long path we have trodden is ready now to close its cycle of the Symbolic Snake, by which we symbolize our people. When this ring closes, all the States of Europe will be locked in its coil as in a powerful vice.

2. The constitution scales of these days will shortly break down, for we have established them with a certain lack of accurate balance in order that they may oscillate incessantly until they wear through the pivot on which they turn. The GOYIM are under the impression that they have welded them sufficiently strong and they have all along kept on expecting that the scales would come into equilibrium. But the pivots - the kings on their thrones - are hemmed in by their representatives, who play the fool, distraught with their own uncontrolled and irresponsible power. This power they owe to the terror which has been breathed into the palaces. As they have no means of getting at their people, into their very midst, the kings on their thrones are no longer able to come to terms with them and so strengthen themselves against seekers after power. We have made a gulf between the far-seeing Sovereign Power and the blind force of the people so that

both have lost all meaning, for like the blind man and his stick, both are powerless apart.

3. In order to incite seekers after power to a misuse of power we have set all forces in opposition one to another, breaking up their liberal tendencies towards independence. To this end we have stirred up every form of enterprise, we have armed all parties, we have set up authority as a target for every ambition. Of States we have made gladiatorial arenas where a lot of confused issues contend ... A little more, and disorders and bankruptcy will be universal ...

4. Babblers, inexhaustible, have turned into oratorical contests the sittings of Parliament and Administrative Boards. Bold journalists and unscrupulous pamphleteers daily fall upon executive officials. Abuses of power will put the final touch in preparing all institutions for their overthrow and everything will fly skyward under the blows of the maddened mob.

### **POVERTY OUR WEAPON**

5. All people are chained down to heavy toil by poverty more firmly than ever. They were chained by slavery and serfdom; from these, one way and another, they might free themselves. These could be settled with, but from want they will never get away. We have included in the constitution such rights as to the masses appear fictitious and not actual rights. All these so-called "Peoples Rights" can exist only in idea, an idea which can never be realized in practical life. What is it to the proletariat laborer, bowed double over his heavy toil, crushed by his lot in life, if talkers get the right to babble, if journalists get the right to scribble any nonsense side by side with good stuff, once the proletariat has no other profit out of the constitution save only those pitiful crumbs which we fling them from our table in return for their voting in favor of what we dictate, in favor of the men we place in power, the servants of our AGENTUR ... Republican rights for a poor man are no more than a bitter piece of irony, for the necessity he is under of toiling almost all day gives him no present use of them, but the other hand robs him of all guarantee of regular and certain earnings by making him dependent on strikes by his comrades or lockouts by his masters.

### **WE SUPPORT COMMUNISM**

6. The people, under our guidance, have annihilated the aristocracy, who were their one and only defense and foster-mother for the sake of their own advantage which is inseparably bound up with the well-being of the people. Nowadays, with the destruction of the aristocracy, the people have fallen into the grips of merciless money-grinding scoundrels who have laid a pitiless and cruel yoke upon the necks of the workers.

7. We appear on the scene as alleged saviours of the worker from this oppression when we propose to him to enter the ranks of our fighting forces - Socialists, Anarchists, Communists - to whom we always give support in accordance with an alleged brotherly rule (of the solidarity of all humanity) of our SOCIAL MASONRY. The aristocracy, which enjoyed by law the labor of the workers, was interested in seeing that the workers were well fed, healthy, and strong. We are interested in just the opposite - in the diminution, the KILLING OUT OF THE GOYIM. Our power is in the chronic shortness of food and physical weakness of the worker because by all that this implies he is made the slave of our will, and he will not find in his own authorities either strength or energy to set against our will. Hunger creates the right of capital to rule the worker more surely than it was given to the aristocracy by the legal authority of kings.

8. By want and the envy and hatred which it engenders we shall move the mobs and with their hands we shall wipe out all those who hinder us on our way.

9. WHEN THE HOUR STRIKES FOR OUR SOVEREIGN LORD OF ALL THE WORLD TO BE CROWNED IT IS THESE SAME HANDS WHICH WILL SWEEP AWAY EVERYTHING THAT MIGHT BE A HINDRANCE

THERETO

10. The GOYIM have lost the habit of thinking unless prompted by the suggestions of our specialists. Therefore they do not see the urgent necessity of what we, when our kingdom comes, shall adopt at once, namely this, that IT IS ESSENTIAL TO TEACH IN NATIONAL SCHOOLS ONE SIMPLE, TRUE PIECE OF KNOWLEDGE, THE BASIS OF ALL KNOWLEDGE - THE KNOWLEDGE OF THE STRUCTURE OF HUMAN LIFE, OF SOCIAL EXISTENCE, WHICH REQUIRES DIVISION OF LABOR, AND, CONSEQUENTLY, THE DIVISION OF MEN INTO CLASSES AND CONDITIONS. It is essential for all to know that OWING TO DIFFERENCE IN THE OBJECTS OF HUMAN ACTIVITY THERE CANNOT BE ANY EQUALITY, that he, who by any act of his compromises a whole class, cannot be equally responsible before the law with him who affects no one but only his own honor. The true knowledge of the structure of society, into the secrets of which we do not admit the GOYIM, would demonstrate to all men that the positions and work must be kept within a certain circle, that they may not become a source of human suffering, arising from an education which does not correspond with the work which individuals are called upon to do. After a thorough study of this knowledge, the peoples will voluntarily submit to authority and accept such position as is appointed them in the State. In the present state of knowledge and the direction we have given to its development of the people, blindly believing things in print - cherishes - thanks to promptings intended to mislead and to its own ignorance - a blind hatred towards all conditions which it considers above itself, for it has no understanding of the meaning of class and condition.

### **JEWS WILL BE SAFE**

11. THIS HATRED WILL BE STILL FURTHER MAGNIFIED BY THE EFFECTS of an ECONOMIC CRISES, which will stop dealing on the exchanges and bring industry to a standstill. We shall create by all the secret subterranean methods open to us and with the aid of gold, which is all in our hands, A UNIVERSAL ECONOMIC CRISES WHEREBY WE SHALL THROW UPON THE STREETS WHOLE MOBS OF WORKERS SIMULTANEOUSLY IN ALL THE COUNTRIES OF EUROPE. These mobs will rush delightedly to shed the blood of those whom, in the simplicity of their ignorance, they have envied from their cradles, and whose property they will then be able to loot.

12. "OURS" THEY WILL NOT TOUCH, BECAUSE THE MOMENT OF ATTACK WILL BE KNOWN TO US AND WE SHALL TAKE MEASURES TO PROTECT OUR OWN.

13. We have demonstrated that progress will bring all the GOYIM to the sovereignty of reason. Our despotism will be precisely that; for it will know how, by wise severities, to pacificate all unrest, to cauterize liberalism out of all institutions.

14. When the populace has seen that all sorts of concessions and indulgences are yielded it, in the same name of freedom it has imagined itself to be sovereign lord and has stormed its way to power, but, naturally like every other blind man, it has come upon a host of stumbling blocks. IT HAS RUSHED TO FIND A GUIDE, IT HAS NEVER HAD THE SENSE TO RETURN TO THE FORMER STATE and it has laid down its plenipotentiary powers at OUR feet. Remember the French Revolution, to which it was we who gave the name of "Great": the secrets of its preparations are well known to us for it was wholly the work of our hands.

15. Ever since that time we have been leading the peoples from one disenchantment to another, so that in the end they should turn also from us in favor of that KING-DESPOT OF THE BLOOD OF ZION, WHOM WE ARE PREPARING FOR THE WORLD.

16. At the present day we are, as an international force, invincible, because if attacked by some we are supported by other States. It is the bottomless rascality of the GOYIM peoples, who crawl on their bellies to force, but are merciless towards weakness, unsparing to faults and indulgent to crimes, unwilling to bear the contradictions of a free social system but patient unto martyrdom

under the violence of a bold despotism - it is those qualities which are aiding us to independence. From the premier-dictators of the present day, the GOYIM peoples suffer patiently and bear such abuses as for the least of them they would have beheaded twenty kings.

17. What is the explanation of this phenomenon, this curious inconsequence of the masses of the peoples in their attitude towards what would appear to be events of the same order?

18. It is explained by the fact that these dictators whisper to the peoples through their agents that through these abuses they are inflicting injury on the States with the highest purpose - to secure the welfare of the peoples, the international brotherhood of them all, their solidarity and equality of rights. Naturally they do not tell the peoples that this unification must be accomplished only under our sovereign rule.

19. And thus the people condemn the upright and acquit the guilty, persuaded ever more and more that it can do whatsoever it wishes. Thanks to this state of things, the people are destroying every kind of stability and creating disorders at every step.

20. The word "freedom" brings out the communities of men to fight against every kind of force, against every kind of authority even against God and the laws of nature. For this reason we, when we come into our kingdom, shall have to erase this word from the lexicon of life as implying a principle of brute force which turns mobs into bloodthirsty beasts.

21. These beasts, it is true, fall asleep again every time when they have drunk their fill of blood, and at such time can easily be riveted into their chains. But if they be not given blood they will not sleep and continue to struggle.

## **PROTOCOL No. 4**

1. Every republic passes through several stages. The first of these is comprised in the early days of mad raging by the blind mob, tossed hither and thither, right and left: the second is demagoguery from which is born anarchy, and that leads inevitably to despotism - not any longer legal and overt, and therefore responsible despotism, but to unseen and secretly hidden, yet nevertheless sensibly felt despotism in the hands of some secret organization or other, whose acts are the more unscrupulous inasmuch as it works behind a screen, behind the backs of all sorts of agents, the changing of whom not only does not injuriously affect but actually aids the secret force by saving it, thanks to continual changes, from the necessity of expanding its resources on the rewarding of long services.

2. Who and what is in a position to overthrow an invisible force? And this is precisely what our force is. GENTILE masonry blindly serves as a screen for us and our objects, but the plan of action of our force, even its very abiding-place, remains for the whole people an unknown mystery.

## **WE SHALL DESTROY GOD**

3. But even freedom might be harmless and have its place in the State economy without injury to the well-being of the peoples if it rested upon the foundation of faith in God, upon the brotherhood of humanity, unconnected with the conception of equality, which is negated by the very laws of creation, for they have established subordination. With such a faith as this a people might be governed by a wardship of parishes, and would walk contentedly and humbly under the guiding hand of its spiritual pastor submitting to the dispositions of God upon earth. This is the reason why IT IS INDISPENSABLE FOR US TO UNDERMINE ALL FAITH, TO TEAR OUT OF THE MIND OF THE "GOYIM" THE VERY PRINCIPLE OF GOD-HEAD AND THE SPIRIT, AND TO PUT IN ITS PLACE ARITHMETICAL CALCULATIONS AND MATERIAL NEEDS.

4. In order to give the GOYIM no time to think and take note, their minds must be diverted towards industry and trade. Thus, all the nations will be swallowed up in the pursuit of gain and in the race for it will not take note of their common foe. But again, in order that freedom may once for all disintegrate and ruin the communities of the GOYIM, we must put industry on a speculative basis: the result of this will be that what is withdrawn from the land by industry will slip through the hands and pass into speculation, that is, to our classes.

5. The intensified struggle for superiority and shocks delivered to economic life will create, nay, have already created, disenchanted, cold and heartless communities. Such communities will foster a strong aversion towards the higher political and towards religion. Their only guide is gain, that is Gold, which they will erect into a veritable cult, for the sake of those material delights which it can give. Then will the hour strike when, not for the sake of attaining the good, not even to win wealth, but solely out of hatred towards the privileged, the lower classes of the GOYIM will follow our lead against our rivals for power, the intellectuals of the GOYIM.

### **PROTOCOL No. 5**

1. What form of administrative rule can be given to communities in which corruption has penetrated everywhere, communities where riches are attained only by the clever surprise tactics of semi-swindling tricks; where looseness reigns: where morality is maintained by penal measures and harsh laws but not by voluntarily accepted principles: where the feelings towards faith and country are obligated by cosmopolitan convictions? What form of rule is to be given to these communities if not that despotism which I shall describe to you later? We shall create an intensified centralization of government in order to grip in our hands all the forces of the community. We shall regulate mechanically all the actions of the political life of our subjects by new laws. These laws will withdraw one by one all the indulgences and liberties which have been permitted by the GOYIM, and our kingdom will be distinguished by a despotism of such magnificent proportions as to be at any moment and in every place in a position to wipe out any GOYIM who oppose us by deed or word.

2. We shall be told that such a despotism as I speak of is not consistent with the progress of these days, but I will prove to you that it is.

3. In the times when the peoples looked upon kings on their thrones as on a pure manifestation of the will of God, they submitted without a murmur to the despotic power of kings: but from the day when we insinuated into their minds the conception of their own rights they began to regard the occupants of thrones as mere ordinary mortals. The holy unction of the Lord's Anointed has fallen from the heads of kings in the eyes of the people, and when we also robbed them of their faith in God the might of power was flung upon the streets into the place of public proprietorship and was seized by us.

### **MASSES LED BY LIES**

4. Moreover, the art of directing masses and individuals by means of cleverly manipulated theory and verbiage, by regulations of life in common and all sorts of other quirks, in all which the GOYIM understand nothing, belongs likewise to the specialists of our administrative brain. Reared on analysis, observation, on delicacies of fine calculation, in this species of skill we have no rivals, any more than we have either in the drawing up of plans of political actions and solidarity. In this respect the Jesuits alone might have compared with us, but we have contrived to discredit them in the eyes of the unthinking mob as an overt organization, while we ourselves all the while have kept our secret organization in the shade. However, it is probably all the same to the world who is its sovereign lord, whether the head of Catholicism or our despot of the blood of Zion! But to us, the Chosen People, it is very far from being a matter of indifference.

5. FOR A TIME PERHAPS WE MIGHT BE SUCCESSFULLY DEALT WITH BY A COALITION OF THE "GOYIM" OF ALL THE WORLD: but from this danger we are secured by the discord existing among them whose roots are so deeply seated that they can never now be plucked up. We have set one against another the personal and national reckonings of the GOYIM, religious and race hatreds, which we have fostered into a huge growth in the course of the past twenty centuries. This is the reason why there is not one State which would anywhere receive support if it were to raise its arm, for every one of them must bear in mind that any agreement against us would be unprofitable to itself. We are too strong - there is no evading our power. THE NATIONS CANNOT COME TO EVEN AN INCONSIDERABLE PRIVATE AGREEMENT WITHOUT OUR SECRETLY HAVING A HAND IN IT.

6. PER ME REGES REGNANT. "It is through me that Kings reign." And it was said by the prophets that we were chosen by God Himself to rule over the whole earth. God has endowed us with genius that we may be equal to our task. Were genius in the opposite camp it would still struggle against us, but even so, a newcomer is no match for the old-established settler: the struggle would be merciless between us, such a fight as the world has never seen. Aye, and the genius on their side would have arrived too late. All the wheels of the machinery of all States go by the force of the engine, which is in our hands, and that engine of the machinery of States is - Gold. The science of political economy invented by our learned elders has for long past been giving royal prestige to capital.

### MONOPOLY CAPITAL

7. Capital, if it is to co-operate untrammelled, must be free to establish a monopoly of industry and trade: this is already being put in execution by an unseen hand in all quarters of the world. This freedom will give political force to those engaged in industry, and that will help to oppress the people. Nowadays it is more important to disarm the peoples than to lead them into war: more important to use for our advantage the passions which have burst into flames than to quench their fire: more important to eradicate them. THE PRINCIPLE OBJECT OF OUR DIRECTORATE CONSISTS IN THIS: TO DEBILITATE THE PUBLIC MIND BY CRITICISM; TO LEAD IT AWAY FROM SERIOUS REFLECTIONS CALCULATED TO AROUSE RESISTANCE; TO DISTRACT THE FORCES OF THE MIND TOWARDS A SHAM FIGHT OF EMPTY ELOQUENCE.

8. In all ages the people of the world, equally with individuals, have accepted words for deeds, for THEY ARE CONTENT WITH A SHOW and rarely pause to note, in the public arena, whether promises are followed by performance. Therefore we shall establish show institutions which will give eloquent proof of their benefit to progress.

9. We shall assume to ourselves the liberal physiognomy of all parties, of all directions, and we shall give that physiognomy a VOICE IN ORATORS WHO WILL SPEAK SO MUCH THAT THEY WILL EXHAUST THE PATIENCE OF THEIR HEARERS AND PRODUCE AN ABHORRENCE OF ORATORY.

10. IN ORDER TO PUT PUBLIC OPINION INTO OUR HANDS WE MUST BRING IT INTO A STATE OF BEWILDERMENT BY GIVING EXPRESSION FROM ALL SIDES TO SO MANY CONTRADICTORY OPINIONS AND FOR SUCH LENGTH OF TIME AS WILL SUFFICE TO MAKE THE "GOYIM" LOSE THEIR HEADS IN THE LABYRINTH AND COME TO SEE THAT THE BEST THING IS TO HAVE NO OPINION OF ANY KIND IN MATTERS POLITICAL, which it is not given to the public to understand, because they are understood only by him who guides the public. This is the first secret.

11. The second secret requisite for the success of our government is comprised in the following: To multiply to such an extent national failings, habits, passions, conditions of civil life, that it will be impossible for anyone to know where he is in the resulting chaos, so that the people in consequence will fail to understand one another. This measure will also serve us in another way, namely, to sow discord in all parties, to dislocate all collective forces which are still unwilling to submit to us, and to discourage any kind of personal initiative which might in any degree hinder

our affair. THERE IS NOTHING MORE DANGEROUS THAN PERSONAL INITIATIVE: if it has genius behind it, such initiative can do more than can be done by millions of people among whom we have sown discord. We must so direct the education of the GOYIM communities that whenever they come upon a matter requiring initiative they may drop their hands in despairing impotence. The strain which results from freedom of actions saps the forces when it meets with the freedom of another. From this collision arise grave moral shocks, disenchantments, failures. BY ALL THESE MEANS WE SHALL SO WEAR DOWN THE "GOYIM" THAT THEY WILL BE COMPELLED TO OFFER US INTERNATIONAL POWER OF A NATURE THAT BY ITS POSITION WILL ENABLE US WITHOUT ANY VIOLENCE GRADUALLY TO ABSORB ALL THE STATE FORCES OF THE WORLD AND TO FORM A SUPER-GOVERNMENT. In place of the rulers of to-day we shall set up a bogey which will be called the Super-Government Administration. Its hands will reach out in all directions like nippers and its organization will be of such colossal dimensions that it cannot fail to subdue all the nations of the world.

### **PROTOCOL No. 6**

1. We shall soon begin to establish huge monopolies, reservoirs of colossal riches, upon which even large fortunes of the GOYIM will depend to such an extent that they will go to the bottom together with the credit of the States on the day after the political smash ...
2. You gentlemen here present who are economists, just strike an estimate of the significance of this combination! ...
3. In every possible way we must develop the significance of our Super-Government by representing it as the Protector and Benefactor of all those who voluntarily submit to us.
4. The aristocracy of the GOYIM as a political force, is dead - We need not take it into account; but as landed proprietors they can still be harmful to us from the fact that they are self-sufficing in the resources upon which they live. It is essential therefore for us at whatever cost to deprive them of their land. This object will be best attained by increasing the burdens upon landed property - in loading lands with debts. These measures will check land-holding and keep it in a state of humble and unconditional submission.
5. The aristocrats of the GOYIM, being hereditarily incapable of contenting themselves with little, will rapidly burn up and fizzle out.

### **WE SHALL ENSLAVE GENTILES**

6. At the same time we must intensively patronize trade and industry, but, first and foremost, speculation, the part played by which is to provide a counterpoise to industry: the absence of speculative industry will multiply capital in private hands and will serve to restore agriculture by freeing the land from indebtedness to the land banks. What we want is that industry should drain off from the land both labor and capital and by means of speculation transfer into our hands all the money of the world, and thereby throw all the GOYIM into the ranks of the proletariat. Then the GOYIM will bow down before us, if for no other reason but to get the right to exist.
7. To complete the ruin of the industry of the GOYIM we shall bring to the assistance of speculation the luxury which we have developed among the GOYIM, that greedy demand for luxury which is swallowing up everything. WE SHALL RAISE THE RATE OF WAGES WHICH, HOWEVER, WILL NOT BRING ANY ADVANTAGE TO THE WORKERS, FOR, AT THE SAME TIME, WE SHALL PRODUCE A RISE IN PRICES OF THE FIRST NECESSARIES OF LIFE, ALLEGING THAT IT ARISES FROM THE DECLINE OF AGRICULTURE AND CATTLE-BREEDING; WE SHALL FURTHER UNDERMINE ARTFULLY AND DEEPLY SOURCES OF PRODUCTION, BY ACCUSTOMING THE WORKERS TO ANARCHY AND TO DRUNKENNESS AND SIDE BY SIDE THEREWITH TAKING ALL MEASURE TO

EXTIRPATE FROM THE FACE OF THE EARTH ALL THE EDUCATED FORCES OF THE "GOYIM."

8. IN ORDER THAT THE TRUE MEANING OF THINGS MAY NOT STRIKE THE "GOYIM" BEFORE THE PROPER TIME WE SHALL MASK IT UNDER AN ALLEGED ARDENT DESIRE TO SERVE THE WORKING CLASSES AND THE GREAT PRINCIPLES OF POLITICAL ECONOMY ABOUT WHICH OUR ECONOMIC THEORIES ARE CARRYING ON AN ENERGETIC PROPAGANDA.

### **PROTOCOL No. 7**

1. The intensification of armaments, the increase of police forces - are all essential for the completion of the aforementioned plans. What we have to get at is that there should be in all the States of the world, besides ourselves, only the masses of the proletariat, a few millionaires devoted to our interests, police and soldiers.

2. Throughout all Europe, and by means of relations with Europe, in other continents also, we must create ferments, discords and hostility. Therein we gain a double advantage. In the first place we keep in check all countries, for they will know that we have the power whenever we like to create disorders or to restore order. All these countries are accustomed to see in us an indispensable force of coercion. In the second place, by our intrigues we shall tangle up all the threads which we have stretched into the cabinets of all States by means of the political, by economic treaties, or loan obligations. In order to succeed in this we must use great cunning and penetration during negotiations and agreements, but, as regards what is called the "official language," we shall keep to the opposite tactics and assume the mask of honesty and complacency. In this way the peoples and governments of the GOYIM, whom we have taught to look only at the outside whatever we present to their notice, will still continue to accept us as the benefactors and saviours of the human race.

### **UNIVERSAL WAR**

3. We must be in a position to respond to every act of opposition by war with the neighbors of that country which dares to oppose us: but if these neighbors should also venture to stand collectively together against us, then we must offer resistance by a universal war.

4. The principal factor of success in the political is the secrecy of its undertakings: the word should not agree with the deeds of the diplomat.

5. We must compel the governments of the GOYIM to take action in the direction favored by our widely conceived plan, already approaching the desired consummation, by what we shall represent as public opinion, secretly promoted by us through the means of that so-called "Great Power" - THE PRESS, WHICH, WITH A FEW EXCEPTIONS THAT MAY BE DISREGARDED, IS ALREADY ENTIRELY IN OUR HANDS.

6. In a word, to sum up our system of keeping the governments of the goyim in Europe in check, we shall show our strength to one of them by terrorist attempts and to all, if we allow the possibility of a general rising against us, we shall respond with the guns of America or China or Japan.

### **PROTOCOL No. 8**

1. We must arm ourselves with all the weapons which our opponents might employ against us. We must search out in the very finest shades of expression and the knotty points of the lexicon of law justification for those cases where we shall have to pronounce judgments that might appear abnormally audacious and unjust, for it is important that these resolutions should be set forth in expressions that shall seem to be the most exalted moral principles cast into legal form. Our

directorate must surround itself with all these forces of civilization among which it will have to work. It will surround itself with publicists, practical jurists, administrators, diplomats and, finally, with persons prepared by a special super-educational training IN OUR SPECIAL SCHOOLS. These persons will have consonance of all the secrets of the social structure, they will know all the languages that can be made up by political alphabets and words; they will be made acquainted with the whole underside of human nature, with all its sensitive chords on which they will have to play. These chords are the cast of mind of the GOYIM, their tendencies, short-comings, vices and qualities, the particularities of classes and conditions. Needless to say that the talented assistants of authority, of whom I speak, will be taken not from among the GOYIM, who are accustomed to perform their administrative work without giving themselves the trouble to think what its aim is, and never consider what it is needed for. The administrators of the GOYIM sign papers without reading them, and they serve either for mercenary reasons or from ambition.

2. We shall surround our government with a whole world of economists. That is the reason why economic sciences form the principal subject of the teaching given to the Jews. Around us again will be a whole constellation of bankers, industrialists, capitalists and - THE MAIN THING - MILLIONAIRES, BECAUSE IN SUBSTANCE EVERYTHING WILL BE SETTLED BY THE QUESTION OF FIGURES.

3. For a time, until there will no longer be any risk in entrusting responsible posts in our State to our brother-Jews, we shall put them in the hands of persons whose past and reputation are such that between them and the people lies an abyss, persons who, in case of disobedience to our instructions, must face criminal charges or disappear - this in order to make them defend our interests to their last gasp.

## **PROTOCOL No. 9**

1. In applying our principles let attention be paid to the character of the people in whose country you live and act; a general, identical application of them, until such time as the people shall have been re-educated to our pattern, cannot have success. But by approaching their application cautiously you will see that not a decade will pass before the most stubborn character will change and we shall add a new people to the ranks of those already subdued by us.

2. The words of the liberal, which are in effect the words of our masonic watchword, namely, "Liberty, Equality, Fraternity," will, when we come into our kingdom, be changed by us into words no longer of a watchword, but only an expression of idealism, namely, into "The right of liberty, the duty of equality, the ideal of brotherhood." That is how we shall put it, - and so we shall catch the bull by the horns ... DE FACTO we have already wiped out every kind of rule except our own, although DE JURE there still remain a good many of them. Nowadays, if any States raise a protest against us it is only PRO FORMA at our discretion and by our direction, for THEIR ANTI-SEMITISM IS INDISPENSABLE TO US FOR THE MANAGEMENT OF OUR LESSER BRETHREN. I will not enter into further explanations, for this matter has formed the subject of repeated discussions amongst us.

## **JEWISH SUPER-STATE**

3. For us there are not checks to limit the range of our activity. Our Super-Government subsists in extra-legal conditions which are described in the accepted terminology by the energetic and forcible word - Dictatorship. I am in a position to tell you with a clear conscience that at the proper time we, the law-givers, shall execute judgment and sentence, we shall slay and we shall spare, we, as head of all our troops, are mounted on the steed of the leader. We rule by force of will, because in our hands are the fragments of a once powerful party, now vanquished by us. AND THE WEAPONS IN OUR HANDS ARE LIMITLESS AMBITIONS, BURNING GREEDINESS, MERCILESS VENGEANCE, HATREDS AND MALICE.

4. IT IS FROM US THAT THE ALL-ENGULFING TERROR PROCEEDS. WE HAVE IN OUR SERVICE PERSONS OF ALL OPINIONS, OF ALL DOCTRINES, RESTORING MONARCHISTS, DEMAGOGUES, SOCIALISTS, COMMUNISTS, AND UTOPIAN DREAMERS OF EVERY KIND. We have harnessed them all to the task: EACH ONE OF THEM ON HIS OWN ACCOUNT IS BORING AWAY AT THE LAST REMNANTS OF AUTHORITY, IS STRIVING TO OVERTHROW ALL ESTABLISHED FORM OF ORDER. By these acts all States are in torture; they exhort to tranquility, are ready to sacrifice everything for peace: BUT WE WILL NOT GIVE THEM PEACE UNTIL THEY OPENLY ACKNOWLEDGE OUR INTERNATIONAL SUPER-GOVERNMENT, AND WITH SUBMISSIVENESS.

5. The people have raised a howl about the necessity of settling the question of Socialism by way of an international agreement. DIVISION INTO FRACTIONAL PARTIES HAS GIVEN THEM INTO OUR HANDS, FOR, IN ORDER TO CARRY ON A CONTESTED STRUGGLE ONE MUST HAVE MONEY, AND THE MONEY IS ALL IN OUR HANDS.

6. We might have reason to apprehend a union between the "clear-sighted" force of the GOY kings on their thrones and the "blind" force of the GOY mobs, but we have taken all the needful measure against any such possibility: between the one and the other force we have erected a bulwark in the shape of a mutual terror between them. In this way the blind force of the people remains our support and we, and we only, shall provide them with a leader and, of course, direct them along the road that leads to our goal.

7. In order that the hand of the blind mob may not free itself from our guiding hand, we must every now and then enter into close communion with it, if not actually in person, at any rate through some of the most trusty of our brethren. When we are acknowledged as the only authority we shall discuss with the people personally on the market, places, and we shall instruct them on questings of the political in such wise as may turn them in the direction that suits us.

8. Who is going to verify what is taught in the village schools? But what an envoy of the government or a king on his throne himself may say cannot but become immediately known to the whole State, for it will be spread abroad by the voice of the people.

9. In order to annihilate the institutions of the GOYIM before it is time we have touched them with craft and delicacy, and have taken hold of the ends of the springs which move their mechanism. These springs lay in a strict but just sense of order; we have replaced them by the chaotic license of liberalism. We have got our hands into the administration of the law, into the conduct of elections, into the press, into liberty of the person, BUT PRINCIPALLY INTO EDUCATION AND TRAINING AS BEING THE CORNERSTONES OF A FREE EXISTENCE.

### **CHRISTIAN YOUTH DESTROYED**

10. WE HAVE FOOLED, BEMUSED AND CORRUPTED THE YOUTH OF THE "GOYIM" BY REARING THEM IN PRINCIPLES AND THEORIES WHICH ARE KNOWN TO US TO BE FALSE ALTHOUGH IT IS THAT THEY HAVE BEEN INCULCATED.

11. Above the existing laws without substantially altering them, and by merely twisting them into contradictions of interpretations, we have erected something grandiose in the way of results. These results found expression in the fact that the INTERPRETATIONS MASKED THE LAW: afterwards they entirely hid them from the eyes of the governments owing to the impossibility of making anything out of the tangled web of legislation.

12. This is the origin of the theory of course of arbitration.

13. You may say that the GOYIM will rise upon us, arms in hand, if they guess what is going on

before the time comes; but in the West we have against this a manoeuvre of such appalling terror that the very stoutest hearts quail - the undergrounds, metropolitans, those subterranean corridors which, before the time comes, will be driven under all the capitals and from whence those capitals will be blown into the air with all their organizations and archives.

## **PROTOCOL No. 10**

1. To-day I begin with a repetition of what I said before, and I BEG YOU TO BEAR IN MIND THAT GOVERNMENTS AND PEOPLE ARE CONTENT IN THE POLITICAL WITH OUTSIDE APPEARANCES. And how, indeed, are the GOYIM to perceive the underlying meaning of things when their representatives give the best of their energies to enjoying themselves? For our policy it is of the greatest importance to take cognizance of this detail; it will be of assistance to us when we come to consider the division of authority of property, of the dwelling, of taxation (the idea of concealed taxes), of the reflex force of the laws. All these questions are such as ought not to be touched upon directly and openly before the people. In cases where it is indispensable to touch upon them they must not be categorically named, it must merely be declared without detailed exposition that the principles of contemporary law are acknowledged by us. The reason of keeping silence in this respect is that by not naming a principle we leave ourselves freedom of action, to drop this or that out of it without attracting notice; if they were all categorically named they would all appear to have been already given.

2. The mob cherishes a special affection and respect for the geniuses of political power and accepts all their deeds of violence with the admiring response: "rascally, well, yes, it is rascally, but it's clever! ... a trick, if you like, but how craftily played, how magnificently done, what impudent audacity!" ...

## **OUR GOAL - WORLD POWER**

3. We count upon attracting all nations to the task of erecting the new fundamental structure, the project for which has been drawn up by us. This is why, before everything, it is indispensable for us to arm ourselves and to store up in ourselves that absolutely reckless audacity and irresistible might of the spirit which in the person of our active workers will break down all hindrances on our way.

4. WHEN WE HAVE ACCOMPLISHED OUR COUP D'ETAT WE SHALL SAY THEN TO THE VARIOUS PEOPLES: "EVERYTHING HAS GONE TERRIBLY BADLY, ALL HAVE BEEN WORN OUT WITH SUFFERING. WE ARE DESTROYING THE CAUSES OF YOUR TORMENT - NATIONALITIES, FRONTIERS, DIFFERENCES OF COINAGES. YOU ARE AT LIBERTY, OF COURSE, TO PRONOUNCE SENTENCE UPON US, BUT CAN IT POSSIBLY BE A JUST ONE IF IT IS CONFIRMED BY YOU BEFORE YOU MAKE ANY TRIAL OF WHAT WE ARE OFFERING YOU." ... THEN WILL THE MOB EXALT US AND BEAR US UP IN THEIR HANDS IN A UNANIMOUS TRIUMPH OF HOPES AND EXPECTATIONS. VOTING, WHICH WE HAVE MADE THE INSTRUMENT WHICH WILL SET US ON THE THRONE OF THE WORLD BY TEACHING EVEN THE VERY SMALLEST UNITS OF MEMBERS OF THE HUMAN RACE TO VOTE BY MEANS OF MEETINGS AND AGREEMENTS BY GROUPS, WILL THEN HAVE SERVED ITS PURPOSES AND WILL PLAY ITS PART THEN FOR THE LAST TIME BY A UNANIMITY OF DESIRE TO MAKE CLOSE ACQUAINTANCE WITH US BEFORE CONDEMNING US.

5. TO SECURE THIS WE MUST HAVE EVERYBODY VOTE WITHOUT DISTINCTION OF CLASSES AND QUALIFICATIONS, in order to establish an absolute majority, which cannot be got from the educated propertied classes. In this way, by inculcating in all a sense of self-importance, we shall destroy among the GOYIM the importance of the family and its educational value and remove the possibility of individual minds splitting off, for the mob, handled by us, will not let them come to the front nor even give them a hearing; it is accustomed to listen to us only who pay it for obedience and attention. In this way we shall create a blind, mighty force which will never be in a

position to move in any direction without the guidance of our agents set at its head by us as leaders of the mob. The people will submit to this regime because it will know that upon these leaders will depend its earnings, gratifications and the receipt of all kinds of benefits.

6. A scheme of government should come ready made from one brain, because it will never be clinched firmly if it is allowed to be split into fractional parts in the minds of many. It is allowable, therefore, for us to have cognizance of the scheme of action but not to discuss it lest we disturb its artfulness, the interdependence of its component parts, the practical force of the secret meaning of each clause. To discuss and make alterations in a labor of this kind by means of numerous votings is to impress upon it the stamp of all ratiocinations and misunderstandings which have failed to penetrate the depth and nexus of its plottings. We want our schemes to be forcible and suitably concocted. Therefore WE OUGHT NOT TO FLING THE WORK OF GENIUS OF OUR GUIDE to the fangs of the mob or even of a select company.

7. These schemes will not turn existing institutions upside down just yet. They will only effect changes in their economy and consequently in the whole combined movement of their progress, which will thus be directed along the paths laid down in our schemes.

### **POISON OF LIBERALISM**

8. Under various names there exists in all countries approximately one and the same thing. Representation, Ministry, Senate, State Council, Legislative and Executive Corps. I need not explain to you the mechanism of the relation of these institutions to one another, because you are aware of all that; only take note of the fact that each of the above-named institutions corresponds to some important function of the State, and I would beg you to remark that the word "important" I apply not to the institution but to the function, consequently it is not the institutions which are important but their functions. These institutions have divided up among themselves all the functions of government - administrative, legislative, executive, wherefore they have come to operate as do the organs in the human body. If we injure one part in the machinery of State, the State falls sick, like a human body, and ... will die.

9. When we introduced into the State organism the poison of Liberalism its whole political complexion underwent a change. States have been seized with a mortal illness - blood poisoning. All that remains is to await the end of their death agony.

10. Liberalism produced Constitutional States, which took the place of what was the only safeguard of the GOYIM, namely, Despotism; and A CONSTITUTION, AS YOU WELL KNOW, IS NOTHING ELSE BUT A SCHOOL OF DISCORDS, misunderstandings, quarrels, disagreements, fruitless party agitations, party whims - in a word, a school of everything that serves to destroy the personality of State activity. THE TRIBUNE OF THE "TALKERIES" HAS, NO LESS EFFECTIVELY THAN THE PRESS, CONDEMNED THE RULERS TO INACTIVITY AND IMPOTENCE, and thereby rendered them useless and superfluous, for which reason indeed they have been in many countries deposed. THEN IT WAS THAT THE ERA OF REPUBLICS BECAME POSSIBLE OF REALIZATION; AND THEN IT WAS THAT WE REPLACED THE RULER BY A CARICATURE OF A GOVERNMENT - BY A PRESIDENT, TAKEN FROM THE MOB, FROM THE MIDST OF OUR PUPPET CREATURES, OR SLAVES. This was the foundation of the mine which we have laid under the GOY people, I should rather say, under the GOY peoples.

### **WE NAME PRESIDENTS**

11. In the near future we shall establish the responsibility of presidents.

12. By that time we shall be in a position to disregard forms in carrying through matters for which our impersonal puppet will be responsible. What do we care if the ranks of those striving

for power should be thinned, if there should arise a deadlock from the impossibility of finding presidents, a deadlock which will finally disorganize the country? ...

13. In order that our scheme may produce this result we shall arrange elections in favor of such presidents as have in their past some dark, undiscovered stain, some "Panama" or other - then they will be trustworthy agents for the accomplishment of our plans out of fear of revelations and from the natural desire of everyone who has attained power, namely, the retention of the privileges, advantages and honor connected with the office of president. The chamber of deputies will provide cover for, will protect, will elect presidents, but we shall take from it the right to propose new, or make changes in existing laws, for this right will be given by us to the responsible president, a puppet in our hands. Naturally, the authority of the presidents will then become a target for every possible form of attack, but we shall provide him with a means of self-defense in the right of an appeal to the people, for the decision of the people over the heads of their representatives, that is to say, an appeal to that same blind slave of ours - the majority of the mob. Independently of this we shall invest the president with the right of declaring a state of war. We shall justify this last right on the ground that the president as chief of the whole army of the country must have it at his disposal, in case of need for the defense of the new republican constitution, the right to defend which will belong to him as the responsible representative of this constitution.

14. It is easy to understand that in these conditions the key of the shrine will lie in our hands, and no one outside ourselves will any longer direct the force of legislation.

15. Besides this we shall, with the introduction of the new republican constitution, take from the Chamber the right of interpolation on government measures, on the pretext of preserving political secrecy, and, further, we shall by the new constitution reduce the number of representatives to a minimum, thereby proportionately reducing political passions and the passion for politics. If, however, they should, which is hardly to be expected, burst into flame, even in this minimum, we shall nullify them by a stirring appeal and a reference to the majority of the whole people ... Upon the president will depend the appointment of presidents and vice-presidents of the Chamber and the Senate. Instead of constant sessions of Parliaments we shall reduce their sittings to a few months. Moreover, the president, as chief of the executive power, will have the right to summon and dissolve Parliament, and, in the latter case, to prolong the time for the appointment of a new parliamentary assembly. But in order that the consequences of all these acts which in substance are illegal, should not, prematurely for our plans, fall upon the responsibility established by us of the president, WE SHALL INSTIGATE MINISTERS AND OTHER OFFICIALS OF THE HIGHER ADMINISTRATION ABOUT THE PRESIDENT TO EVADE HIS DISPOSITIONS BY TAKING MEASURES OF THEIR OWN, for doing which they will be made the scapegoats in his place ... This part we especially recommend to be given to be played by the Senate, the Council of State, or the Council of Ministers, but not to an individual official.

16. The president will, at our discretion, interpret the sense of such of the existing laws as admit of various interpretation; he will further annul them when we indicate to him the necessity to do so, besides this, he will have the right to propose temporary laws, and even new departures in the government constitutional working, the pretext both for the one and the other being the requirements for the supreme welfare of the State.

### **WE SHALL DESTROY**

17. By such measure we shall obtain the power of destroying little by little, step by step, all that at the outset when we enter on our rights, we are compelled to introduce into the constitutions of States to prepare for the transition to an imperceptible abolition of every kind of constitution, and then the time is come to turn every form of government into OUR DESPOTISM.

18. The recognition of our despot may also come before the destruction of the constitution; the moment for this recognition will come when the peoples, utterly wearied by the irregularities and incompetence - a matter which we shall arrange for - of their rulers, will clamor: "Away with them and give us one king over all the earth who will unite us and annihilate the causes of disorders - frontiers, nationalities, religions, State debts - who will give us peace and quiet which we cannot find under our rulers and representatives."

19. But you yourselves perfectly well know that TO PRODUCE THE POSSIBILITY OF THE EXPRESSION OF SUCH WISHES BY ALL THE NATIONS IT IS INDISPENSABLE TO TROUBLE IN ALL COUNTRIES THE PEOPLE'S RELATIONS WITH THEIR GOVERNMENTS SO AS TO UTTERLY EXHAUST HUMANITY WITH DISSENSION, HATRED, STRUGGLE, ENVY AND EVEN BY THE USE OF TORTURE, BY STARVATION, BY THE INOCULATION OF DISEASES, BY WANT, SO THAT THE "GOYIM" SEE NO OTHER ISSUE THAN TO TAKE REFUGE IN OUR COMPLETE SOVEREIGNTY IN MONEY AND IN ALL ELSE.

20. But if we give the nations of the world a breathing space the moment we long for is hardly likely ever to arrive.

## **PROTOCOL No. 11**

1. The State Council has been, as it were, the emphatic expression of the authority of the ruler: it will be, as the "show" part of the Legislative Corps, what may be called the editorial committee of the laws and decrees of the ruler.

2. This, then, is the program of the new constitution. We shall make Law, Right and Justice (1) in the guise of proposals to the Legislative Corps, (2) by decrees of the president under the guise of general regulations, of orders of the Senate and of resolutions of the State Council in the guise of ministerial orders, (3) and in case a suitable occasion should arise - in the form of a revolution in the State.

3. Having established approximately the MODUS AGENDI we will occupy ourselves with details of those combinations by which we have still to complete the revolution in the course of the machinery of State in the direction already indicated. By these combinations I mean the freedom of the Press, the right of association, freedom of conscience, the voting principle, and many another that must disappear for ever from the memory of man, or undergo a radical alteration the day after the promulgation of the new constitution. It is only at the moment that we shall be able at once to announce all our orders, for, afterwards, every noticeable alteration will be dangerous, for the following reasons: if this alteration be brought in with harsh severity and in a sense of severity and limitations, it may lead to a feeling of despair caused by fear of new alterations in the same direction; if, on the other hand, it be brought in a sense of further indulgences it will be said that we have recognized our own wrong-doing and this will destroy the prestige of the infallibility of our authority, or else it will be said that we have become alarmed and are compelled to show a yielding disposition, for which we shall get no thanks because it will be supposed to be compulsory ... Both the one and the other are injurious to the prestige of the new constitution. What we want is that from the first moment of its promulgation, while the peoples of the world are still stunned by the accomplished fact of the revolution, still in a condition of terror and uncertainty, they should recognize once for all that we are so strong, so inexpugnable, so super-abundantly filled with power, that in no case shall we take any account of them, and so far from paying any attention to their opinions or wishes, we are ready and able to crush with irresistible power all expression or manifestation thereof at every moment and in every place, that we have seized at once everything we wanted and shall in no case divide our power with them ... Then in fear and trembling they will close their eyes to everything, and be content to await what will be the end of it all.

## WE ARE WOLVES

4. The GOYIM are a flock of sheep, and we are their wolves. And you know what happens when the wolves get hold of the flock?

5. There is another reason also why they will close their eyes: for we shall keep promising them to give back all the liberties we have taken away as soon as we have quelled the enemies of peace and tamed all parties.

6. It is not worth to say anything about how long a time they will be kept waiting for this return of their liberties.

7. For what purpose then have we invented this whole policy and insinuated it into the minds of the GOY without giving them any chance to examine its underlying meaning? For what, indeed, if not in order to obtain in a roundabout way what is for our scattered tribe unattainable by the direct road? It is this which has served as the basis for our organization of SECRET MASONRY WHICH IS NOT KNOWN TO, AND AIMS WHICH ARE NOT EVEN SO MUCH AS SUSPECTED BY, THESE "GOY" CATTLE, ATTRACTED BY US INTO THE "SHOW" ARMY OF MASONIC LODGES IN ORDER TO THROW DUST IN THE EYES OF THEIR FELLOWS.

8. God has granted to us, His Chosen People, the gift of the dispersion, and in this which appears in all eyes to be our weakness, has come forth all our strength, which has now brought us to the threshold of sovereignty over all the world.

9. There now remains not much more for us to build up upon the foundation we have laid.

## PROTOCOL No. 12

1. The word "freedom," which can be interpreted in various ways, is defined by us as follows -

2. Freedom is the right to do what which the law allows. This interpretation of the word will at the proper time be of service to us, because all freedom will thus be in our hands, since the laws will abolish or create only that which is desirable for us according to the aforesaid program.

3. We shall deal with the press in the following way: what is the part played by the press to-day? It serves to excite and inflame those passions which are needed for our purpose or else it serves selfish ends of parties. It is often vapid, unjust, mendacious, and the majority of the public have not the slightest idea what ends the press really serves. We shall saddle and bridle it with a tight curb: we shall do the same also with all productions of the printing press, for where would be the sense of getting rid of the attacks of the press if we remain targets for pamphlets and books? The produce of publicity, which nowadays is a source of heavy expense owing to the necessity of censoring it, will be turned by us into a very lucrative source of income to our State: we shall lay on it a special stamp tax and require deposits of caution-money before permitting the establishment of any organ of the press or of printing offices; these will then have to guarantee our government against any kind of attack on the part of the press. For any attempt to attack us, if such still be possible, we shall inflict fines without mercy. Such measures as stamp tax, deposit of caution-money and fines secured by these deposits, will bring in a huge income to the government. It is true that party organs might not spare money for the sake of publicity, but these we shall shut up at the second attack upon us. No one shall with impunity lay a finger on the aureole of our government infallibility. The pretext for stopping any publication will be the alleged plea that it is agitating the public mind without occasion or justification. I BEG YOU TO NOTE THAT AMONG THOSE MAKING ATTACKS UPON US WILL ALSO BE ORGANS ESTABLISHED BY US, BUT THEY WILL ATTACK EXCLUSIVELY POINTS THAT WE HAVE PRE-DETERMINED TO ALTER.

## **WE CONTROL THE PRESS**

4. NOT A SINGLE ANNOUNCEMENT WILL REACH THE PUBLIC WITHOUT OUR CONTROL. Even now this is already being attained by us inasmuch as all news items are received by a few agencies, in whose offices they are focused from all parts of the world. These agencies will then be already entirely ours and will give publicity only to what we dictate to them.

5. If already now we have contrived to possess ourselves of the minds of the GOY communities to such an extent the they all come near looking upon the events of the world through the colored glasses of those spectacles we are setting astride their noses; if already now there is not a single State where there exist for us any barriers to admittance into what GOY stupidity calls State secrets: what will our positions be then, when we shall be acknowledged supreme lords of the world in the person of our king of all the world.

6. Let us turn again to the FUTURE OF THE PRINTING PRESS. Every one desirous of being a publisher, librarian, or printer, will be obliged to provide himself with the diploma instituted therefore, which, in case of any fault, will be immediately impounded. With such measures THE INSTRUMENT OF THOUGHT WILL BECOME AN EDUCATIVE MEANS ON THE HANDS OF OUR GOVERNMENT, WHICH WILL NO LONGER ALLOW THE MASS OF THE NATION TO BE LED ASTRAY IN BY-WAYS AND FANTASIES ABOUT THE BLESSINGS OF PROGRESS. Is there any one of us who does not know that these phantom blessings are the direct roads to foolish imaginings which give birth to anarchical relations of men among themselves and towards authority, because progress, or rather the idea of progress, has introduced the conception of every kind of emancipation, but has failed to establish its limits. All the so-called liberals are anarchists, if not in fact, at any rate in thought. Every one of them in hunting after phantoms of freedom, and falling exclusively into license, that is, into the anarchy of protest for the sake of protest.

## **FREE PRESS DESTROYED**

7. We turn to the periodical press. We shall impose on it, as on all printed matter, stamp taxes per sheet and deposits of caution-money, and books of less than 30 sheets will pay double. We shall reckon them as pamphlets in order, on the one hand, to reduce the number of magazines, which are the worst form of printed poison, and, on the other, in order that this measure may force writers into such lengthy productions that they will be little read, especially as they will be costly. At the same time what we shall publish ourselves to influence mental development in the direction laid down for our profit will be cheap and will be read voraciously. The tax will bring vapid literary ambitions within bounds and the liability to penalties will make literary men dependent upon us. And if there should be any found who are desirous of writing against us, they will not find any person eager to print their productions. Before accepting any production for publication in print, the publisher or printer will have to apply to the authorities for permission to do so. Thus we shall know beforehand of all tricks preparing against us and shall nullify them by getting ahead with explanations on the subject treated of.

8. Literature and journalism are two of the most important educative forces, and therefore our government will become proprietor of the majority of the journals. This will neutralize the injurious influence of the privately-owned press and will put us in possession of a tremendous influence upon the public mind. If we give permits for ten journals, we shall ourselves found thirty, and so on in the same proportion. This, however, must in no wise be suspected by the public. For which reason all journals published by us will be of the most opposite, in appearance, tendencies and opinions, thereby creating confidence in us and bringing over to us quite unsuspecting opponents, who will thus fall into our trap and be rendered harmless.

9. In the front rank will stand organs of an official character. They will always stand guard over our interests, and therefore their influence will be comparatively insignificant.

10. In the second rank will be the semi-official organs, whose part it will be to attack the tepid and indifferent.

11. In the third rank we shall set up our own, to all appearance, opposition, which, in at least one of its organs, will present what looks like the very antipodes to us. Our real opponents at heart will accept this simulated opposition as their own and will show us their cards.

12. All our newspapers will be of all possible complexions -- aristocratic, republican, revolutionary, even anarchical - for so long, of course, as the constitution exists. Like the Indian idol "Vishnu" they will have a hundred hands, and every one of them will have a finger on any one of the public opinions as required. When a pulse quickens these hands will lead opinion in the direction of our aims, for an excited patient loses all power of judgment and easily yields to suggestion. Those fools who will think they are repeating the opinion of a newspaper of their own camp will be repeating our opinion or any opinion that seems desirable for us. In the vain belief that they are following the organ of their party they will, in fact, follow the flag which we hang out for them.

13. In order to direct our newspaper militia in this sense we must take special and minute care in organizing this matter. Under the title of central department of the press we shall institute literary gatherings at which our agents will without attracting attention issue the orders and watchwords of the day. By discussing and controverting, but always superficially, without touching the essence of the matter, our organs will carry on a sham fight fusillade with the official newspapers solely for the purpose of giving occasion for us to express ourselves more fully than could well be done from the outset in official announcements, whenever, of course, that is to our advantage.

14. THESE ATTACKS UPON US WILL ALSO SERVE ANOTHER PURPOSE, NAMELY, THAT OUR SUBJECTS WILL BE CONVINCED TO THE EXISTENCE OF FULL FREEDOM OF SPEECH AND SO GIVE OUR AGENTS AN OCCASION TO AFFIRM THAT ALL ORGANS WHICH OPPOSE US ARE EMPTY BABBLERS, since they are incapable of finding any substantial objections to our orders.

### **ONLY LIES PRINTED**

15. Methods of organization like these, imperceptible to the public eye but absolutely sure, are the best calculated to succeed in bringing the attention and the confidence of the public to the side of our government. Thanks to such methods we shall be in a position as from time to time may be required, to excite or to tranquillize the public mind on political questions, to persuade or to confuse, printing now truth, now lies, facts or their contradictions, according as they may be well or ill received, always very cautiously feeling our ground before stepping upon it. WE SHALL HAVE A SURE TRIUMPH OVER OUR OPPONENTS SINCE THEY WILL NOT HAVE AT THEIR DISPOSITION ORGANS OF THE PRESS IN WHICH THEY CAN GIVE FULL AND FINAL EXPRESSION TO THEIR VIEWS owing to the aforesaid methods of dealing with the press. We shall not even need to refute them except very superficially.

16. Trial shots like these, fired by us in the third rank of our press, in case of need, will be energetically refuted by us in our semi-official organs.

17. Even nowadays, already, to take only the French press, there are forms which reveal masonic solidarity in acting on the watchword: all organs of the press are bound together by professional secrecy; like the augurs of old, not one of their numbers will give away the secret of his sources of information unless it be resolved to make announcement of them. Not one journalist will venture to betray this secret, for not one of them is ever admitted to practice literature unless his whole past has some disgraceful sore or other. These sores would be immediately revealed. So long as

they remain the secret of a few the prestige of the journalist attacks the majority of the country - the mob follow after him with enthusiasm.

18. Our calculations are especially extended to the provinces. It is indispensable for us to inflame there those hopes and impulses with which we could at any moment fall upon the capital, and we shall represent to the capitals that these expressions are the independent hopes and impulses of the provinces. Naturally, the source of them will be always one and the same - ours. WHAT WE NEED IS THAT, UNTIL SUCH TIME AS WE ARE IN THE PLENITUDE POWER, THE CAPITALS SHOULD FIND THEMSELVES STIFLED BY THE PROVINCIAL OPINION OF THE NATIONS, I.E., OF A MAJORITY ARRANGED BY OUR AGENTUR. What we need is that at the psychological moment the capitals should not be in a position to discuss an accomplished fact for the simple reason, if for no other, that it has been accepted by the public opinion of a majority in the provinces.

19. WHEN WE ARE IN THE PERIOD OF THE NEW REGIME TRANSITIONAL TO THAT OF OUR ASSUMPTION OF FULL SOVEREIGNTY WE MUST NOT ADMIT ANY REVELATION BY THE PRESS OF ANY FORM OF PUBLIC DISHONESTY; IT IS NECESSARY THAT THE NEW REGIME SHOULD BE THOUGHT TO HAVE SO PERFECTLY CONTENTED EVERYBODY THAT EVEN CRIMINALITY HAS DISAPPEARED ... Cases of the manifestation of criminality should remain known only to their victims and to chance witnesses - no more.

### **PROTOCOL No. 13**

1. The need for daily bread forces the GOYIM to keep silence and be our humble servants. Agents taken on to our press from among the GOYIM will at our orders discuss anything which it is inconvenient for us to issue directly in official documents, and we meanwhile, quietly amid the din of the discussion so raised, shall simply take and carry through such measures as we wish and then offer them to the public as an accomplished fact. No one will dare to demand the abrogation of a matter once settled, all the more so as it will be represented as an improvement ... And immediately the press will distract the current of thought towards, new questions, (have we not trained people always to be seeking something new?). Into the discussions of these new questions will throw themselves those of the brainless dispensers of fortunes who are not able even now to understand that they have not the remotest conception about the matters which they undertake to discuss. Questions of the political are unattainable for any save those who have guided it already for many ages, the creators.

2. From all this you will see that in securing the opinion of the mob we are only facilitating the working of our machinery, and you may remark that it is not for actions but for words issued by us on this or that question that we seem to seek approval. We are constantly making public declaration that we are guided in all our undertakings by the hope, joined to the conviction, that we are serving the common weal.

### **WE DECEIVE WORKERS**

3. In order to distract people who may be too troublesome from discussions of questions of the political we are now putting forward what we allege to be new questions of the political, namely, questions of industry. In this sphere let them discuss themselves silly! The masses are agreed to remain inactive, to take a rest from what they suppose to be political (which we trained them to in order to use them as a means of combating the GOY governments) only on condition of being found new employments, in which we are prescribing them something that looks like the same political object. In order that the masses themselves may not guess what they are about WE FURTHER DISTRACT THEM WITH AMUSEMENTS, GAMES, PASTIMES, PASSIONS, PEOPLE'S PALACES. SOON WE SHALL BEGIN THROUGH THE PRESS TO PROPOSE COMPETITIONS IN ART, IN SPORT IN ALL KINDS: these interests will finally distract their minds from questions in which we should find

ourselves compelled to oppose them. Growing more and more unaccustomed to reflect and form any opinions of their own, people will begin to talk in the same tone as we because we alone shall be offering them new directions for thought ... of course through such persons as will not be suspected of solidarity with us.

4. The part played by the liberals, utopian dreamers, will be finally played out when our government is acknowledged. Till such time they will continue to do us good service. Therefore we shall continue to direct their minds to all sorts of vain conceptions of fantastic theories, new and apparently progressive: for have we not with complete success turned the brainless heads of the GOYIM with progress, till there is not among the GOYIM one mind able to perceive that under this word lies a departure from truth in all cases where it is not a question of material inventions, for truth is one, and in it there is no place for progress. Progress, like a fallacious idea, serves to obscure truth so that none may know it except us, the Chosen of God, its guardians.

5. When, we come into our kingdom our orators will expound great problems which have turned humanity upside down in order to bring it at the end under our beneficent rule.

6. Who will ever suspect then that ALL THESE PEOPLES WERE STAGE-MANAGED BY US ACCORDING TO A POLITICAL PLAN WHICH NO ONE HAS SO MUCH AS GUESSED AT IN THE COURSE OF MANY CENTURIES?

### **PROTOCOL No. 14**

1. When we come into our kingdom it will be undesirable for us that there should exist any other religion than ours of the One God with whom our destiny is bound up by our position as the Chosen People and through whom our same destiny is united with the destinies of the world. We must therefore sweep away all other forms of belief. If this gives birth to the atheists whom we see to-day, it will not, being only a transitional stage, interfere with our views, but will serve as a warning for those generations which will hearken to our preaching of the religion of Moses, that, by its stable and thoroughly elaborated system has brought all the peoples of the world into subjection to us. Therein we shall emphasize its mystical right, on which, as we shall say, all its educative power is based. Then at every possible opportunity we shall publish articles in which we shall make comparisons between our beneficent rule and those of past ages. The blessing of tranquillity, though it be a tranquillity forcibly brought about by centuries of agitation, will throw into higher relief the benefits to which we shall point. The errors of the GOYIM governments will be depicted by us in the most vivid hues. We shall implant such an abhorrence of them that the peoples will prefer tranquillity in a state of serfdom to those rights of vaunted freedom which have tortured humanity and exhausted the very sources of human existence, sources which have been exploited by a mob of rascally adventurers who know not what they do. USELESS CHANGES OF FORMS OF GOVERNMENT TO WHICH WE INSTIGATED THE "GOYIM" WHEN WE WERE UNDERMINING THEIR STATE STRUCTURES, WILL HAVE SO WEARIED THE PEOPLES BY THAT TIME THAT THEY WILL PREFER TO SUFFER ANYTHING UNDER US RATHER THAN RUN THE RISK OF ENDURING AGAIN ALL THE AGITATIONS AND MISERIES THEY HAVE GONE THROUGH.

### **WE SHALL FORBID CHRIST**

2. At the same time we shall not omit to emphasize the historical mistakes of the GOY governments which have tormented humanity for so many centuries by their lack of understanding of everything that constitutes the true good of humanity in their chase after fantastic schemes of social blessings, and have never noticed that these schemes kept on producing a worse and never a better state of the universal relations which are the basis of human life ...

3. The whole force of our principles and methods will lie in the fact that we shall present them and expound them as a splendid contrast to the dead and decomposed old order of things in social

life.

4. Our philosophers will discuss all the shortcomings of the various beliefs of the "GOYIM," BUT NO ONE WILL EVER BRING UNDER DISCUSSION OUR FAITH FROM ITS TRUE POINT OF VIEW SINCE THIS WILL BE FULLY LEARNED BY NONE SAVE OURS WHO WILL NEVER DARE TO BETRAY ITS SECRETS.

5. IN COUNTRIES KNOWN AS PROGRESSIVE AND ENLIGHTENED WE HAVE CREATED A SENSELESS, FILTHY, ABOMINABLE LITERATURE. For some time after our entrance to power we shall continue to encourage its existence in order to provide a telling relief by contrast to the speeches, party program, which will be distributed from exalted quarters of ours. Our wise men, trained to become leaders of the GOYIM, will compose speeches, projects, memoirs, articles, which will be used by us to influence the minds of the GOYIM, directing them towards such understanding and forms of knowledge as have been determined by us.

### **PROTOCOL No. 15**

1. When we at last definitely come into our kingdom by the aid of COUPS D'ETAT prepared everywhere for one and the same day, after definitely acknowledged (and not a little time will pass before that comes about, perhaps even a whole century) we shall make it our task to see that against us such things as plots shall no longer exist. With this purpose we shall slay without mercy all who take arms to oppose our coming into our kingdom. Every kind of new institution of anything like a secret society will also be punished with death; those of them which are now in existence, are known to us, serve us and have served us, we shall disband and send into exile to continents far removed from Europe. IN THIS WAY WE SHALL PROCEED WITH THOSE "GOY" MASONS WHO KNOW TOO MUCH; such of these as we may for some reason spare will be kept in constant fear of exile. We shall promulgate a law making all former members of secret societies liable to exile from Europe as the center of rule.

2. Resolutions of our government will be final, without appeal.

3. In the GOY societies, in which we have planted and deeply rooted discord and protestantism, the only possible way of restoring order is to employ merciless measures that prove the direct force of authority: no regard must be paid to the victims who fall, they suffer for the well-being of the future. The attainment of that well-being, even at the expense of sacrifices, is the duty of any kind of government that acknowledges as justification for its existence not only its privileges but its obligations. The principal guarantee of stability of rule is to confirm the aureole of power, and this aureole is attained only by such a majestic inflexibility of might as shall carry on its face the emblems of inviolability from mystical causes - from the choice of God. SUCH WAS, UNTIL RECENT TIMES, THE RUSSIAN AUTOCRACY, THE ONE AND ONLY SERIOUS FOE WE HAD IN THE WORLD, WITHOUT COUNTING THE PAPACY. Bear in mind the example when Italy, drenched with blood, never touched a hair of the head of Sulla who had poured forth that blood: Sulla enjoyed an apotheosis for his might in him, but his intrepid return to Italy ringed him round with inviolability. The people do not lay a finger on him who hypnotizes them by his daring and strength of mind.

### **SECRET SOCIETIES**

4. Meantime, however, until we come into our kingdom, we shall act in the contrary way: we shall create and multiply free masonic lodges in all the countries of the world, absorb into them all who may become or who are prominent in public activity, for these lodges we shall find our principal intelligence office and means of influence. All these lodges we shall bring under one central administration, known to us alone and to all others absolutely unknown, which will be composed of our learned elders. The lodges will have their representatives who will serve to screen the

above-mentioned administration of MASONRY and from whom will issue the watchword and program. In these lodges we shall tie together the knot which binds together all revolutionary and liberal elements. Their composition will be made up of all strata of society. The most secret political plots will be known to us and fall under our guiding hands on the very day of their conception. AMONG THE MEMBERS OF THESE LODGES WILL BE ALMOST ALL THE AGENTS OF INTERNATIONAL AND NATIONAL POLICE since their service is for us irreplaceable in the respect that the police is in a position not only to use its own particular measures with the insubordinate, but also to screen our activities and provide pretexts for discontents, ET CETERA.

5. The class of people who most willingly enter into secret societies are those who live by their wits, careerists, and in general people, mostly light-minded, with whom we shall have no difficulty in dealing and in using to wind up the mechanism of the machine devised by us. If this world grows agitated the meaning of that will be that we have had to stir up in order to break up its too great solidarity. BUT IF THERE SHOULD ARISE IN ITS MIDST A PLOT, THEN AT THE HEAD OF THAT PLOT WILL BE NO OTHER THAN ONE OF OUR MOST TRUSTED SERVANTS. It is natural that we and no other should lead MASONIC activities, for we know whither we are leading, we know the final goal of every form of activity whereas the GOYIM have knowledge of nothing, not even of the immediate effect of action; they put before themselves, usually, the momentary reckoning of the satisfaction of their self-opinion in the accomplishment of their thought without even remarking that the very conception never belonged to their initiative but to our instigation of their thought ...

#### **GENTILES ARE STUPID**

6. The GOYIM enter the lodges out of curiosity or in the hope by their means to get a nibble at the public pie, and some of them in order to obtain a hearing before the public for their impracticable and groundless fantasies: they thirst for the emotion of success and applause, of which we are remarkably generous. And the reason why we give them this success is to make use of the high conceit of themselves to which it gives birth, for that insensibly disposes them to assimilate our suggestions without being on their guard against them in the fullness of their confidence that it is their own infallibility which is giving utterance to their own thoughts and that it is impossible for them to borrow those of others. You cannot imagine to what extent the wisest of the GOYIM can be brought to a state of unconscious naivete in the presence of this condition of high conceit of themselves, and at the same time how easy it is to take the heart out of them by the slightest ill-success, though it be nothing more than the stoppage of the applause they had, and to reduce them to a slavish submission for the sake of winning a renewal of success. BY SO MUCH AS OURS DISREGARD SUCCESS IF ONLY THEY CAN CARRY THROUGH THEIR PLANS, BY SO MUCH THE "GOYIM" ARE WILLING TO SACRIFICE ANY PLANS ONLY TO HAVE SUCCESS. This psychology of theirs materially facilitates for us the task of setting them in the required direction. These tigers in appearance have the souls of sheep and the wind blows freely through their heads. We have set them on the hobby-horse of an idea about the absorption of individuality by the symbolic unit of COLLECTIVISM. They have never yet and they never will have the sense to reflect that this hobby-horse is a manifest violation of the most important law of nature, which has established from the very creation of the world one unit unlike another and precisely for the purpose of instituting individuality.

7. If we have been able to bring them to such a pitch of stupid blindness is it not a proof, and an amazingly clear proof, of the degree to which the mind of the GOYIM is undeveloped in comparison with our mind? This it is, mainly, which guarantees our success.

#### **GENTILES ARE CATTLE**

8. And how far-seeing were our learned elders in ancient times when they said that to attain a serious end it behooves not to stop at any means or to count the victims sacrificed for the sake of

that end. We have not counted the victims of the seed of the GOY cattle, though we have sacrificed many of our own, but for that we have now already given them such a position on the earth as they could not even have dreamed of. The comparatively small numbers of the victims from the number of ours have preserved our nationality from destruction.

9. Death is the inevitable end for all. It is better to bring that end nearer to those who hinder our affairs than to ourselves, to the founders of this affair. WE EXECUTE MASONS IN SUCH WISE THAT NONE SAVE THE BROTHERHOOD CAN EVER HAVE A SUSPICION OF IT, NOT EVEN THE VICTIMS THEMSELVES OF OUR DEATH SENTENCE, THEY ALL DIE WHEN REQUIRED AS IF FROM A NORMAL KIND OF ILLNESS. Knowing this, even the brotherhood in its turn dare not protest. By such methods we have plucked out of the midst of MASONRY the very root of protest against our disposition. While preaching liberalism to the GOY we at the same time keep our own people and our agents in a state of unquestioning submission.

10. Under our influence the execution of the laws of the GOYIM has been reduced to a minimum. The prestige of the law has been exploded by the liberal interpretations introduced into this sphere. In the most important and fundamental affairs and questions, JUDGES DECIDE AS WE DICTATE TO THEM, see matters in the light wherewith we enfold them for the administration of the GOYIM, of course, through persons who are our tools though we do not appear to have anything in common with them - by newspaper opinion or by other means. Even senators and the higher administration accept our counsels. The purely brute mind of the GOYIM is incapable of use for analysis and observation, and still more for the foreseeing whither a certain manner of setting a question may tend.

11. In this difference in capacity for thought between the GOYIM and ourselves may be clearly discerned the seal of our position as the Chosen People and of our higher quality of humanness, in contradistinction to the brute mind of the GOYIM. Their eyes are open, but see nothing before them and do not invent (unless perhaps, material things). From this it is plain that nature herself has destined us to guide and rule the world.

### **WE DEMAND SUBMISSION**

12. When comes the time of our overt rule, the time to manifest its blessing, we shall remake all legislatures, all our laws will be brief, plain, stable, without any kind of interpretations, so that anyone will be in a position to know them perfectly. The main feature which will run right through them is submission to orders, and this principle will be carried to a grandiose height. Every abuse will then disappear in consequence of the responsibility of all down to the lowest unit before the higher authority of the representative of power. Abuses of power subordinate to this last instance will be so mercilessly punished that none will be found anxious to try experiments with their own powers. We shall follow up jealously every action of the administration on which depends the smooth running of the machinery of the State, for slackness in this produces slackness everywhere; not a single case of illegality or abuse of power will be left without exemplary punishment.

13. Concealment of guilt, connivance between those in the service of the administration - all this kind of evil will disappear after the very first examples of severe punishment. The aureole of our power demands suitable, that is, cruel, punishments for the slightest infringement, for the sake of gain, of its supreme prestige. The sufferer, though his punishment may exceed his fault, will count as a soldier falling on the administrative field of battle in the interests of authority, principle and law, which do not permit that any of those who hold the reins of the public coach should turn aside from the public highway to their own private paths. FOR EXAMPLES OUR JUDGES WILL KNOW THAT WHENEVER THEY FEEL DISPOSED TO PLUME THEMSELVES ON FOOLISH CLEMENCY THEY ARE VIOLATING THE LAW OF JUSTICE WHICH IS INSTITUTED FOR THE EXEMPLARY EDIFICATION OF MEN BY PENALTIES FOR LAPSES AND NOT FOR DISPLAY OF THE

SPIRITUAL QUALITIES OF THE JUDGES. Such qualities it is proper to show in private life, but not in a public square which is the educational basis of human life.

14. Our legal staff will serve not beyond the age of 55, firstly because old men more obstinately hold to prejudiced opinions, and are less capable of submitting to new directions, and secondly because this will give us the possibility by this measure of securing elasticity in the changing of staff, which will thus the more easily bend under our pressure: he who wishes to keep his place will have to give blind obedience to deserve it. In general, our judges will be elected by us only from among those who thoroughly understand that the part they have to play is to punish and apply laws and not to dream about the manifestations of liberalism at the expense of the educational scheme of the State, as the GOYIM in these days imagine it to be. This method of shuffling the staff will serve also to explode any collective solidarity of those in the same service and will bind all to the interests of the government upon which their fate will depend. The young generation of judges will be trained in certain views regarding the inadmissibility of any abuses that might disturb the established order of our subjects among themselves.

15. In these days the judges of the GOYIM create indulgences to every kind of crimes, not having a just understanding of their office, because the rulers of the present age in appointing judges to office take no care to inculcate in them a sense of duty and consciousness of the matter which is demanded of them. As a brute beast lets out its young in search of prey, so do the GOYIM give to them for what purpose such place was created. This is the reason why their governments are being ruined by their own forces through the acts of their own administration.

16. Let us borrow from the example of the results of these actions yet another lesson for our government.

17. We shall root out liberalism from all the important strategic posts of our government on which depends the training of subordinates for our State structure. Such posts will fall exclusively to those who have been trained by us for administrative rule. To the possible objection that the retirement of old servants will cost the Treasury heavily, I reply, firstly, they will be provided with some private service in place of what they lose, and, secondly, I have to remark that all the money in the world will be concentrated in our hands, consequently it is not our government that has to fear expense.

### **WE SHALL BE CRUEL**

18. Our absolutism will in all things be logically consecutive and therefore in each one of its decrees our supreme will must be respected and unquestionably fulfilled: it will ignore all murmurs, all discontents of every kind and will destroy to the root every kind of manifestation of them in act by punishment of an exemplary character.

19. We shall abolish the right of appeal, which will be transferred exclusively to our disposal - to the cognizance of him who rules, for we must not allow the conception among the people of a thought that there could be such a thing as a decision that is not right of judges set up by us. If, however, anything like this should occur, we shall ourselves quash the decision, but inflict therewith such exemplary punishment on the judge for lack of understanding of his duty and the purpose of his appointment as will prevent a repetition of such cases. I repeat that it must be born in mind that we shall know every step of our administration which only needs to be closely watched for the people to be content with us, for it has the right to demand from a good government a good official.

20. OUR GOVERNMENT WILL HAVE THE APPEARANCE OF A PATRIARCHAL PATERNAL GUARDIANSHIP ON THE PART OF OUR RULER. Our own nation and our subjects will discern in his person a father caring for their every need, their every act, their every interrelation as subjects

one with another, as well as their relations to the ruler. They will then be so thoroughly imbued with the thought that it is impossible for them to dispense with this wardship and guidance, if they wish to live in peace and quiet, THAT THEY WILL ACKNOWLEDGE THE AUTOCRACY OF OUR RULER WITH A DEVOTION BORDERING ON "APOTHEOSIS," especially when they are convinced that those whom we set up do not put their own in place of authority, but only blindly execute his dictates. They will be rejoiced that we have regulated everything in their lives as is done by wise parents who desire to train children in the cause of duty and submission. For the peoples of the world in regard to the secrets of our polity are ever through the ages only children under age, precisely as are also their governments.

21. As you see, I found our despotism on right and duty: the right to compel the execution of duty is the direct obligation of a government which is a father for its subjects. It has the right of the strong that it may use it for the benefit of directing humanity towards that order which is defined by nature, namely, submission. Everything in the world is in a state of submission, if not to man, then to circumstances or its own inner character, in all cases, to what is stronger. And so shall we be this something stronger for the sake of good.

22. We are obliged without hesitation to sacrifice individuals, who commit a breach of established order, for in the exemplary punishment of evil lies a great educational problem.

23. When the King of Israel sets upon his sacred head the crown offered him by Europe he will become patriarch of the world. The indispensable victims offered by him in consequence of their suitability will never reach the number of victims offered in the course of centuries by the mania of magnificence, the emulation between the GOY governments.

24. Our King will be in constant communion with the peoples, making to them from the tribune speeches which fame will in that same hour distribute over all the world.

## **PROTOCOL No. 16**

1. In order to effect the destruction of all collective forces except ours we shall emasculate the first stage of collectivism - the UNIVERSITIES, by re-educating them in a new direction. THEIR OFFICIALS AND PROFESSORS WILL BE PREPARED FOR THEIR BUSINESS BY DETAILED SECRET PROGRAMS OF ACTION FROM WHICH THEY WILL NOT WITH IMMUNITY DIVERGE, NOT BY ONE IOTA. THEY WILL BE APPOINTED WITH ESPECIAL PRECAUTION, AND WILL BE SO PLACED AS TO BE WHOLLY DEPENDENT UPON THE GOVERNMENT.

2. We shall exclude from the course of instruction State Law as also all that concerns the political question. These subjects will be taught to a few dozen of persons chosen for their pre-eminent capacities from among the number of the initiated. THE UNIVERSITIES MUST NO LONGER SEND OUT FROM THEIR HALLS MILK SOPS CONCOCTING PLANS FOR A CONSTITUTION, LIKE A COMEDY OR A TRAGEDY, BUSYING THEMSELVES WITH QUESTIONS OF POLICY IN WHICH EVEN THEIR OWN FATHERS NEVER HAD ANY POWER OF THOUGHT.

3. The ill-guided acquaintance of a large number of persons with questions of polity creates utopian dreamers and bad subjects, as you can see for yourselves from the example of the universal education in this direction of the GOYIM. We must introduce into their education all those principles which have so brilliantly broken up their order. But when we are in power we shall remove every kind of disturbing subject from the course of education and shall make out of the youth obedient children of authority, loving him who rules as the support and hope of peace and quiet.

**WE SHALL CHANGE HISTORY**

4. Classicism as also any form of study of ancient history, in which there are more bad than good examples, we shall replace with the study of the program of the future. We shall erase from the memory of men all facts of previous centuries which are undesirable to us, and leave only those which depict all the errors of the government of the GOYIM. The study of practical life, of the obligations of order, of the relations of people one to another, of avoiding bad and selfish examples, which spread the infection of evil, and similar questions of an educative nature, will stand in the forefront of the teaching program, which will be drawn up on a separate plan for each calling or state of life, in no wise generalizing the teaching. This treatment of the question has special importance.

5. Each state of life must be trained within strict limits corresponding to its destination and work in life. The OCCASIONAL GENIUS HAS ALWAYS MANAGED AND ALWAYS WILL MANAGE TO SLIP THROUGH INTO OTHER STATES OF LIFE, BUT IT IS THE MOST PERFECT FOLLY FOR THE SAKE OF THIS RARE OCCASIONAL GENIUS TO LET THROUGH INTO RANKS FOREIGN TO THEM THE UNTALENTED WHO THUS ROB OF THEIR PLACES THOSE WHO BELONG TO THOSE RANKS BY BIRTH OR EMPLOYMENT. YOU KNOW YOURSELVES IN WHAT ALL THIS HAS ENDED FOR THE "GOYIM" WHO ALLOWED THIS CRYING ABSURDITY.

6. In order that he who rules may be seated firmly in the hearts and minds of his subjects it is necessary for the time of his activity to instruct the whole nation in the schools and on the market places about this meaning and his acts and all his beneficent initiatives.

7. We shall abolish every kind of freedom of instruction. Learners of all ages have the right to assemble together with their parents in the educational establishments as it were in a club: during these assemblies, on holidays, teachers will read what will pass as free lectures on questions of human relations, of the laws of examples, of the philosophy of new theories not yet declared to the world. These theories will be raised by us to the stage of a dogma of faith as a traditional stage towards our faith. On the completion of this exposition of our program of action in the present and the future I will read you the principles of these theories.

8. In a word, knowing by the experience of many centuries that people live and are guided by ideas, that these ideas are imbibed by people only by the aid of education provided with equal success for all ages of growth, but of course by varying methods, we shall swallow up and confiscate to our own use the last scintilla of independence of thought, which we have for long past been directing towards subjects and ideas useful for us. The system of bridling thought is already at work in the so-called system of teaching by OBJECT LESSONS, the purpose of which is to turn the GOYIM into unthinking submissive brutes waiting for things to be presented before their eyes in order to form an idea of them. In France, one of our best agents, Bourgeois, has already made public a new program of teaching by object lessons.

### **PROTOCOL No. 17**

1. The practice of advocacy produces men cold, cruel, persistent, unprincipled, who in all cases take up an impersonal, purely legal standpoint. They have the inveterate habit to refer everything to its value for the defense and not to the public welfare of its results. They do not usually decline to undertake any defense whatever, they strive for an acquittal at all costs, caviling over every petty crux of jurisprudence and thereby they demoralize justice. For this reason we shall set this profession into narrow frames which will keep it inside this sphere of executive public service. Advocates, equally with judges, will be deprived of the right of communication with litigants; they will receive business only from the court and will study it by notes of report and documents, defending their clients after they have been interrogated in court on facts that have appeared. They will receive an honorarium without regard to the quality of the defense. This will render them mere reporters on law-business in the interests of justice and as counterpoise to the proctor who will be the reporter in the interests of prosecution; this will shorten business before

the courts. In this way will be established a practice of honest unprejudiced defense conducted not from personal interest but by conviction. This will also, by the way, remove the present practice of corrupt bargain between advocacy to agree only to let that side win which pays most.

### **WE SHALL DESTROY THE CLERGY**

2. WE HAVE LONG PAST TAKEN CARE TO DISCREDIT THE PRIESTHOOD OF THE "GOYIM," and thereby to ruin their mission on earth which in these days might still be a great hindrance to us. Day by day its influence on the peoples of the world is falling lower. FREEDOM OF CONSCIENCE HAS BEEN DECLARED EVERYWHERE, SO THAT NOW ONLY YEARS DIVIDE US FROM THE MOMENT OF THE COMPLETE WRECKING OF THAT CHRISTIAN RELIGION: as to other religions we shall have still less difficulty in dealing with them, but it would be premature to speak of this now. We shall set clericalism and clericals into such narrow frames as to make their influence move in retrogressive proportion to its former progress.

3. When the time comes finally to destroy the papal court the finger of an invisible hand will point the nations towards this court. When, however, the nations fling themselves upon it, we shall come forward in the guise of its defenders as if to save excessive bloodshed. By this diversion we shall penetrate to its very bowels and be sure we shall never come out again until we have gnawed through the entire strength of this place.

4. THE KING OF THE JEWS WILL BE THE REAL POPE OF THE UNIVERSE, THE PATRIARCH OF THE INTERNATIONAL CHURCH

5. But, IN THE MEANTIME, while we are re-educating youth in new traditional religions and afterwards in ours, WE SHALL NOT OVERTLY LAY A FINGER ON EXISTING CHURCHES, BUT WE SHALL FIGHT AGAINST THEM BY CRITICISM CALCULATED TO PRODUCE SCHISM ...

6. In general, then, our contemporary press will continue to CONVICT State affairs, religions, incapacities of the GOYIM, always using the most unprincipled expressions in order by every means to lower their prestige in the manner which can only be practiced by the genius of our gifted tribe ...

7. Our kingdom will be an apologia of the divinity Vishnu, in whom is found its personification - in our hundred hands will be, one in each, the springs of the machinery of social life. We shall see everything without the aid of official police which, in that scope of its rights which we elaborated for the use of the GOYIM, hinders governments from seeing. In our programs ONE-THIRD OF OUR SUBJECTS WILL KEEP THE REST UNDER OBSERVATION from a sense of duty, on the principle of volunteer service to the State. It will then be no disgrace to be a spy and informer, but a merit: unfounded denunciations, however, will be cruelly punished that there may be no development of abuses of this right.

8. Our agents will be taken from the higher as well as the lower ranks of society, from among the administrative class who spend their time in amusements, editors, printers and publishers, booksellers, clerks, and salesmen, workmen, coachmen, lackeys, et cetera. This body, having no rights and not being empowered to take any action on their own account, and consequently a police without any power, will only witness and report: verification of their reports and arrests will depend upon a responsible group of controllers of police affairs, while the actual act of arrest will be performed by the gendarmerie and the municipal police. Any person not denouncing anything seen or heard concerning questions of polity will also be charged with and made responsible for concealment, if it be proved that he is guilty of this crime.

9. JUST AS NOWADAYS OUR BRETHREN, ARE OBLIGED AT THEIR OWN RISK TO DENOUNCE TO THE KAHAL APOSTATES OF THEIR OWN FAMILY or members who have been noticed doing anything in

opposition to the KAHAL, SO IN OUR KINGDOM OVER ALL THE WORLD IT WILL BE OBLIGATORY FOR ALL OUR SUBJECTS TO OBSERVE THE DUTY OF SERVICE TO THE STATE IN THIS DIRECTION.

10. Such an organization will extirpate abuses of authority, of force, of bribery, everything in fact which we by our counsels, by our theories of the superhuman rights of man, have introduced into the customs of the GOYIM. But how else were we to procure that increase of causes predisposing to disorders in the midst of their administration? Among the number of those methods one of the most important is - agents for the restoration of order, so placed as to have the opportunity in their disintegrating activity of developing and displaying their evil inclinations - obstinate self-conceit, irresponsible exercise of authority, and, first and foremost, venality.

### **PROTOCOL No. 18**

1. When it becomes necessary for us to strengthen the strict measures of secret defense (the most fatal poison for the prestige of authority) we shall arrange a simulation of disorders or some manifestation of discontents finding expression through the co-operation of good speakers. Round these speakers will assemble all who are sympathetic to his utterances. This will give us the pretext for domiciliary prerequisites and surveillance on the part of our servants from among the number of the GOYIM police ...

2. As the majority of conspirators act out of love for the game, for the sake of talking, so, until they commit some overt act we shall not lay a finger on them but only introduce into their midst observation elements. It must be remembered that the prestige of authority is lessened if it frequently discovers conspiracies against itself: this implies a presumption of consciousness of weakness, or, what is still worse, of injustice. You are aware that we have broken the prestige of the GOY kings by frequent attempts upon their lives through our agents, blind sheep of our flock, who are easily moved by a few liberal phrases to crimes provided only they be painted in political colors. WE HAVE COMPELLED THE RULERS TO ACKNOWLEDGE THEIR WEAKNESS IN ADVERTISING OVERT MEASURES OF SECRET DEFENSE AND THEREBY WE SHALL BRING THE PROMISE OF AUTHORITY TO DESTRUCTION.

3. Our ruler will be secretly protected only by the most insignificant guard, because we shall not admit so much as a thought that there could exist against him any sedition with which he is not strong enough to contend and is compelled to hide from it.

4. If we should admit this thought, as the GOYIM have done and are doing, we should IPSO FACTO be signing a death sentence, if not for our ruler, at any rate for his dynasty, at no distant date.

### **GOVERNMENT BY FEAR**

5. According to strictly enforced outward appearances our ruler will employ his power only for the advantage of the nation and in no wise for his own or dynastic profits. Therefore, with the observance of this decorum, his authority will be respected and guarded by the subjects themselves, it will receive an apotheosis in the admission that with it is bound up the well-being of every citizen of the State, for upon it will depend all order in the common life of the pack.

6. OVERT DEFENSE OF THE KIND ARGUES WEAKNESS IN THE ORGANIZATION OF HIS STRENGTH.

7. Our ruler will always be among the people and be surrounded by a mob of apparently curious men and women, who will occupy the front ranks about him, to all appearance by chance, and will restrain the ranks of the rest out of respect as it will appear for good order. This will sow an example of restraint also in others. If a petitioner appears among the people trying to hand a petition and forcing his way through the ranks, the first ranks must receive the petition and before the eyes of the petitioner pass it to the ruler, so that all may know that what is handed in

reaches its destination, that consequently, there exists a control of the ruler himself. The aureole of power requires for his existence that the people may be able to say: "If the king knew of this," or: "the king will hear it."

8. WITH THE ESTABLISHMENT OF OFFICIAL DEFENSE, THE MYSTICAL PRESTIGE OF AUTHORITY DISAPPEARS: given a certain audacity, and everyone counts himself master of it, the sedition-monger is conscious of his strength, and when occasion serves watches for the moment to make an attempt upon authority. For the GOYIM we have been preaching something else, but by that very fact we are enabled to see what measures of overt defense have brought them to.

9. CRIMINALS WITH US WILL BE ARRESTED AT THE FIRST, more or less, well-grounded SUSPICION: it cannot be allowed that out of fear of a possible mistake an opportunity should be given of escape to persons suspected of a political lapse of crime, for in these matters we shall be literally merciless. If it is still possible, by stretching a point, to admit a reconsideration of the motive causes in simple crimes, there is no possibility of excuse for persons occupying themselves with questions in which nobody except the government can understand anything. And it is not all governments that understand true policy.

### **PROTOCOL No. 19**

1. If we do not permit any independent dabbling in the political we shall on the other hand encourage every kind of report or petition with proposals for the government to examine into all kinds of projects for the amelioration of the condition of the people; this will reveal to us the defects or else the fantasies of our subjects, to which we shall respond either by accomplishing them or by a wise rebutment to prove the shortsightedness of one who judges wrongly.

2. Sedition-mongering is nothing more than the yapping of a lap-dog at an elephant. For a government well organized, not from the police but from the public point of view, the lap-dog yaps at the elephant in entire unconsciousness of its strength and importance. It needs no more than to take a good example to show the relative importance of both and the lap-dogs will cease to yap and will wag their tails the moment they set eyes on an elephant.

3. In order to destroy the prestige of heroism for political crime we shall send it for trial in the category of thieving, murder, and every kind of abominable and filthy crime. Public opinion will then confuse in its conception this category of crime with the disgrace attaching to every other and will brand it with the same contempt.

4. We have done our best, and I hope we have succeeded to obtain that the GOYIM should not arrive at this means of contending with sedition. It was for this reason that through the Press and in speeches, indirectly - in cleverly compiled school-books on history, we have advertised the martyrdom alleged to have been accredited by sedition-mongers for the idea of the commonweal. This advertisement has increased the contingent of liberals and has brought thousands of GOYIM into the ranks of our livestock cattle.

### **PROTOCOL No. 20**

1. To-day we shall touch upon the financial program, which I put off to the end of my report as being the most difficult, the crowning and the decisive point of our plans. Before entering upon it I will remind you that I have already spoken before by way of a hint when I said that the sum total of our actions is settled by the question of figures.

2. When we come into our kingdom our autocratic government will avoid, from a principle of self-preservation, sensibly burdening the masses of the people with taxes, remembering that it plays

the part of father and protector. But as State organization cost dear it is necessary nevertheless to obtain the funds required for it. It will, therefore, elaborate with particular precaution the question of equilibrium in this matter.

3. Our rule, in which the king will enjoy the legal fiction that everything in his State belongs to him (which may easily be translated into fact), will be enabled to resort to the lawful confiscation of all sums of every kind for the regulation of their circulation in the State. From this follows that taxation will best be covered by a progressive tax on property. In this manner the dues will be paid without straitening or ruining anybody in the form of a percentage of the amount of property. The rich must be aware that it is their duty to place a part of their superfluities at the disposal of the State since the State guarantees them security of possession of the rest of their property and the right of honest gains, I say honest, for the control over property will do away with robbery on a legal basis.

4. This social reform must come from above, for the time is ripe for it - it is indispensable as a pledge of peace.

### **WE SHALL DESTROY CAPITAL**

5. The tax upon the poor man is a seed of revolution and works to the detriment of the State which in hunting after the trifling is missing the big. Quite apart from this, a tax on capitalists diminishes the growth of wealth in private hands in which we have in these days concentrated it as a counterpoise to the government strength of the GOYIM - their State finances.

6. A tax increasing in a percentage ratio to capital will give much larger revenue than the present individual or property tax, which is useful to us now for the sole reason that it excites trouble and discontent among the GOYIM.

7. The force upon which our king will rest consists in the equilibrium and the guarantee of peace, for the sake of which things it is indispensable that the capitalists should yield up a portion of their incomes for the sake of the secure working of the machinery of the State. State needs must be paid by those who will not feel the burden and have enough to take from.

8. Such a measure will destroy the hatred of the poor man for the rich, in whom he will see a necessary financial support for the State, will see in him the organizer of peace and well-being since he will see that it is the rich man who is paying the necessary means to attain these things.

9. In order that payers of the educated classes should not too much distress themselves over the new payments they will have full accounts given them of the destination of those payments, with the exception of such sums as will be appropriated for the needs of the throne and the administrative institutions.

10. He who reigns will not have any properties of his own once all in the State represented his patrimony, or else the one would be in contradiction to the other; the fact of holding private means would destroy the right of property in the common possessions of all.

11. Relatives of him who reigns, his heirs excepted, who will be maintained by the resources of the State, must enter the ranks of servants of the State or must work to obtain the right to property; the privilege of royal blood must not serve for the spoiling of the treasury.

12. Purchase, receipt of money or inheritance will be subject to the payment of a stamp progressive tax. Any transfer of property, whether money or other, without evidence of payment of this tax which will be strictly registered by names, will render the former holder liable to pay interest on the tax from the moment of transfer of these sums up to the discovery of his evasion of

declaration of the transfer. Transfer documents must be presented weekly at the local treasury office with notifications of the name, surname and permanent place of residence of the former and the new holder of the property. This transfer with register of names must begin from a definite sum which exceeds the ordinary expenses of buying and selling necessities, and these will be subject to payment only by a stamp impost of a definite percentage of the unit.

13. Just strike an estimate of how many times such taxes as these will cover the revenue of the GOYIM States.

## **WE CAUSE DEPRESSIONS**

14. The State exchequer will have to maintain a definite complement of reserve sums, and all that is collected above that complement must be returned into circulation. On these sums will be organized public works. The initiative in works of this kind, proceeding from State sources, will bind the working class firmly to the interests of the State and to those who reign. From these same sums also a part will be set aside as rewards of inventiveness and productiveness.

15. On no account should so much as a single unit above the definite and freely estimated sums be retained in the State Treasuries, for money exists to be circulated and any kind of stagnation of money acts ruinously on the running of the State machinery, for which it is the lubricant; a stagnation of the lubricant may stop the regular working of the mechanism.

16. The substitution of interest-bearing paper for a part of the token of exchange has produced exactly this stagnation. The consequences of this circumstance are already sufficiently noticeable.

17. A court of account will also be instituted by us, and in it the ruler will find at any moment a full accounting for State income and expenditure, with the exception of the current monthly account, not yet made up, and that of the preceding month, which will not yet have been delivered.

18. The one and only person who will have no interest in robbing the State is its owner, the ruler. This is why his personal control will remove the possibility of leakages or extravagances.

19. The representative function of the ruler at receptions for the sake of etiquette, which absorbs so much invaluable time, will be abolished in order that the ruler may have time for control and consideration. His power will not then be split up into fractional parts among time-serving favorites who surround the throne for its pomp and splendor, and are interested only in their own and not in the common interests of the State.

20. Economic crises have been produced by us for the GOYIM by no other means than the withdrawal of money from circulation. Huge capitals have stagnated, withdrawing money from States, which were constantly obliged to apply to those same stagnant capitals for loans. These loans burdened the finances of the State with the payment of interest and made them the bond slaves of these capitals. The concentration of industry in the hands of capitalists out of the hands of small masters has drained away all the juices of the peoples and with them also the States.

21. The present issue of money in general does not correspond with the requirements per head, and cannot therefore satisfy all the needs of the workers. The issue of money ought to correspond with the growth of population and thereby children also must absolutely be reckoned as consumers of currency from the day of their birth. The revision of issue is a material question for the whole world.

22. YOU ARE AWARE THAT THE GOLD STANDARD HAS BEEN THE RUIN OF THE STATES WHICH ADOPTED IT, FOR IT HAS NOT BEEN ABLE TO SATISFY THE DEMANDS FOR MONEY, THE MORE SO

THAT WE HAVE REMOVED GOLD FROM CIRCULATION AS FAR AS POSSIBLE.

### **GENTILE STATES BANKRUPT**

23. With us the standard that must be introduced is the cost of working-man power, whether it be reckoned in paper or in wood. We shall make the issue of money in accordance with the normal requirements of each subject, adding to the quantity with every birth and subtracting with every death.

24. The accounts will be managed by each department, each circle.

25. In order that there may be no delays in the paying out of money for State needs the sums and terms of such payments will be fixed by decree of the ruler; this will do away with the protection by a ministry of one institution to the detriment of others.

26. The budgets of income and expenditure will be carried out side by side that they may not be obscured by distance one to another.

27. The reforms projected by us in the financial institutions and principles of the GOYIM will be clothed by us in such forms as will alarm nobody. We shall point out the necessity of reforms in consequence of the disorderly darkness into which the GOYIM by their irregularities have plunged the finances. The first irregularity, as we shall point out, consists in their beginning with drawing up a single budget which year after year grows owing to the following cause: this budget is dragged out to half the year, then they demand a budget to put things right, and this they expend in three months, after which they ask for a supplementary budget, and all this ends with a liquidation budget. But, as the budget of the following year is drawn up in accordance with the sum of the total addition, the annual departure from the normal reaches as much as 50 per cent in a year, and so the annual budget is trebled in ten years. Thanks to such methods, allowed by the carelessness of the GOY States, their treasuries are empty. The period of loans supervenes, and that has swallowed up remainders and brought all the GOY States to bankruptcy.

28. You understand perfectly that economic arrangements of this kind, which have been suggested to the GOYIM by us, cannot be carried on by us.

29. Every kind of loan proves infirmity in the State and a want of understanding of the rights of the State. Loans hang like a sword of Damocles over the heads of rulers, who, instead of taking from their subjects by a temporary tax, come begging with outstretched palm to our bankers. Foreign loans are leeches which there is no possibility of removing from the body of the State until they fall off of themselves or the State flings them off. But the GOY States do not tear them off; they go on in persisting in putting more on to themselves so that they must inevitably perish, drained by voluntary blood-letting.

### **TYRANNY OF USURY**

30. What also indeed is, in substance, a loan, especially a foreign loan? A loan is - an issue of government bills of exchange containing a percentage obligation commensurate to the sum of the loan capital. If the loan bears a charge of 5 per cent, then in twenty years the State vainly pays away in interest a sum equal to the loan borrowed, in forty years it is paying a double sum, in sixty - treble, and all the while the debt remains an unpaid debt.

31. From this calculation it is obvious that with any form of taxation per head the State is baling out the last coppers of the poor taxpayers in order to settle accounts with wealthy foreigners, from whom it has borrowed money instead of collecting these coppers for its own needs without the additional interest.

32. So long as loans were internal the GOYIM only shuffled their money from the pockets of the poor to those of the rich, but when we bought up the necessary persons in order to transfer loans into the external sphere, all the wealth of States flowed into our cash-boxes and all the GOYIM began to pay us the tribute of subjects.

33. If the superficiality of GOY kings on their thrones in regard to State affairs and the venality of ministers or the want of understanding of financial matters on the part of other ruling persons have made their countries debtors to our treasuries to amounts quite impossible to pay it has not been accomplished without, on our part, heavy expenditure of trouble and money.

34. Stagnation of money will not be allowed by us and therefore there will be no State interest-bearing paper, except a one per-cent series, so that there will be no payment of interest to leeches that suck all the strength out of the State. The right to issue interest-bearing paper will be given exclusively to industrial companies who find no difficulty in paying interest out of profits, whereas the State does not make interest on borrowed money like these companies, for the State borrows to spend and not to use in operations.

35. Industrial papers will be bought also by the government which from being as now a paper of tribute by loan operations will be transformed into a lender of money at a profit. This measure will stop the stagnation of money, parasitic profits and idleness, all of which were useful for us among the GOYIM so long as they were independent but are not desirable under our rule.

36. How clear is the undeveloped power of thought of the purely brute brains of the GOYIM, as expressed in the fact that they have been borrowing from us with payment of interest without ever thinking that all the same these very moneys plus an addition for payment of interest must be got by them from their own State pockets in order to settle up with us. What could have been simpler than to take the money they wanted from their own people?

37. But it is a proof of the genius of our chosen mind that we have contrived to present the matter of loans to them in such a light that they have even seen in them an advantage for themselves.

38. Our accounts, which we shall present when the time comes, in the light of centuries of experience gained by experiments made by us on the GOY States, will be distinguished by clearness and definiteness and will show at a glance to all men the advantage of our innovations. They will put an end to those abuses to which we owe our mastery over the GOYIM, but which cannot be allowed in our kingdom.

39. We shall so hedge about our system of accounting that neither the ruler nor the most insignificant public servant will be in a position to divert even the smallest sum from its destination without detection or to direct it in another direction except that which will be once fixed in a definite plan of action.

40. And without a definite plan it is impossible to rule. Marching along an undetermined road and with undetermined resources brings to ruin by the way heroes and demi-gods.

41. The GOY rulers, whom we once upon a time advised should be distracted from State occupations by representative receptions, observances of etiquette, entertainments, were only screens for our rule. The accounts of favorite courtiers who replaced them in the sphere of affairs were drawn up for them by our agents, and every time gave satisfaction to short-sighted minds by promises that in the future economies and improvements were foreseen. Economies from what? From new taxes? - were questions that might have been but were not asked by those who read our accounts and projects.

42. You know to what they have been brought by this carelessness, to what pitch of financial disorder they have arrived, notwithstanding the astonishing industry of their peoples.

## PROTOCOL No. 21

1. To what I reported to you at the last meeting I shall now add a detailed explanation of internal loans. Of foreign loans I shall say nothing more, because they have fed us with the national moneys of the GOYIM, but for our State there will be no foreigners, that is, nothing external.

2. We have taken advantage of the venality of administrators and slackness of rulers to get our moneys twice, thrice and more times over, by lending to the GOY governments moneys which were not at all needed by the States. Could anyone do the like in regard to us? Therefore, I shall only deal with the details of internal loans.

3. States announce that such a loan is to be concluded and open subscriptions for their own bills of exchange, that is, for their interest-bearing paper. That they may be within the reach of all the price is determined at from a hundred to a thousand; and a discount is made for the earliest subscribers. Next day by artificial means the price of them goes up, the alleged reason being that everyone is rushing to buy them. In a few days the treasury safes are, as they say, overflowing and there's more money than they can do with (why then take it?) The subscription, it is alleged, covers many times over the issue total of the loan; in this lies the whole stage effect - look you, they say, what confidence is shown in the government's bills of exchange.

4. But when the comedy is played out there emerges the fact that a debit and an exceedingly burdensome debit has been created. For the payment of interest it becomes necessary to have recourse to new loans, which do not swallow up but only add to the capital debt. And when this credit is exhausted it becomes necessary by new taxes to cover, not the loan, BUT ONLY THE INTEREST ON IT. These taxes are a debit employed to cover a debit.

5. Later comes the time for conversions, but they diminish the payment of interest without covering the debt, and besides they cannot be made without the consent of the lenders; on announcing a conversion a proposal is made to return the money to those who are not willing to convert their paper. If everybody expressed his unwillingness and demanded his money back, the government would be hoist on their own petard and would be found insolvent and unable to pay the proposed sums. By good luck the subjects of the GOY governments, knowing nothing about financial affairs, have always preferred losses on exchange and diminution of interest to the risk of new investments of their moneys, and have thereby many a time enabled these governments to throw off their shoulders a debit of several millions.

6. Nowadays, with external loans, these tricks cannot be played by the GOYIM for they know that we shall demand all our moneys back.

7. In this way in acknowledged bankruptcy will best prove to the various countries the absence of any means between the interests of the peoples and of those who rule them.

8. I beg you to concentrate your particular attention upon this point and upon the following: nowadays all internal loans are consolidated by so-called flying loans, that is, such as have terms of payment more or less near. These debts consist of moneys paid into the savings banks and reserve funds. If left for long at the disposition of a government these funds evaporate in the payment of interest on foreign loans, and are placed by the deposit of equivalent amount of RENTS.

9. And these last it is which patch up all the leaks in the State treasuries of the GOYIM.

10. When we ascend the throne of the world all these financial and similar shifts, as being not in

accord with our interests, will be swept away so as not to leave a trace, as also will be destroyed all money markets, since we shall not allow the prestige of our power to be shaken by fluctuations of prices set upon our values, which we shall announce by law at the price which represents their full worth without any possibility of lowering or raising. (Raising gives the pretext for lowering, which indeed was where we made a beginning in relation to the values of the GOYIM).

11. We shall replace the money markets by grandiose government credit institutions, the object of which will be to fix the price of industrial values in accordance with government views. These institutions will be in a position to fling upon the market five hundred millions of industrial paper in one day, or to buy up for the same amount. In this way all industrial undertakings will come into dependence upon us. You may imagine for yourselves what immense power we shall thereby secure for ourselves.

## **PROTOCOL No. 22**

1 In all that has so far been reported by me to you, I have endeavored to depict with care the secret of what is coming, of what is past, and of what is going on now, rushing into the flood of the great events coming already in the near future, the secret of our relations to the GOYIM and of financial operations. On this subject there remains still a little for me to add.

2. IN OUR HANDS IS THE GREATEST POWER OF OUR DAY - GOLD: IN TWO DAYS WE CAN PROCURE FROM OUR STOREHOUSES ANY QUANTITY WE MAY PLEASE.

3. Surely there is no need to seek further proof that our rule is predestined by God? Surely we shall not fail with such wealth to prove that all that evil which for so many centuries we have had to commit has served at the end of ends the cause of true well-being - the bringing of everything into order? Though it be even by the exercise of some violence, yet all the same it will be established. We shall contrive to prove that we are benefactors who have restored to the rent and mangled earth the true good and also freedom of the person, and therewith we shall enable it to be enjoyed in peace and quiet, with proper dignity of relations, on the condition, of course, of strict observance of the laws established by us. We shall make plain therewith that freedom does not consist in dissipation and in the right of unbridled license any more than the dignity and force of a man do not consist in the right of everyone to promulgate destructive principles in the nature of freedom of conscience, equality and the like, that freedom of the person in no wise consists in the right to agitate oneself and others by abominable speeches before disorderly mobs, and that true freedom consists in the inviolability of the person who honorably and strictly observes all the laws of life in common, that human dignity is wrapped up in consciousness of the rights and also of the absence of rights of each, and not wholly and solely in fantastic imaginings about the subject of one's EGO.

4. One authority will be glorious because it will be all-powerful, will rule and guide, and not muddle along after leaders and orators shrieking themselves hoarse with senseless words which they call great principles and which are nothing else, to speak honestly, but utopian. Our authority will be the crown of order, and in that is included the whole happiness of man. The aureole of this authority will inspire a mystical bowing of the knee before it and a reverent fear before it of all the peoples. True force makes no terms with any right, not even with that of God: none dare come near to it so as to take so much as a span from it away.

## **PROTOCOL No. 23**

1. That the peoples may become accustomed to obedience it is necessary to inculcate lessons of humility and therefore to reduce the production of articles of luxury. By this we shall improve morals which have been debased by emulation in the sphere of luxury. We shall re-establish

small master production which will mean laying a mine under the private capital of manufactures. This is indispensable also for the reason that manufacturers on the grand scale often move, though not always consciously, the thoughts of the masses in directions against the government. A people of small masters knows nothing of unemployment and this binds him closely with existing order, and consequently with the firmness of authority. For us its part will have been played out the moment authority is transferred into our hands. Drunkenness also will be prohibited by law and punishable as a crime against the humanness of man who is turned into a brute under the influence of alcohol.

2. Subjects, I repeat once more, give blind obedience only to the strong hand which is absolutely independent of them, for in it they feel the sword of defense and support against social scourges. What do they want with an angelic spirit in a king? What they have to see in him is the personification of force and power.

3. The supreme lord who will replace all now existing rulers, dragging in their existence among societies demoralized by us, societies that have denied even the authority of God, from whose midst breeds out on all sides the fire of anarchy, must first of all proceed to quench this all-devouring flame. Therefore he will be obliged to kill off those existing societies, though he should drench them with his own blood, that he may resurrect them again in the form of regularly organized troops fighting consciously with every kind of infection that may cover the body of the State with sores.

4. This Chosen One of God is chosen from above to demolish the senseless forces moved by instinct and not reason, by brutishness and not humanness. These forces now triumph in manifestations of robbery and every kind of violence under the mask of principles of freedom and rights. They have overthrown all forms of social order to erect on the ruins the throne of the King of the Jews; but their part will be played out the moment he enters into his kingdom. Then it will be necessary to sweep them away from his path, on which must be left no knot, no splinter.

5. Then will it be possible for us to say to the peoples of the world: "Give thanks to God and bow the knee before him who bears on his front the seal of the predestination of man, to which God himself has led his star that none other but Him might free us from all the before-mentioned forces and evils".

## **PROTOCOL No. 24**

1. I pass now to the method of confirming the dynastic roots of King David to the last strata of the earth.

2. This confirmation will first and foremost be included in that which to this day has rested the force of conservatism by our learned elders of the conduct of the affairs of the world, in the directing of the education of thought of all humanity.

3. Certain members of the seed of David will prepare the kings and their heirs, selecting not by right of heritage but by eminent capacities, inducting them into the most secret mysteries of the political, into schemes of government, but providing always that none may come to knowledge of the secrets. The object of this mode of action is that all may know that government cannot be entrusted to those who have not been inducted into the secret places of its art.

4. To these persons only will be taught the practical application of the aforementioned plans by comparison of the experiences of many centuries, all the observations on the politico-economic moves and social sciences - in a word, all the spirit of laws which have been unshakably established by nature herself for the regulation of the relations of humanity.

5. Direct heirs will often be set aside from ascending the throne if in their time of training they exhibit frivolity, softness and other qualities that are the ruin of authority, which render them incapable of governing and in themselves dangerous for kingly office.
6. Only those who are unconditionally capable for firm, even if it be to cruelty, direct rule will receive the reins of rule from our learned elders.
7. In case of falling sick with weakness of will or other form of incapacity. kings must by law hand over the reins of rule to new and capable hands.
8. The king's plan of action for the current moment, and all the more so for the future, will be unknown, even to those who are called his closest counselors.

### KING OF THE JEWS

9. Only the king and the three who stood sponsor for him will know what is coming.
10. In the person of the king who with unbending will is master of himself and of humanity all will discern as it were fate with its mysterious ways. None will know what the king wishes to attain by his dispositions, and therefore none will dare to stand across an unknown path.
11. It is understood that the brain reservoir of the king must correspond in capacity to the plan of government it has to contain. It is for this reason that he will ascend the throne not otherwise than after examination of his mind by the aforesaid learned elders.
12. That the people may know and love their king, it is indispensable for him to converse in the market-places with his people. This ensures the necessary clinching of the two forces which are now divided one from another by us by the terror.
13. This terror was indispensable for us till the time comes for both these forces separately to fall under our influence.
14. The king of the Jews must not be at the mercy of his passions, and especially of sensuality: on no side of his character must he give brute instincts power over his mind. Sensuality worse than all else disorganizes the capacities of the mind and clearness of views, distracting the thoughts to the worst and most brutal side of human activity.
15. The prop of humanity in the person of the supreme lord of all the world of the holy seed of David must sacrifice to his people all personal inclinations.
16. Our supreme lord must be of an exemplary irreproachability.

Silent Weapons for Quiet Wars

# **Silent Weapons for Quiet Wars**

An Introduction Programming Manual  
Operations Research Technical Manual  
TW-SW7905.1

## **Welcome Aboard**

This publication marks the 25th anniversary of the Third World War, called the "Quiet War", being conducted using subjective biological warfare, fought with "silent weapons."

This book contains an introductory description of this war, its strategies, and its weaponry.

May 1979 #74-1120

## **Security**

It is patently impossible to discuss social engineering or the automation of a society, i.e., the engineering of social automation systems (silent weapons) on a national or worldwide scale without implying extensive objectives of social control and destruction of human life, i.e., slavery and genocide.

This manual is in itself an analog declaration of intent. Such a writing must be secured from public scrutiny. Otherwise, it might be recognized as a technically formal declaration of domestic war. Furthermore, whenever any person or group of persons in a position of great power and without full knowledge and consent of the public, uses such knowledge and methodologies for economic conquest - it must be understood that a state of domestic warfare exists between said person or group of persons and the public.

The solution of today's problems requires an approach which is ruthlessly candid, with no agonizing over religious, moral or cultural values.

You have qualified for this project because of your ability to look at human society with cold objectivity, and yet analyze and discuss your observations and conclusions with others of similar intellectual capacity without the loss of discretion or humility. Such virtues are exercised in your own best interest. Do not deviate from them.

## **Historical Introduction**

Silent weapon technology has evolved from Operations Research (O.R.), a strategic and tactical methodology developed under the Military Management in England during World War II. The original purpose of Operations Research was to study the strategic and tactical problems of air and land defense with the objective of effective use of limited military resources against foreign enemies (i.e., logistics).

It was soon recognized by those in positions of power that the same methods might be useful for totally controlling a society. But better tools were necessary.

Social engineering (the analysis and automation of a society) requires the correlation of great amounts of constantly changing economic information (data), so a high-speed computerized data-processing system was necessary which could race

ahead of the society and predict when society would arrive for capitulation.

Relay computers were to slow, but the electronic computer, invented in 1946 by J. Presper Eckert and John W. Mauchly, filled the bill.

The next breakthrough was the development of the simplex method of linear programming in 1947 by the mathematician George B. Dantzig.

Then in 1948, the transistor, invented by J. Bardeen, W.H. Brattain, and W. Shockley, promised great expansion of the computer field by reducing space and power requirements.

With these three inventions under their direction, those in positions of power strongly suspected that it was possible for them to control the whole world with the push of a button.

Immediately, the Rockefeller Foundation got in on the ground floor by making a four-year grant to Harvard College, funding the Harvard Economic Research Project for the study of the structure of the American Economy. One year later, in 1949, The United States Air Force joined in.

In 1952 the grant period terminated, and a high-level meeting of the Elite was held to determine the next phase of social operations research. The Harvard project had been very fruitful, as is borne out by the publication of some of its results in 1953 suggesting the feasibility of economic (social) engineering. (Studies in the Structure of the American Economy - copyright 1953 by Wassily Leontief, International Science Press Inc., White Plains, New York).

Engineered in the last half of the decade of the 1940's, the new Quiet War machine stood, so to speak, in sparkling gold-plated hardware on the showroom floor by 1954.

With the creation of the maser in 1954, the promise of unlocking unlimited sources of fusion atomic energy from the heavy hydrogen in sea water and the consequent availability of unlimited social power was a possibility only decades away.

The combination was irresistible.

The Quiet War was quietly declared by the International Elite at a meeting held in 1954.

Although the silent weapons system was nearly exposed 13 years later, the evolution of the new weapon-system has never suffered any major setbacks.

This volume marks the 25th anniversary of the beginning of the Quiet War. Already this domestic war has had many victories on many fronts throughout the world.

### **Political Introduction**

In 1954 it was well recognized by those in positions of authority that it was only a matter of time, only a few decades, before the general public would be able to grasp and upset the cradle of power, for the very elements of the new silent-weapon technology were as accessible for a public utopia as they were for providing a private utopia.

The issue of primary concern, that of dominance, revolved around the subject of the energy sciences.

### **Energy**

Energy is recognized as the key to all activity on earth. Natural science is the study of the sources and control of natural energy, and social science, theoretically expressed as economics, is the study of the sources and control of social energy. Both are bookkeeping systems: mathematics. Therefore, mathematics is the primary energy science. And the bookkeeper can be king if the public can be kept ignorant of the methodology of the bookkeeping.

All science is merely a means to an end. The means is knowledge. The end is control. Beyond this remains only one issue: Who will be the beneficiary?

In 1954 this was the issue of primary concern. Although the so-called "moral issues" were raised, in view of the law of natural selection it was agreed that a nation or world of people who will not use their intelligence are no better than animals who do not have intelligence. Such people are beasts of burden and steaks on the table by choice and consent.

Consequently, in the interest of future world order, peace, and tranquillity, it was decided to privately wage a quiet war against the American public with an ultimate objective of permanently shifting the natural and social energy (wealth) of the undisciplined and irresponsible many into the hands of the self-disciplined, responsible, and worthy few.

In order to implement this objective, it was necessary to create, secure, and apply new weapons which, as it turned out, were a class of weapons so subtle and sophisticated in their principle of operation and public appearance as to earn for themselves the name "silent weapons."

In conclusion, the objective of economic research, as conducted by the magnates of capital (banking) and the industries of commodities (goods) and services, is the establishment of an economy which is totally predictable and manipulatable.

In order to achieve a totally predictable economy, the low-class elements of society must be brought under total control, i.e., must be housebroken, trained, and assigned a yoke and long-term social duties from a very early age, before they have an opportunity to question the propriety of the matter. In order to achieve such conformity, the lower-class family unit must be disintegrated by a process of increasing preoccupation of the parents and the establishment of government-operated day-care centers for the occupationally orphaned children.

The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintain some measure of social order, peace, and tranquillity for the ruling upper class.

### **Descriptive Introduction of the Silent Weapon**

Everything that is expected from an ordinary weapon is expected from a silent

weapon by its creators, but only in its own manner of functioning.

It shoots situations, instead of bullets; propelled by data processing, instead of chemical reaction (explosion); originating from bits of data, instead of grains of gunpowder; from a computer, instead of a gun; operated by a computer programmer, instead of a marksman; under the orders of a banking magnate, instead of a military general.

It makes no obvious explosive noises, causes no obvious physical or mental injuries, and does not obviously interfere with anyone's daily social life.

Yet it makes an unmistakable "noise," causes unmistakable physical and mental damage, and unmistakably interferes with the daily social life, i.e., unmistakable to a trained observer, one who knows what to look for.

The public cannot comprehend this weapon, and therefore cannot believe that they are being attacked and subdued by a weapon.

The public might instinctively feel that something is wrong, but that is because of the technical nature of the silent weapon, they cannot express their feeling in a rational way, or handle the problem with intelligence. Therefore, they do not know how to cry for help, and do not know how to associate with others to defend themselves against it.

When a silent weapon is applied gradually, the public adjusts/adapts to its presence and learns to tolerate its encroachment on their lives until the pressure (psychological via economic) becomes too great and they crack up.

Therefore, the silent weapon is a type of biological warfare. It attacks the vitality, options, and mobility of the individuals of a society by knowing, understanding, manipulating, and attacking their sources of natural and social energy, and their physical, mental, and emotional strengths and weaknesses.

### **Theoretical Introduction**

Give me control over a nation's currency, and I care not who makes its laws.

- Mayer Amschel Rothschild (1743 - 1812)

Today's silent weapons technology is an outgrowth of a simple idea discovered, succinctly expressed, and effectively applied by the quoted Mr. Mayer Amschel Rothschild. Mr. Rothschild discovered the missing passive component of economic theory known as economic inductance. He, of course, did not think of his discovery in these 20th-century terms, and, to be sure, mathematical analysis had to wait for the Second Industrial Revolution, the rise of the theory of mechanics and electronics, and finally, the invention of the electronic computer before it could be effectively applied in the control of the world economy.

### **General Energy Concepts**

In the study of energy systems, there always appears three elementary concepts. These are potential energy, kinetic energy, and energy dissipation. And corresponding to these concepts, there are three idealized, essentially pure physical counterparts called passive components.

In the science of physical mechanics, the phenomenon of potential energy is associated with a physical property called elasticity or stiffness, and can be represented by a stretched spring.

In electronic science, potential energy is stored in a capacitor instead of a spring. This property is called capacitance instead of elasticity or stiffness.

In the science of physical mechanics, the phenomenon of kinetic energy is associated with a physical property called inertia or mass, and can be represented by a mass or a flywheel in motion.

In electronic science, kinetic energy is stored in an inductor (in a magnetic field) instead of a mass. This property is called inductance instead of inertia.

In the science of physical mechanics, the phenomenon of energy dissipation is associated with a physical property called friction or resistance, and can be represented by a dashpot or other device which converts energy into heat.

In electronic science, dissipation of energy is performed by an element called either a resistor or a conductor, the term "resistor" being the one generally used to describe a more ideal device (e.g., wire) employed to convey electronic energy efficiently from one location to another. The property of a resistance or conductor is measured as either resistance or conductance reciprocals.

In economics these three energy concepts are associated with:

**Economic Capacitance - *Capital***

(money, stock/inventory, investments in buildings and durables, etc.)

**Economic Conductance - *Goods***

(production flow coefficients)

**Economic Inductance - *Services***

(the influence of the population of industry on output)

All of the mathematical theory developed in the study of one energy system (e.g., mechanics, electronics, etc.) can be immediately applied in the study of any other energy system (e.g., economics).

### **Mr. Rothchild's Energy Discovery**

What Mr. Rothschild had discovered was the basic principle of power, influence, and control over people as applied to economics. That principle is "when you assume the appearance of power, people soon give it to you."

Mr. Rothschild had discovered that currency or deposit loan accounts had the required appearance of power that could be used to induce people (inductance, with people corresponding to a magnetic field) into surrendering their real wealth in exchange for a promise of greater wealth (instead of real compensation). They would put up real collateral in exchange for a loan of promissory notes. Mr. Rothschild found that he could issue more notes than he had backing for, so long as he had someone's stock of gold as a persuader to show his customers.

Mr. Rothschild loaned his promissory notes to individual and to governments. These

would create overconfidence. Then he would make money scarce, tighten control of the system, and collect the collateral through the obligation of contracts. The cycle was then repeated. These pressures could be used to ignite a war. Then he would control the availability of currency to determine who would win the war. That government which agreed to give him control of its economic system got his support.

Collection of debts was guaranteed by economic aid to the enemy of the debtor. The profit derived from this economic methodology mad Mr. Rothschild all the more able to expand his wealth. He found that the public greed would allow currency to be printed by government order beyond the limits (inflation) of backing in precious metal or the production of goods and services.

### **Apparent Capital as "Paper" Inductor**

In this structure, credit, presented as a pure element called "currency," has the appearance of capital, but is in effect negative capital. Hence, it has the appearance of service, but is in fact, indebtedness or debt. It is therefore an economic inductance instead of an economic capacitance, and if balanced in no other way, will be balanced by the negation of population (war, genocide). The total goods and services represent real capital called the gross national product, and currency may be printed up to this level and still represent economic capacitance; but currency printed beyond this level is subtractive, represents the introduction of economic inductance, and constitutes notes of indebtedness.

War is therefore the balancing of the system by killing the true creditors (the public which we have taught to exchange true value for inflated currency) and falling back on whatever is left of the resources of nature and regeneration of those resources.

Mr. Rothschild had discovered that currency gave him the power to rearrange the economic structure to his own advantage, to shift economic inductance to those economic positions which would encourage the greatest economic instability and oscillation.

The final key to economic control had to wait until there was sufficient data and high-speed computing equipment to keep close watch on the economic oscillations created by price shocking and excess paper energy credits - paper inductance / inflation.

### **Breakthrough**

The aviation field provided the greatest evolution in economic engineering by way of the mathematical theory of shock testing. In this process, a projectile is fired from an airframe on the ground and the impulse of the recoil is monitored by vibration transducers connected to the airframe and wired to chart recorders.

By studying the echoes or reflections of the recoil impulse in the airframe, it is possible to discover critical vibrations in the structure of the airframe which either vibrations of the engine or aeolian vibrations of the wings, or a combination of the two, might reinforce resulting in a resonant self-destruction of the airframe in flight as an aircraft. From the standpoint of engineering, this means that the strengths and weaknesses of the structure of the airframe in terms of vibrational energy can be discovered and manipulated.

## **Application in Economics**

To use this method of airframe shock testing in economic engineering, the prices of commodities are shocked, and the public consumer reaction is monitored. The resulting echoes of the economic shock are interpreted theoretically by computers and the psycho-economic structure of the economy is thus discovered. It is by this process that partial differential and difference matrices are discovered that define the family household and make possible its evaluation as an economic industry (dissipative consumer structure).

Then the response of the household to future shocks can be predicted and manipulated, and society becomes a well-regulated animal with its reins under the control of a sophisticated computer-regulated social energy bookkeeping system.

Eventually every individual element of the structure comes under computer control through a knowledge of personal preferences, such knowledge guaranteed by computer association of consumer preferences (universal product code, UPC; zebra-striped pricing codes on packages) with identified consumers (identified via association with the use of a credit card and later a permanent "tattooed" body number invisible under normal ambient illumination).

## **Summary**

Economics is only a social extension of a natural energy system. It, also, has its three passive components. Because of the distribution of wealth and the lack of communication and lack of data, this field has been the last energy field for which a knowledge of these three passive components has been developed.

Since energy is the key to all activity on the face of the earth, it follows that in order to attain a monopoly of energy, raw materials, goods, and services and to establish a world system of slave labor, it is necessary to have a first strike capability in the field of economics. In order to maintain our position, it is necessary that we have absolute first knowledge of the science of control over all economic factors and the first experience at engineering the world economy.

In order to achieve such sovereignty, we must at least achieve this one end: that the public will not make either the logical or mathematical connection between economics and the other energy sciences or learn to apply such knowledge.

This is becoming increasingly difficult to control because more and more businesses are making demands upon their computer programmers to create and apply mathematical models for the management of those businesses.

It is only a matter of time before the new breed of private programmer/economists will catch on to the far reaching implications of the work begun at Harvard in 1948. The speed with which they can communicate their warning to the public will largely depend upon how effective we have been at controlling the media, subverting education, and keeping the public distracted with matters of no real importance.

## **The Economic Model**

Economics, as a social energy science has as a first objective the description of the complex way in which any given unit of resources is used to satisfy some economic want. (Leontief Matrix). This first objective, when it is extended to get the most

product from the least or limited resources, comprises that objective of general military and industrial logistics known as Operations Research. (See simplex method of linear programming.)

The Harvard Economic Research Project (1948-) was an extension of World War II Operations Research. Its purpose was to discover the science of controlling an economy: at first the American economy, and then the world economy. It was felt that with sufficient mathematical foundation and data, it would be nearly as easy to predict and control the trend of an economy as to predict and control the trajectory of a projectile. Such has proven to be the case. Moreover, the economy has been transformed into a guided missile on target.

The immediate aim of the Harvard project was to discover the economic structure, what forces change that structure, how the behavior of the structure can be predicted, and how it can be manipulated. What was needed was a well-organized knowledge of the mathematical structures and interrelationships of investment, production, distribution, and consumption.

To make a short story of it all, it was discovered that an economy obeyed the same laws as electricity and that all of the mathematical theory and practical and computer know-how developed for the electronic field could be directly applied in the study of economics. This discovery was not openly declared, and its more subtle implications were and are kept a closely guarded secret, for example that in an economic model, human life is measured in dollars, and that the electric spark generated when opening a switch connected to an active inductor is mathematically analogous to the initiation of war.

The greatest hurdle which theoretical economists faced was the accurate description of the household as an industry. This is a challenge because consumer purchases are a matter of choice which in turn is influenced by income, price, and other economic factors.

This hurdle was cleared in an indirect and statistically approximate way by an application of shock testing to determine the current characteristics, called current technical coefficients, of a household industry

Finally, because problems in theoretical electronics can be translated very easily into problems of theoretical electronics, and the solution translated back again, it follows that only a book of language translation and concept definition needed to be written for economics. The remainder could be gotten from standard works on mathematics and electronics. This makes the publication of books on advanced economics unnecessary, and greatly simplifies project security.

### **Industrial Diagrams**

An ideal industry is defined as a device which receives value from other industries in several forms and converts them into one specific product for sales and distribution to other industries. It has several inputs and one output. What the public normally thinks of as one industry is really an industrial complex, where several industries under one roof produce one or more products.

A pure (single output) industry can be represented oversimply by a circuit block as follows:

The flow of product from industry #1 (supply) to industry #2 (demand) is denoted by  $i_{12}$ . The total flow out of industry "K" is denoted by  $I_k$  (sales, etc.).

A three industry network can be diagrammed as follows:

A node is a symbol of collection and distribution of flow. Node #3 receives from industry #3 and distributes to industries #1 and #3. If industry #3 manufactures chairs, then a flow from industry #3 back to industry #3 simply indicates that industry #3 is using part of its own output product, for example, as office furniture. Therefore the flow may be summarized by the equations:

$$\begin{aligned}
\text{Node \#1 : } I_1 &= i_{11} + i_{12} + i_{13} = \sum_{k=1}^3 i_{1k} \\
\text{Node \#2 : } I_2 &= i_{21} + i_{22} + i_{23} = \sum_{k=1}^3 i_{2k} \\
\text{Node \#3 : } I_3 &= i_{31} + i_{32} + i_{33} = \sum_{k=1}^3 i_{3k}
\end{aligned}$$

where  $\sum$  denotes  $\sum_{k=1}^3$

### Three Industrial Classes

Industries fall into three categories or classes by type of output:

**Class #1** - *Capital* (resources)

**Class #2** - *Goods* (commodities or use - dissipative)

**Class #3** - *Services* (action of population)

**Class #1** industries exist at three levels:

*Nature* - sources of energy and raw materials.

*Government* - printing of currency equal to the gross national product (GNP), and extension of currency in excess of GNP.

*Banking* - loaning of money for interest, and extension (inflation/counterfeiting) of economic value through the deposit loan accounts.

**Class #2** industries exist as producers of tangible or consumer (dissipated) products. This sort of activity is usually recognized and labeled by the public as "industry."

**Class #3** industries are those which have service rather than a tangible product as their output. These industries are called (1) households, and (2) governments. Their output is human activity of a mechanical sort, and their basis is population.

Aggregation

The whole economic system can be represented by a three-industry model if one allows the names of the outputs to be (1) capital, (2) goods, and (3) services. The problem with this representation is that it would not show the influence, say, the textile industry on the ferrous metal industry. This is because both the textile industry and the ferrous metal industry would be contained within a single classification called the "goods industry" and by this process of combining or aggregating these two industries under one system block they would lose their economic individuality.

### The E-Model

A national economy consists of simultaneous flows of production, distribution, consumption, and investment. If all of these elements including labor and human functions are assigned a numerical value in like units of measure, say, 1939 dollars, then this flow can be further represented by a current flow in an electronic circuit, and its behavior can be predicted and manipulated with useful precision.

The three ideal passive energy components of electronics, the capacitor, the resistor, and the inductor correspond to the three ideal passive energy components of economics called the pure industries of capital, goods, and services, respectively.

Economic capacitance represents the storage of capital in one form or another.

Economic conductance represents the level of conductance of materials for the production of goods.

Economic inductance represents the inertia of economic value in motion. This is a population phenomenon known as services.

### **Economic Inductance**

An electrical inductor (e.g., a coil or wire) has an electric current as its primary phenomenon and a magnetic field as its secondary phenomenon (inertia). Corresponding to this, an economic inductor has a flow of economic value as its primary phenomenon and a population field as its secondary field phenomenon of inertia. When the flow of economic value (e.g., money) diminishes, the human population field collapses in order to keep the economic value (money) flowing (extreme case - war).

This public inertia is a result of consumer buying habits, expected standard of living, etc., and is generally a phenomenon of self-preservation.

### **Inductive Factors to Consider**

#### **Population**

**Magnitude of the economic activities of the government**

**The method of financing these government activities**

*(See Peter-Paul Principle - inflation of the currency.)*

#### **Translation**

*(a few examples will be given.)*

**Charge:** *coulombs; dollars (1939).*

**Flow/Current:** *amperes (coulombs per second); dollars of flow per year.*

**Motivating Force:** *volts; dollars (output) demand.*

**Conductance:** *amperes per volt; dollars of flow per year per dollar demand.*

**Capacitance:** *coulombs per volt; dollars of production inventory/stock per dollar demand.*

### **Time Flow Relationships and Self-Destructive Oscillations**

An ideal industry may be symbolized electronically in various ways. The simplest way is to represent a demand by a voltage and a supply by a current. When this is done, the relationship between the two becomes what is called an admittance, which can result from three economic factors: (1) **foresight flow**, (2) **present flow**, and (3) **hindsight flow**.

**Foresight flow** is the result of that property of living entities to cause energy (food) to be stored for a period of low energy (e.g., a winter season). It consists of demands made upon an economic system for that period of low energy (winter season).

In a production industry it takes several forms, one of which is known as production stock or inventory. In electronic symbology this specific industry demand (a pure capital industry) is represented by capacitance and the stock or resource is represented by a stored charge. Satisfaction of an industry demand suffers a lag because of the loading effect of inventory priorities.

**Present flow** ideally involves no delays. It is, so to speak, input today for output today, a "hand to mouth" flow. In electronic symbology, this specific industry demand (a pure us industry) is represented by a conductance which is then a simple economic valve (a dissipative element).

**Hindsight flow** is known as habit or inertia. In electronics this phenomenon is the characteristic of an inductor (economic analog = a pure service industry) in which a current flow (economic analog = flow of money) creates a magnetic field (economic analog = active human population) which, if the current (money flow) begins to diminish, collapse (war) to maintain the current (flow of money - energy).

Other large alternatives to war as economic inductors or economic flywheels are an open-ended social welfare program, or an enormous (but fruitful) open-ended space program.

The problem with stabilizing the economic system is that there is too much demand on account of (1) *too much greed* and (2) *too much population*.

This creates excessive economic inductance which can only be balanced with economic capacitance (true resources or value - e.g., in goods or services).

The social welfare program is nothing more than an open-ended credit balance system which creates a false capital industry to give nonproductive people a roof over their heads and food in their stomachs. This can be useful, however, because the recipients become state property in return for the "gift," a standing army for the elite. For he who pays the piper picks the tune.

Those who get hooked on the economic drug, must go to the elite for a fix. In this, the method of introducing large amounts of stabilizing capacitance is by borrowing on the future "credit" of the world. This is a fourth law of motion - onset, and consists of performing an action and leaving the system before the reflected reaction returns to the point of action - a delayed reaction.

The means of surviving the reaction is by changing the system before the reaction can return. By this means, politicians become more popular in their own time and the public pays later. In fact, the measure of such a politician is the delay time.

The same thing is achieved by a government by printing money beyond the limit of the gross national product, and economic process called inflation. This puts a large quantity of money into the hands of the public and maintains a balance against their greed, creates a false self-confidence in them and, for awhile, stays the wolf from the door.

They must eventually resort to war to balance the account, because war ultimately is merely the act of destroying the creditor, and the politicians are the publicly hired hit men that justify the act to keep the responsibility and blood off the public conscience. (See section on consent factors and social-economic structuring.)

If the people really cared about their fellow man, they would control their appetites (greed, procreation, etc.) so that they would not have to operate on a credit or welfare social system which steals from the worker to satisfy the bum.

Since most of the general public will not exercise restraint, there are only two alternatives to reduce the economic inductance of the system.

Let the populace bludgeon each other to death in war, which will only result in a total destruction of the living earth.

Take control of the world by the use of economic "silent weapons" in a form of "quiet warfare" and reduce the economic inductance of the world to a safe level by a process of benevolent slavery and genocide.

The latter option has been taken as the obviously better option. At this point it should be crystal clear to the reader why absolute secrecy about the silent weapons is necessary. The general public refuses to improve its own mentality and its faith in its fellow man. It has become a herd of proliferating barbarians, and, so to speak, a blight upon the face of the earth.

They do not care enough about economic science to learn why they have not been able to avoid war despite religious morality, and their religious or self-gratifying refusal to deal with earthly problems renders the solution of the earthly problem unreachable to them.

It is left to those few who are truly willing to think and survive as the fittest to survive, to solve the problem for themselves as the few who really care. Otherwise, exposure of the silent weapon would destroy our only hope of preserving the seed of the future true humanity.

### **Industry Equivalent Circuits**

The industry 'Q' can be given a block symbol as follows:

## Block Diagram of Industry 'Q'.

Terminals #1 through # $m$  are connected directly to the outputs of industries #1 and # $m$ , respectively.

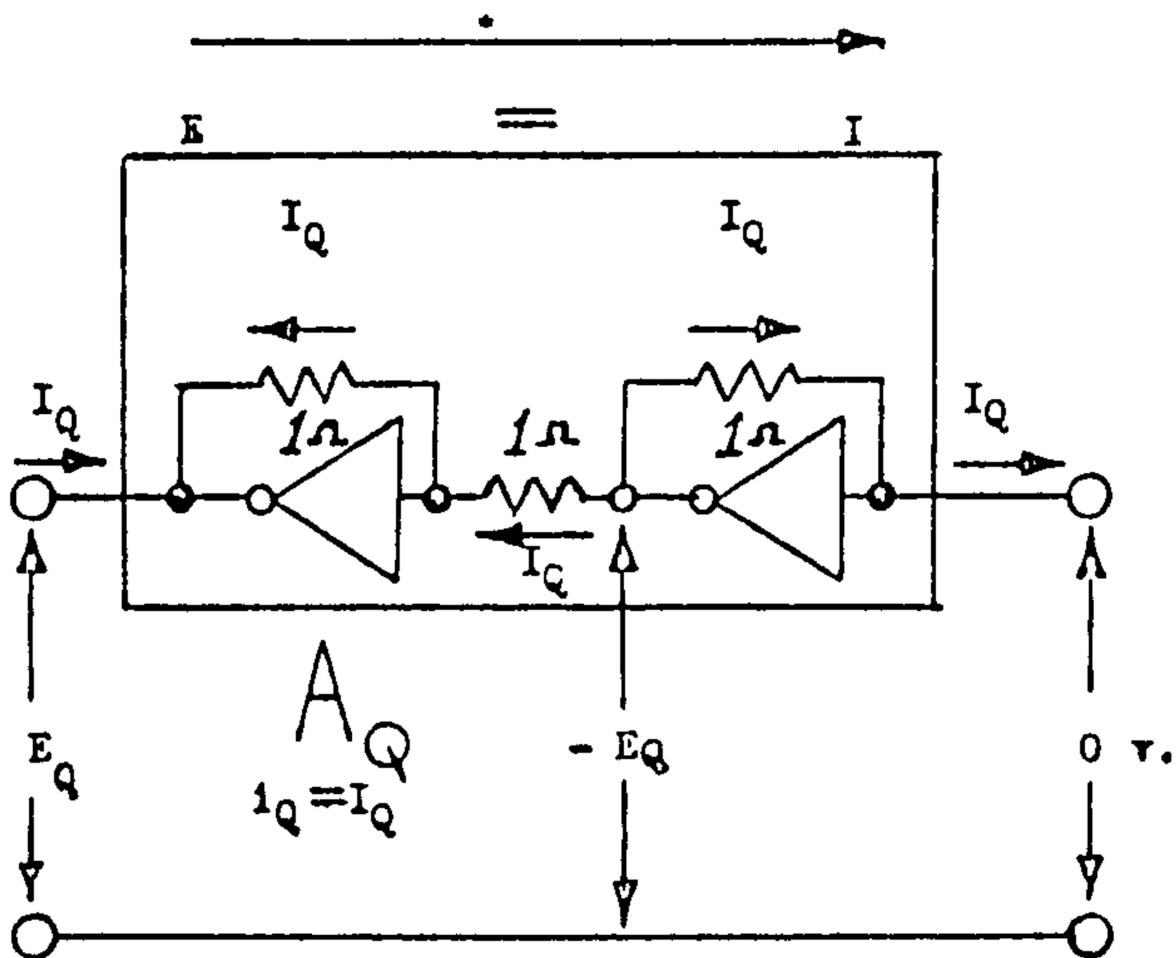

The equivalent circuit of industry 'Q' is given as follows:

of #  
1 0

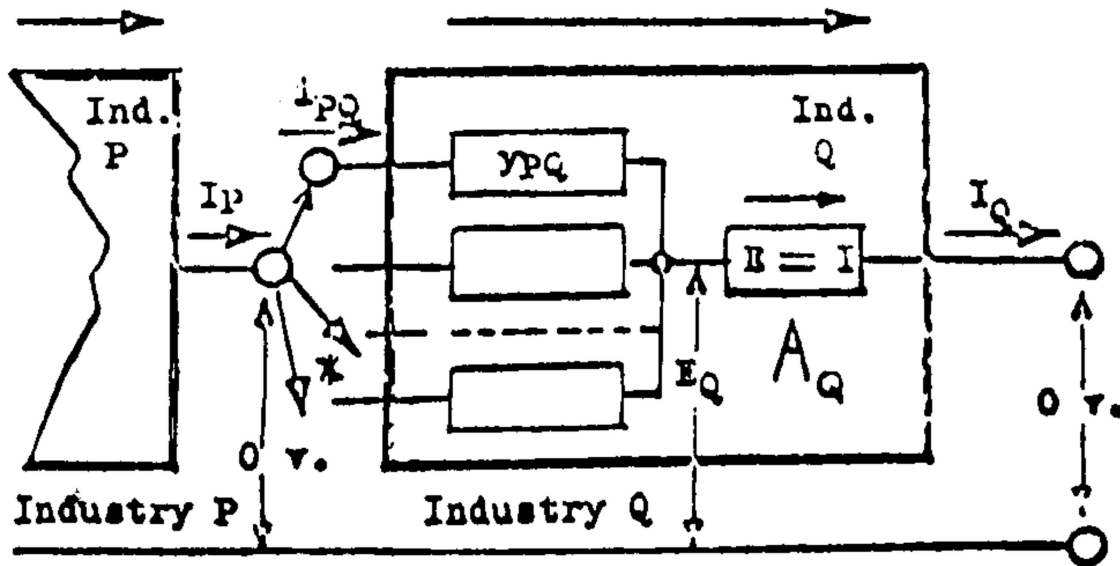

All inputs are at zero volts.

The unit transconductance amplifier AQ is constructed as follows:

\* Arrow denotes the direction of the flow of capital, goods, and services. The total demand is given as  $E_Q$ , where  $E_Q = I_Q$ .

\* - to other industries

The coupling network  $Y_{PQ}$  symbolizes the demand which industry Q makes on industry P. the connective admittance  $Y_{PQ}$  is called the 'technical coefficient' of the industry Q stating the demand of industry Q, called the industry of use, for the output in capital, goods, or services of industry P called the industry of origin.

The flow of commodities from industry P to industry Q is given by  $i_{PQ}$  evaluated by the formula:

$$i_{PQ} = Y_{PQ} * E_Q$$

When the admittance  $Y_{PQ}$  is a simple conductance, this formula takes on the common appearance of Ohm's Law,

$$i_{PQ} = g_{PQ} * I_Q$$

The interconnection of a three industry system can be diagrammed as follows. The blocks of the industry diagram can be opened up revealing the technical coefficients, and a much simpler format. The equations of flow are given as follows:

$$I_1 = i_{11} + i_{12} + i_{13} + i_{10} = \sum i_{1k} + i_{10}$$

$$I_2 = i_{21} + i_{22} + i_{23} + i_{20} = \sum i_{2k} + i_{20}$$

$$I_3 = i_{31} + i_{32} + i_{33} + i_{30} = \sum i_{3k} + i_{30}$$

Stages of Schematic Simplification

Generalization

All of this may now be summarized.

Let  $I_j$  represent the output of industry  $j$ , and  $i_{jk}$ , the amount of the product of industry  $j$  absorbed annually by industry  $k$ , and  $i_{jo}$ , the amount of the same product  $j$  made available for 'outside' use. Then

$$I_j = i_{j1} + i_{j2} + i_{j3} + \dots + i_{jm} + i_{jo}$$

$$= \sum_{k=1}^{k=m} i_{jk} + i_{jo}$$

Substituting the technical coefficients,  $y_{jk}$

$$i_{jk} = y_{jk} I_k$$

$$I_j = \sum_{k=1}^{k=m} i_{jk} + i_{jo} = \sum_{k=1}^{k=m} y_{jk} I_k + i_{jo}$$

Leontief

Matrix for

$$j=1,2,3,\dots,m \left\{ I_j - \sum_{k=1}^{k=m} y_{jk} I_k = i_{jo} \right.$$

Let  $I_k$  at the output of industry  $k$  be represented by a demand voltage  $E_k$  at its amplifier input, i.e., let  $E_k = I_k$ . Then

$$i_{jk} = y_{jk} E_k$$

which is the general equation of every admittance in the industry circuit.

Final Bill of Goods

$$\sum_{j=1}^{j=m} i_{jo} = i_{1o} + i_{2o} + i_{3o} + \dots + i_{mo} \text{ is called}$$

is called the final bill of goods or the bill of final demand, and is zero when the system can be closed by the evaluation of the technical coefficients of the 'non-productive' industries, government and households. Households may be regarded as a productive industry with labor as its output product.

### The Technical Coefficients

The quantities  $y_{jk}$  are called the technical coefficients of the industrial system. They are admittances and can consist of any combination of three passive parameters, conductance, capacitance, and inductance. Diodes are used to make the flow unidirectional and point against the flow.

$g_{jk}$  = economic conductance, absorption coefficient

$y_{jk}$  = economic capacitance, capital coefficient

$L_{jk}$  = economic inductance, human activity coefficient

### Types of Admittances

flow of product

storage in industry Q of capital -- in the form of inventory of materials, stock of equipment, work in progress, intermediate products, etc.. This stock fully reversible meaning that it can be sold or exchanged for other materials.

- flow and stock control, stock is fully reversible, e.g., can be sold or exchanged for other materials.
- flow, but stock not reversible, stock does not need maintenance.

- here the stock is not reversible, and it is subject to depreciation.
- can also represent capital tied up in buildings which cannot be sold and are aging.

- here we have partially reversible stock which may be reversed at a slower rate than it is demanded during production.

- here the stock reversibility and depreciation are accounted for.

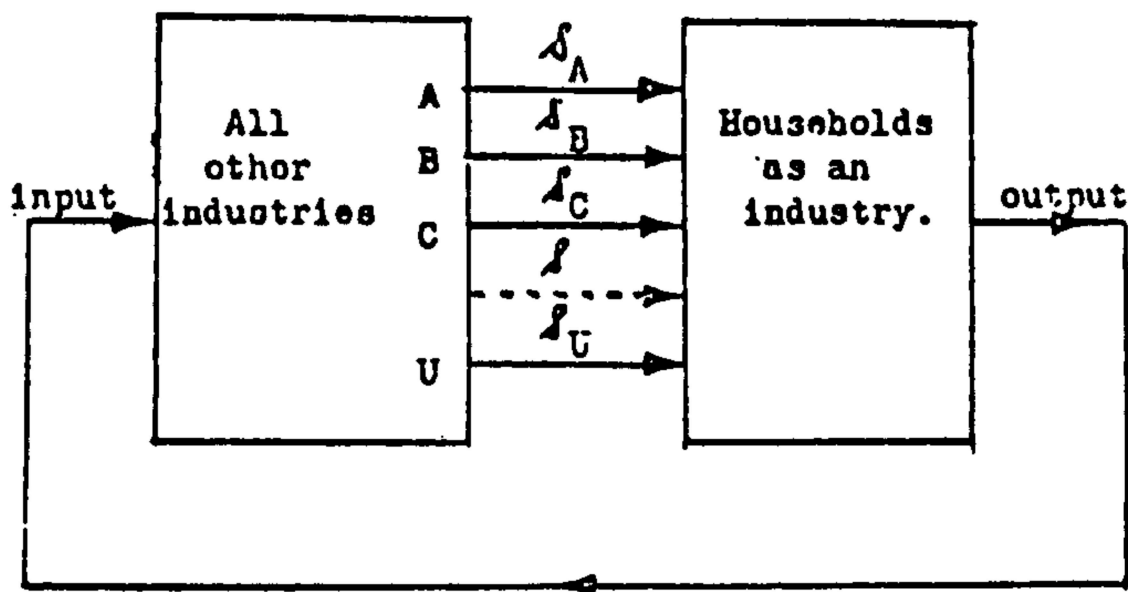

- stock buildup is delayed and stock consumption is likewise delayed.

The industries of finance (banking), manufacturing, and government, real counterparts of the pure industries of capital, goods, and services, are easily defined because they are generally logically structured. Because of this their processes can be described mathematically and their technical coefficients can be easily deduced. This, however, is not the case with the service industry known as the household industry.

### Household Models

When the industry flow diagram is represented by a 2-block system of households on the right and all other industries on the left, the following results:

(labor, etc.)

The arrows from left to right labeled A, B, C, etc., denote flow of economic value from the industries in the left hand block to the industry in the right hand block called 'households'.

These may be thought of as the monthly consumer flows of the following commodities. A - alcoholic beverages, B - beef, C - coffee, . . . , U - unknown, etc. . .

The problem which a theoretical economist faces is that the consumer preferences of any household is not easily predictable and the technical coefficients of any one household tend to be a nonlinear, very complex, and variable function of income, prices, etc.

Computer information derived from the use of the universal product code in conjunction with credit-card purchase as an individual household identifier could change this state of affairs, but the U.P.C. method is not yet available on a national or even a significant regional scale. To compensate for this data deficiency, an alternate indirect approach of analysis has been adopted known as economic shock testing. This method, widely used in the aircraft manufacturing industry, develops an aggregate statistical sort of data.

Applied to economics, this means that all of the households in one region or in the whole nation are studied as a group or class rather than individually, and the mass behavior rather than the individual behavior is used to discover useful estimates of the technical coefficients governing the economic structure of the hypothetical single-household industry.

Notice in the industry flow diagram that the values for the flows A, B, C, etc. are accessible to measurement in terms of selling prices and total sales of commodities.

One method of evaluating the technical coefficients of the household industry depends upon shocking the prices of a commodity and noting the changes in the sales of all of the commodities.

### **Economic Shock Testing**

In recent times, the application of Operations Research to the study of the public economy has been obvious for anyone who understands the principles of shock testing.

In the shock testing of an aircraft airframe, the recoil impulse of firing a gun mounted on that airframe causes shock waves in that structure which tell aviation engineers the conditions under which some parts of the airplane or the whole airplane or its wings will start to vibrate or flutter like a guitar string, a flute reed, or a tuning fork, and disintegrate or fall apart in flight.

Economic engineers achieve the same result in studying the behavior of the economy and the consumer public by carefully selecting a staple commodity such as beef, coffee, gasoline, or sugar, and then causing a sudden change or shock in its price or availability, thus kicking everybody's budget and buying habits out of shape.

They then observe the shock waves which result by monitoring the changes in advertising, prices, and sales of that and other commodities.

The objective of such studies is to acquire the know-how to set the public economy into a predictable state of motion or change, even a controlled self-destructive state of motion which will convince the public that certain "expert" people should take control of the money system and reestablish security (rather than liberty and justice) for all. When the subject citizens are rendered unable to control their financial affairs, they, of course, become totally enslaved, a source of cheap labor.

Not only the prices of commodities, but also the availability of labor can be used as the means of shock testing. Labor strikes deliver excellent tests shocks to an economy, especially in the critical service areas of trucking (transportation), communication, public utilities (energy, water, garbage collection), etc.

By shock testing, it is found that there is a direct relationship between the availability of money flowing in an economy and the real psychological outlook and response of masses of people dependent upon that availability.

For example, there is a measurable quantitative relationship between the price of gasoline and the probability that a person would experience a headache, feel a need to watch a violent movie, smoke a cigarette, or go to a tavern for a mug of beer.

It is most interesting that, by observing and measuring the economic models by which the public tries to run from their problems and escape from reality, and by applying the mathematical theory of Operations Research, it is possible to program computers to predict the most probable combination of created events (shocks) which will bring about a complete control and subjugation of the public through a subversion of the public economy (by shaking the plum tree).

### Introduction to the Theory of Economic Shock Testing

Let the prices and total sales of commodities be given and symbolized as follows:

Commodities	Price Function	Total Sales
alcoholic beverages	A	A
beef	B	B
coffee	C	C
gasoline	G	G
sugar	S	S
tobacco	T	T
unknown balance	U	U

Let us assume a simple economic model in which the total number of important (staple) commodities are represented as beef, gasoline, and an aggregate of all other staple commodities which we will call the hypothetical miscellaneous staple commodity 'M' (e.g., M is an aggregate of C, S, T, U, etc.).

### Example of Shock Testing

Assume that the total sales, P, of petroleum products can be described by the linear function of the quantities B, G, and M, which are functions of the prices of those respective commodities.

$$P = a_{PB} B + a_{PG} G + a_{PM} M$$

Then where B, G, and M are functions of the prices of beef, gasoline, and miscellaneous, respectively, and  $a_{PB}$ ,  $a_{PG}$ , and  $a_{PM}$  are constant coefficients defining the amount by which each of the functions B, G, and M affect the sales, P, of petroleum products. We are assuming that B, G, and M are variables independent of each other.

If the availability or price of gasoline is suddenly changed, then G must be replaced by  $G + \Delta G$ . This causes a change in the petroleum sales from P to  $P + \Delta P$ . Also we will assume that B and M remain constant when G changes to  $G + \Delta G$ .

$$(P + \Delta P) = a_{PB} B + a_{PG} (G + \Delta G) + a_{PM} M$$

Expanding upon this expression, we get

$$P + \Delta P = a_{PB} B + a_{PG} G + a_{PG} \Delta G + a_{PM} M$$

and subtracting the original value of P we get for the change in P

$$\text{Change in } P = \Delta P = a_{PG} \Delta G$$

Dividing by  $\Delta G$  we get

$$a_{PG} = \Delta P / \Delta G$$

This is a rate of change in P due only to an isolated change in G,  $\Delta G$ .

In general,  $a_{jk}$  is the partial rate of change in the sales effect j due to a change in the causal price function of commodity k. If the interval of time were infinitesimal, this expression would be reduced to the definition of the total differential of a function, P.

For if  $a_{jk} = \frac{\partial j}{\partial k}$ , and if  $P = a_{PB}B + a_{PG}G + a_{PM}M$  and B, G, and M are independent variables, then

$$a_{PB} = \frac{\partial P}{\partial B} \quad \text{and}$$

$$dP = \frac{\partial P}{\partial B} dB + \frac{\partial P}{\partial G} dG + \frac{\partial P}{\partial M} dM$$

Integrating, we get

$$P = \int \frac{\partial P}{\partial B} dB + \int \frac{\partial P}{\partial G} dG + \int \frac{\partial P}{\partial M} dM.$$

If the  $a_{jk}$  are constant coefficients, then the rates,  $\partial j / \partial k$ , are constant also and can be taken outside of the integrals. Therefore,

$$P = \frac{\partial P}{\partial B} \int dB + \frac{\partial P}{\partial G} \int dG + \frac{\partial P}{\partial M} \int dM \quad \text{or}$$

$$P = \frac{\partial P}{\partial B} B + \frac{\partial P}{\partial G} G + \frac{\partial P}{\partial M} M + K.$$

Furthermore,

$$\begin{aligned} \mathcal{S}_A &= \frac{\partial \mathcal{S}_A}{\partial B} B + \frac{\partial \mathcal{S}_A}{\partial G} G + \frac{\partial \mathcal{S}_A}{\partial M} M + K_A \\ \mathcal{S}_B &= \frac{\partial \mathcal{S}_B}{\partial B} B + \frac{\partial \mathcal{S}_B}{\partial G} G + \frac{\partial \mathcal{S}_B}{\partial M} M + K_B \\ \mathcal{S}_C &= \frac{\partial \mathcal{S}_C}{\partial B} B + \frac{\partial \mathcal{S}_C}{\partial G} G + \frac{\partial \mathcal{S}_C}{\partial M} M + K_C \\ \mathcal{S}_U &= \frac{\partial \mathcal{S}_U}{\partial B} B + \frac{\partial \mathcal{S}_U}{\partial G} G + \frac{\partial \mathcal{S}_U}{\partial M} M + K_U \end{aligned}$$

When the price of gasoline is shocked, all of the coefficients with round G (2G) in the denominator are evaluated at the same time. If B, G, and M were independent, and sufficient for description of the economy, then three shock tests would be necessary to evaluate the system.

There are other factors which may be represented the same way.

For example, the tendency of a docile sub-nation to withdraw under economic pressure may be given by

$$\phi = \frac{\partial \phi}{\partial G} G + \frac{\partial \phi}{\partial W_P} W_P + \dots$$

where G is the price of gasoline, WP is the dollars spent per unit time (referenced to say 1939) for war production during 'peace' time, etc. These quantities are presented to a computer in matrix format as follows:

$$\begin{vmatrix} \frac{\partial P}{\partial G} & \frac{\partial P}{\partial B} & \dots & \frac{\partial P}{\partial U} \\ \frac{\partial F}{\partial G} & \frac{\partial F}{\partial B} & \dots & \frac{\partial F}{\partial U} \\ \dots & \dots & \dots & \dots \\ \frac{\partial T}{\partial G} & \frac{\partial T}{\partial B} & \dots & \frac{\partial T}{\partial U} \\ \frac{\partial \phi}{\partial G} & \frac{\partial \phi}{\partial B} & \dots & \frac{\partial \phi}{\partial U} \end{vmatrix} \cdot \begin{vmatrix} G \\ B \\ \cdot \\ \cdot \\ U \end{vmatrix} = \begin{vmatrix} P - K_P \\ F - K_F \\ \cdot \\ T - K_T \\ \phi - K_\phi \end{vmatrix}$$

$\uparrow \qquad \qquad \uparrow$   
 $X_k \qquad Y_j$

or  $[a_{jk}] [X_k] = [Y_j]$

where the  $a_{jk}$  are defined by  $a_{jk} = \frac{\partial X_j}{\partial X_k}$ .

$$\begin{aligned} &\text{and} \\ X_1 &= G \quad Y_1 = P - KP \\ X_2 &= B \quad Y_2 = F - KF \\ X_3 &= \text{etc.} \quad Y_3 = \text{etc.} \end{aligned}$$

Finally, inverting this matrix, i.e., solving for the  $X_k$  terms of the  $Y_j$ , we get, say,

$$[b_{kj}] [Y_j] = [X_k] .$$

This is the result into which we substitute to get that set of conditions of prices of commodities, bad news on TV, etc., which will deliver a collapse of public morale ripe for take over.

Once the economic price and sales coefficients  $a_{jk}$  and  $b_{kj}$  are determined, they may be translated into the technical supply and demand coefficients  $g_{jk}$ ,  $C_{jk}$ , and  $1/L_{jk}$ .

Shock testing of a given commodity is then repeated to get the time rate of change of these technical coefficients.

### Introduction to Economic Amplifiers

Economic amplifiers are the active components of economic engineering. The basic characteristic of any amplifier (mechanical, electrical, or economic) is that it receives an input control signal and delivers energy from an independent energy source to a specified output terminal in a predictable relationship to that input control signal.

The simplest form of an economic amplifier is a device called advertising.

If a person is spoken to by a T.V. advertiser as if he were a twelve-year-old, then, due to suggestibility, he will, with a certain probability, respond or react to that suggestion with the uncritical response of a twelve-year-old and will reach into his economic reservoir and deliver its energy to buy that product on impulse when he passes it in the store.

An economic amplifier may have several inputs and output. Its response might be instantaneous or delayed. Its circuit symbol might be a rotary switch if its options are exclusive, qualitative, "go" or "no-go", or it might have its parametric input/output relationships specified by a matrix with internal energy sources represented.

Whatever its form might be, its purpose is to govern the flow of energy from a source to an output sink in direct relationship to an input control signal. For this reason, it is called an active circuit element or component.

Economic Amplifiers fall into classes called strategies, and, in comparison with electronic amplifiers, the specific internal functions of an economic amplifier are called logistical instead of electrical.

Therefore, economic amplifiers not only deliver power gain but also, in effect, are used to cause changes in the economic circuitry.

In the design of an economic amplifier we must have some idea of at least five functions, which are:

*the available input signals*  
*the desired output-control objectives,*  
*the strategic objective,*  
*the available economic power sources,*  
*the logistical options.*

The process of defining and evaluating these factors and incorporating the economic amplifier into an economic system has been popularly called game theory.

The design of an economic amplifier begins with a specification of the power level of the output, which can range from personal to national. The second condition is accuracy of response, i.e., how accurately the output action is a function of the input commands. High gain combined with strong feedback helps to deliver the required precision.

Most of the error will be in the input data signal. Personal input data tends to be specified, while national input data tends to be statistical.

### **Short List of Inputs**

#### **Questions to be answered:**

*what*  
*where*  
*why*  
*when*  
*how*  
*who*

#### **General sources of information:**

*telephone taps*  
*analysis of garbage*  
*surveillance*  
*behavior of children in school*

#### **Standard of living by:**

*food*  
*shelter*  
*clothing*  
*transportation*

#### **Social contacts:**

*telephone - itemized record of calls*  
*family - marriage certificates, birth certificates, etc.*  
*friends, associates, etc.*  
*memberships in organizations*  
*political affiliation*

### **The Personal Paper Trail**

#### **Personal buying habits, i.e., personal consumer preferences:**

*checking accounts*  
*credit-card purchases*  
*"tagged" credit-card purchases - the credit-card purchase of products bearing the U.P.C.*  
*(Universal Product Code)*

**Assets:**

*checking accounts*  
*savings accounts*  
*real estate*  
*business*  
*automobile, etc.*  
*safety deposit at bank*  
*stock market*

**Liabilities:**

*creditors*  
*enemies (see - legal)*  
*loans*

**Government sources (*ploys*):**

*Welfare*  
*Social Security*  
*U.S.D.A. surplus food*  
*doles*  
*grants*  
*subsidies*

\* Principle of this ploy -- the citizen will almost always make the collection of information easy if he can operate on the "free sandwich principle" of "eat now, and pay later."

**Government sources (*via intimidation*):**

*Internal Revenue Service*  
*OSHA*  
*Census*  
*etc.*  
*Other government sources -- surveillance of U.S. mail.*

**Habit Patterns -- Programming****Strengths and weaknesses:**

*activities (sports, hobbies, etc.)*  
*see "legal" (fear, anger, etc. -- crime record)*  
*hospital records (drug sensitivities, reaction to pain, etc.)*  
*psychiatric records (fears, angers, disgusts, adaptability, reactions to stimuli, violence, suggestibility or hypnosis, pain, pleasure, love, and sex)*

**Methods of coping -- of adaptability -- behavior:**

*consumption of alcohol*  
*consumption of drugs*  
*entertainment*  
*religious factors influencing behavior*  
*other methods of escaping from reality*

**Payment modus operandi (MO) -- pay on time, etc.:**

*payment of telephone bills*  
*energy purchases*  
*water purchases*  
*repayment of loans*

*house payments*  
*automobile payments*  
*payments on credit cards*

**Political sensitivity:**

*beliefs*  
*contacts*  
*position*  
*strengths/weaknesses*  
*projects/activities*  
*Legal inputs -- behavioral control (Excuses for investigation, search, arrest, or employment of force to modify behavior)*  
*court records*  
*police records -- NCIC*  
*driving record*  
*reports made to police*  
*insurance information*  
*anti-establishment acquaintances*  
*National Input Information*

**Business sources (via I.R.S., etc):**

*prices of commodities*  
*sales*  
*investments in*  
*stocks/inventory*  
*production tools and machinery*  
*buildings and improvements*  
*the stock market*  
*Banks and credit bureaus:*  
*credit information*  
*payment information*  
*Miscellaneous sources:*  
*polls and surveys*  
*publications*  
*telephone records*  
*energy and utility purchases*

**Short List of Outputs**

Outputs -- create controlled situations -- manipulation of the economy, hence society  
-- control by control of compensation and income.

**Sequence:**

*allocates opportunities.*  
*destroys opportunities.*  
*controls the economic environment.*  
*controls the availability of raw materials.*  
*controls capital.*  
*controls bank rates.*  
*controls the inflation of the currency.*  
*controls the possession of property.*  
*controls industrial capacity.*  
*controls manufacturing.*

*controls the availability of goods (commodities).*  
*controls the prices of commodities.*  
*controls services, the labor force, etc.*  
*controls payments to government officials.*  
*controls the legal functions.*  
*controls the personal data files -- uncorrectable by the party slandered.*  
*controls advertising.*  
*controls media contact.*  
*controls material available for T.V. viewing*  
*disengages attention from real issues.*  
*engages emotions.*  
*creates disorder, chaos, and insanity.*  
*controls design of more probing tax forms.*  
*controls surveillance.*  
*controls the storage of information.*  
*develops psychological analyses and profiles of individuals.*  
*controls legal functions [repeat of 15]*  
*controls sociological factors.*  
*controls health options.*  
*preys on weakness.*  
*cripples strengths.*  
*leaches wealth and substance.*

### Table of Strategies

<u>Do this:</u>	<u>To get this:</u>
<i>Keep the public ignorant</i>	<i>Less public organization</i>
<i>Maintain access to control points for feedback</i>	<i>Required reaction to outputs (prices, sales)</i>
<i>Create preoccupation</i>	<i>Lower defenses</i>
<i>Attack the family unit</i>	<i>Control of the education of the young</i>
<i>Give less cash and more credit and doles</i>	<i>More self-indulgence and more data</i>
<i>Attack the privacy of the church</i>	<i>Destroy faith in this sort of government</i>
<i>Social conformity</i>	<i>Computer programming simplicity</i>
<i>Minimize the tax protest</i>	<i>Maximum economic data, minimum enforcement problems</i>
<i>Stabilize the consent</i>	<i>Simplicity coefficients</i>
<i>Tighten control of variables</i>	<i>Simpler computer input data -- greater predictability</i>
<i>Establish boundary conditions</i>	<i>Problem simplicity / solutions of differential and difference equations</i>

*Proper timing*

*Less data shift and blurring*

*Maximize control*

*Minimum resistance to control*

*Collapse of currency*

*Destroy the faith of the American people in each other.*

### **Diversion, the Primary Strategy**

Experience has prevent that the simplest method of securing a silent weapon and gaining control of the public is to keep the public undisciplined and ignorant of the basic system principles on the one hand, while keeping them confused, disorganized, and distracted with matters of no real importance on the other hand.

This is achieved by:

*disengaging their minds*; sabotaging their mental activities; providing a low-quality program of public education in mathematics, logic, systems design and economics; and discouraging technical creativity.

*engaging their emotions*, increasing their self-indulgence and their indulgence in emotional and physical activities, by:

*unrelenting emotional affrontations and attacks* (mental and emotional rape) by way of constant barrage of sex, violence, and wars in the media - especially the T.V. and the newspapers.

*giving them what they desire* - in excess - "junk food for thought" - and depriving them of what they really need.

*rewriting history and law* and subjecting the public to the deviant creation, thus being able to shift their thinking from personal needs to highly fabricated outside priorities.

These preclude their interest in and discovery of the silent weapons of social automation technology.

The general rule is that there is a profit in confusion; the more confusion, the more profit. Therefore, the best approach is to create problems and then offer solutions.

### **Diversion Summary**

**Media:** *Keep the adult public attention diverted away from the real social issues, and captivated by matters of no real importance.*

**Schools:** *Keep the young public ignorant of real mathematics, real economics, real law, and real history.*

**Entertainment:** *Keep the public entertainment below a sixth-grade level.*

**Work:** *Keep the public busy, busy, busy, with no time to think; back on the farm with the other animals.*

### **Consent, the Primary Victory**

A silent weapon system operates upon data obtained from a docile public by legal (but not always lawful) force. Much information is made available to silent weapon systems programmers through the Internal Revenue Service. (See Studies in the Structure of the American Economy for an I.R.S. source list.)

This information consists of the enforced delivery of well-organized data contained in federal and state tax forms, collected, assembled, and submitted by slave labor provided by taxpayers and employers.

Furthermore, the number of such forms submitted to the I.R.S. is a useful indicator of public consent, an important factor in strategic decision making. Other data sources are given in the Short List of Inputs.

Consent Coefficients - numerical feedback indicating victory status. Psychological basis: When the government is able to collect tax and seize private property without just compensation, it is an indication that the public is ripe for surrender and is consenting to enslavement and legal encroachment. A good and easily quantified indicator of harvest time is the number of public citizens who pay income tax despite an obvious lack of reciprocal or honest service from the government.

### **Amplification Energy Sources**

The next step in the process of designing an economic amplifier is discovering the energy sources. The energy sources which support any primitive economic system are, of course, a supply of raw materials, and the consent of the people to labor and consequently assume a certain rank, position, level, or class in the social structure, i.e., to provide labor at various levels in the pecking order.

Each class, in guaranteeing its own level of income, controls the class immediately below it, hence preserves the class structure. This provides stability and security, but also government from the top.

As time goes on and communication and education improve, the lower-class elements of the social labor structure become knowledgeable and envious of the good things that the upper-class members have. They also begin to attain a knowledge of energy systems and the ability to enforce their rise through the class structure.

This threatens the sovereignty of the elite.

If this rise of the lower classes can be postponed long enough, the elite can achieve energy dominance, and labor by consent no longer will hold a position of an essential energy source.

Until such energy dominance is absolutely established, the consent of people to labor and let others handle their affairs must be taken into consideration, since failure to do so could cause the people to interfere in the final transfer of energy sources to the control of the elite.

It is essential to recognize that at this time, public consent is still an essential key to the release of energy in the process of economic amplification.

Therefore, consent as an energy release mechanism will now be considered.

### **Logistics**

The successful application of a strategy requires a careful study of inputs, outputs, the strategy connecting the inputs and the outputs, and the available energy sources to fuel the strategy. This study is called logistics.

A logistical problem is studied at the elementary level first, and then levels of greater complexity are studied as a synthesis of elementary factors.

This means that a given system is analyzed, i.e., broken down into its subsystems, and these in turn are analyzed, until by this process, one arrives at the logistical "atom," the individual.

This is where the process of synthesis properly begins, at the time of birth of the individual.

### **The Artificial Womb**

From the time a person leaves its mother's womb, its every effort is directed towards building, maintaining, and withdrawing into artificial wombs, various sorts of substitute protective devices or shells.

The objective of these artificial wombs is to provide a stable environment for both stable and unstable activity; to provide a shelter for the evolutionary processes of growth and maturity - i.e., survival; to provide security for freedom and to provide defensive protection for offensive activity.

This is equally true of both the general public and the elite. However, there is a definite difference in the way each of these classes go about the solution of problems.

### **The Political Structure of a Nation - Dependency**

The primary reason why the individual citizens of a country create a political structure is a subconscious wish or desire to perpetuate their own dependency relationship of childhood. Simply put, they want a human god to eliminate all risk from their life, pat them on the head, kiss their bruises, put a chicken on every dinner table, clothe their bodies, tuck them into bed at night, and tell them that everything will be alright when they wake up in the morning.

This public demand is incredible, so the human god, the politician, meets incredibility with incredibility by promising the world and delivering nothing. So who is the bigger liar? the public? or the "godfather"?

This public behavior is surrender born of fear, laziness, and expediency. It is the basis of the welfare state as a strategic weapon, useful against a disgusting public.

### **Action/Offense**

Most people want to be able to subdue and/or kill other human beings which disturb their daily lives, but they do not want to have to cope with the moral and religious issues which such an overt act on their part might raise. Therefore, they assign the dirty work to others (including their own children) so as to keep the blood off their hands. They rave about the humane treatment of animals and then sit down to a delicious hamburger from a whitewashed slaughterhouse down the street and out of sight. But even more hypocritical, they pay taxes to finance a professional

association of hit men collectively called politicians, and then complain about corruption in government.

### **Responsibility**

Again, most people want to be free to do the things (to explore, etc.) but they are afraid to fail.

The fear of failure is manifested in irresponsibility, and especially in delegating those personal responsibilities to others where success is uncertain or carries possible or created liabilities (law) which the person is not prepared to accept. They want authority (root word - "author"), but they will not accept responsibility or liability. So they hire politicians to face reality for them.

### **Summary**

The people hire the politicians so that the people can:

- obtain security without managing it.

- obtain action without thinking about it.

- inflict theft, injury, and death upon others without having to contemplate either life or death.

- avoid responsibility for their own intentions.

- obtain the benefits of reality and science without exerting themselves in the discipline of facing or learning either of these things.

They give the politicians the power to create and manage a war machine to:

- provide for the survival of the nation/womb.

- prevent encroachment of anything upon the nation/womb.

- destroy the enemy who threatens the nation/womb.

- destroy those citizens of their own country who do not conform for the sake of stability of the nation/womb.

Politicians hold many quasi-military jobs, the lowest being the police which are soldiers, the attorneys and C.P.A.s next who are spies and saboteurs (licensed), and the judges who shout orders and run the closed union military shop for whatever the market will bear. The generals are industrialists. The "presidential" level of commander-in-chief is shared by the international bankers. The people know that they have created this farce and financed it with their own taxes (consent), but they would rather knuckle under than be the hypocrite.

Thus, a nation becomes divided into two very distinct parts, a docile sub-nation [great silent majority] and a political sub-nation. The political sub-nation remains attached to the docile sub-nation, tolerates it, and leaches its substance until it grows strong enough to detach itself and then devour its parent.

## System Analysis

In order to make meaningful computerized economic decisions about war, the primary economic flywheel, it is necessary to assign concrete logistical values to each element of the war structure - personnel and material alike.

This process begins with a clear and candid description of the subsystems of such a structure.

### The Draft (As military service)

Few efforts of human behavior modification are more remarkable or more effective than that of the socio-military institution known as the draft. A primary purpose of a draft or other such institution is to instill, by intimidation, in the young males of a society the uncritical conviction that the government is omnipotent. He is soon taught that a prayer is slow to reverse what a bullet can do in an instant. Thus, a man trained in a religious environment for eighteen years of his life can, by this instrument of the government, be broken down, be purged of his fantasies and delusions in a matter of mere months. Once that conviction is instilled, all else becomes easy to instill.

Even more interesting is the process by which a young man's parents, who purportedly love him, can be induced to send him off to war to his death. Although the scope of this work will not allow this matter to be expanded in full detail, nevertheless, a coarse overview will be possible and can serve to reveal those factors which must be included in some numerical form in a computer analysis of social and war systems.

*We begin with a tentative definition of the draft.*

The draft (selective service, etc.) is an institution of compulsory collective sacrifice and slavery, devised by the middle-aged and elderly for the purpose of pressing the young into doing the public dirty work. It further serves to make the youth as guilty as the elders, thus making criticism of the elders by the youth less likely (Generational Stabilizer). It is marketed and sold to the public under the label of "patriotic = national" service.

Once a candid economic definition of the draft is achieved, that definition is used to outline the boundaries of a structure called a Human Value System, which in turn is translated into the terms of game theory. The value of such a slave laborer is given in a Table of Human Values, a table broken down into categories by intellect, experience, post-service job demand, etc.

Some of these categories are ordinary and can be tentatively evaluated in terms of the value of certain jobs for which a known fee exists. Some jobs are harder to value because they are unique to the demands of social subversion, for an extreme example: the value of a mother's instruction to her daughter, causing that daughter to put certain behavioral demands upon a future husband ten or fifteen years hence; thus, by suppressing his resistance to a perversion of a government, making it easier for a banking cartel to buy the State of New York in, say, twenty years.

Such a problem leans heavily upon the observations and data of wartime espionage and many types of psychological testing. But crude mathematical models (algorithms, etc.) can be devised, if not to predict, at least to predetermine these events with

maximum certainty. What does not exist by natural cooperation is thus enhanced by calculated compulsion. Human beings are machines, levers which may be grasped and turned, and there is little real difference between automating a society and automating a shoe factory.

These derived values are variable. (It is necessary to use a current Table of Human Values for computer analysis.) These values are given in true measure rather than U.S. dollars, since the latter is unstable, being presently inflated beyond the production of national goods and services so as to give the economy a false kinetic energy ("paper" inductance).

The silver value is stable, it being possible to buy the same amount with a gram of silver today as it could be bought in 1920. Human value measured in silver units changes slightly due to changes in production technology.

## **Enforcement**

### *Factor I*

As in every social system approach, stability is achieved only by understanding and accounting for human nature (action/reaction patterns). A failure to do so can be, and usually is, disastrous.

As in other human social schemes, one form or another of intimidation (or incentive) is essential to the success of the draft. Physical principles of action and reaction must be applied to both internal and external subsystems.

To secure the draft, individual brainwashing/programming and both the family unit and the peer group must be engaged and brought under control.

### *Factor II - Father*

The man of the household must be housebroken to ensure that junior will grow up with the right social training and attitudes. The advertising media, etc., are engaged to see to it that father-to-be is pussy-whipped before or by the time he is married. He is taught that he either conforms to the social notch cut out for him or his sex life will be hobbled and his tender companionship will be zero. He is made to see that women demand security more than logical, principled, or honorable behavior.

By the time his son must go to war, father (with jelly for a backbone) will slam a gun into junior's hand before father will risk the censure of his peers, or make a hypocrite of himself by crossing the investment he has in his own personal opinion or self-esteem. Junior will go to war or father will be embarrassed. So junior will go to war, the true purpose notwithstanding.

### *Factor III - Mother*

The female element of human society is ruled by emotion first and logic second. In the battle between logic and imagination, imagination always wins, fantasy prevails, maternal instinct dominates so that the child comes first and the future comes second. A woman with a newborn baby is too starry-eyed to see a wealthy man's cannon fodder or a cheap source of slave labor. A woman must, however, be conditioned to accept the transition to "reality" when it comes, or sooner.

As the transition becomes more difficult to manage, the family unit must be carefully disintegrated, and state-controlled public education and state-operated child-care

centers must be become more common and legally enforced so as to begin the detachment of the child from the mother and father at an earlier age. Inoculation of behavioral drugs [Ritalin] can speed the transition for the child (mandatory). Caution: A woman's impulsive anger can override her fear. An irate woman's power must never be underestimated, and her power over a pussy-whipped husband must likewise never be underestimated. It got women the vote in 1920.

#### *Factor IV - Junior*

The emotional pressure for self-preservation during the time of war and the self-serving attitude of the common herd that have an option to avoid the battlefield - if junior can be persuaded to go - is all of the pressure finally necessary to propel Johnny off to war. Their quiet blackmailings of him are the threats: "No sacrifice, no friends; no glory, no girlfriends."

#### *Factor V - Sister*

And what about junior's sister? She is given all the good things of life by her father, and taught to expect the same from her future husband regardless of the price.

#### *Factor VI - Cattle*

Those who will not use their brains are no better off than those who have no brains, and so this mindless school of jelly-fish, father, mother, son, and daughter, become useful beasts of burden or trainers of the same.

**This concludes what is available of this document.**

## Tape Number: Q042 (The Jonestown "Death Tape")

Jones: How very much I've tried my best to give you the good life.

Crowd: Response

Jones: But in spite of all of my trying, a handful of our people, with their lies, have made our life impossible. There's no way to detach ourselves from what's happened today. Not only are we in a compound situation, not only are there those who have left and committed the betrayal of the century, some have stolen children from others, and are in pursuit right now to kill them, because they stole their children. And we -- we are sitting here waiting on a powder keg. I don't think it is what we want to do with our babies. I don't think that's what we had in mind to do with our babies. It is said by the greatest of prophets from time immemorial: "No man may take my life from me; I lay my life down."

Crowd: Response

Jones: So to -- to sit here and wait for the catastrophe that's going to happen on that airplane -- it's going to be a catastrophe, it almost happened here. Almost happened -- The congressman was nearly killed here. But you can't steal people's children. You can't take off with people's children without expecting a violent reaction. And that's not so unfamiliar to us either, if we -- even if we were Judeo-Christian -- if we weren't Communists. The world -- the kingdom suffereth violence and the violent shall take it by force. If we can't live in peace, then let's die in peace.

Crowd: Applause

Jones: (Weary) We've been so betrayed. We have been so terribly betrayed.

(Music and singing)

Jones: But we've tried and as Jack Beam often said -- I don't know why he said it -- I just know (unintelligible word) Jack, he said if this only works one day, it was worthwhile.

Crowd: Applause

*[Tape edit]*

Jones: Thank you. *[Tape edit]* Now what's going to happen here in a matter of a few minutes is that one of those people on that plane is gonna -- gonna shoot the pilot. I know that. I didn't plan it, but I know it's going to happen. They're gonna shoot that pilot, and down comes that plane into the jungle. And we had better not have any of our children left when it's over, because they'll parachute in here on us. (Pause) I'm going to be just as plain as I know how to tell you. I've never lied to you. (More emphatic) I never have lied to you. I know that's what's gonna happen. That's what he intends to do, and he will do it. He'll do it. What so being so bewildered with many, many pressures on my brain, seeing all these people behave so treasonous -- there was too much for me to put together, but uh, I -- I now know what he was telling me. And it'll happen. If the plane gets in the air even. (Pause) So my opinion is that we be kind to children and be kind to seniors and take the portion like they used to take in ancient Greece, and step over quietly, because we are not committing

suicide. It's a revolutionary act. We can't go back. They won't leave us alone. They're now going back to tell more lies, which means more congressmen. And there's no way, no way we can survive. Hmm?

(Unintelligible Voice)

Jones: Anybody. Anyone who has any dissenting opinion, please speak. (Pause) Yes. You can have an opportunity, but if our children are uh, are left, we're going to have them butchered. We can make a strike, but we'll be striking against people that we -- we don't want to strike against. And what we'd like to get are the people that caused this stuff, and some -- if some people here are p -- are prepared and know how to do that, to go in town and get Timothy Stoen, but there's no plane. (Pause) There's no plane. You can't catch a plane in time. He's responsible for it. He brought these people to us. He and Deanna Mertle. The people in San Francisco will not -- not be idle over there. (Pause) They'll not take our death in vain, you know. Yes, Christine.

Christine Miller: Is it too late for Russia?

Jones: Here's why it's too late for Russia. They killed. They started to kill. That's why it makes it too late for Russia. Otherwise I'd said, Russia, you bet your life. But it's too late. I can't control these people. They're out there. They've gone with the guns. (Self-evident tone) And it's too late. (Pause) (Weary tone) And once we kill anybody - - at least that's what I've always -- I've always put my lot with you. If one of my people do something, it's me. (Pause) And they say I don't -- I don't have to take the blame for this, but I can't -- I don't -- I don't live that way. They said deliver up Ujara, who tried to get the man back here. Ujara, whose wi -- mother's been lying on him and lying on him and trying to break up this family. And they've all agreed to kill us by any means necessary. You think I'm going to deliver them Ujara? Not on your life.

Crowd: No.

Jones: No.

Ujara [Don Sly]: Is there any way that if I go that it'll help us?

Jones: No. You're not going. You're not going.

Crowd: No.

Jones: You're not going. I can't live that way. I cannot live that way. (More emphatic) I've lived with -- for all, and I'll die for all.

Crowd: Applause

*[Tape edit]*

Jones: I've been living on a hope for a long time, Christine, and I appreciate -- You've always been a very good agitator. I like agitation, because you have to see two sides of one issue, two sides of a question. But what those people are gonna get done, once they get through, will make our lives worse than hell. They'll make us -- make the rest of us not accept it. When they get through lying. They posed so many lies between there and that truck that we are -- we are done-in as far as any other alternative.

Miller: Well, I say let's make an air -- airlift to Russia. That's what I say. I don't think nothing is impossible if you believe it.

Jones: How are we going to do that? How are you going to airlift to Russia?

Miller: Well, I -- Well, I thought you -- they said if we got in an emergency, that they gave you a code to let them know.

Jones: No, they didn't. They gave us a code that they'd let us know on that issue, not us create an issue for them. They said if we -- if they saw the country coming down they agreed they'd give us a code. They'd give us a code. We -- you can check on that and see if it's on the code. We can check with Russia to see if they'll take us in immediately, otherwise we die. I don't know what else you say to these people. But to me, death is not -- uh, death is not a fearful thing. It's living that's cuts ya.

Crowd: Applause

*[Tape edit]*

Jones: I have never, never, never, never seen anything like this before in my life. I've never seen people take the law uh, and do uh -- in their own hands and provoke us and try to purposely agitate murder of children. There is no -- Christine, it's just not -- it's just not worth living like this. Not worth living like this.

Miller: I think that there were too few who left for twelve hundred people to give them their lives for those people that left.

Jones: Do you know how many left?

Miller: (Casual) Oh, twenty-odd. That's -- That's a small (Jones speaks over)

Jones: Twenty-odd, twenty-odd.

Miller: Compared to what's here.

Jones: Twenty-odd. But what's gonna happen when they don't leave? (Pause) I hope that they could leave. But what's gonna happen when they -- when they don't leave?

Miller: You mean the people here?

Jones: Yeah. What's going to happen to us when they don't leave, when they get on the plane and the plane goes down?

Miller: I don't think they'll do that.

Jones: You don't think they'll go down?

Crowd: Murmurs

Jones: I -- I wish I could tell you were right, but I'm right. There's one man there who blames, and rightfully so, Debbie Blakey for the murder -- for the murder of his mother -- and he'll sh -- he'll stop that pilot by any means necessary. (Pause) He'll do it. That plane'll come out of the air. There's no way you can fly a plane without a pilot.

Miller: I wasn't speaking about that plane. I was speaking about a plane for us to go to Russia.

Jones: How -- (Sighs)

Crowd: Stirs

Jones: -- to Russia? You think Russia's gonna want -- no, it's not gonna, it's, it's, it's -- We're not, uh -- You think Russia's gonna want us with all this stigma? (Pause) We had -- we -- we had some value, but now we don't have any value.

Miller: Well, I don't see it like that. I mean, I feel like that -- as long as there's life, there's hope. That's my faith.

Jones: Well -- someday everybody dies. Some place that hope runs out, because everybody dies. I haven't seen anybody yet didn't die. And I'd like to choose my own kind of death for a change. I'm tired of being tormented to hell, that's what I'm tired of. (Pause) Tired of it.

Crowd: Applause

*[Tape edit]*

Jones: -- twelve hundred people's lives in my hands, and I certainly don't want your life in my hands. I'm going to tell you, Christine, without me, life has no meaning.

Crowd: Applause

Jones: I'm the best thing you'll ever have. I want, want, I have to pay -- I'm standing with Ujara. I'm standing with those people. They're part of me. I could detach myself. I really could detach myself. No, no, no, no, no, no. I never detach myself from any of your troubles. I've always taken your troubles right on my shoulders. And I'm not going to change that now. It's too late. I've been running too long. Not going to change now.

Crowd: Applause

*[Tape edit]*

Jones: Maybe the next time you'll get to go to Russia. The next time round. This is -- what I'm talking about now is the dispensation of judgment. This is a revolutionary -- it's a revolutionary suicide council. I'm not talking about self -- self-destruction. I'm talking about what -- we have no other road. I will take your -- your call. We will put it to the Russians. And I can tell you the answer now, because I'm a prophet. Call the Russians and tell them, and see if they'll take us.

Miller: I said I'm not ready to die. But I know (unintelligible)

Jones: I don't think you are. I don't think you are.

Miller: But, ah, I look about at the babies and I think they deserve to live, you know?

Jones: I -- I agree. But they -- But don't they also they deserve much more, they

deserve peace.

Crowd: Right.

Miller: We all came here for peace.

Jones: And we've -- have we had it?

Miller: No.

Jones: I tried to give it to you. I've laid down my life, practically. I've practically died every day to give you peace. And you still not have any peace. You look better than I've seen you in a long while, but it's still not the kind of peace that I wanted to give you. Uh -- A person's a fool who continues to say that they're winning when you're losing. (Pause) Win one, lose two. What? (Pause) I didn't hear you, ma'am. You'll have to speak up. Ma'am, you'll have to speak up.

Woman: (Unintelligible)

Jones: That's a sweet thought. Who said that? (Pause) C -- Come on up and speak it again, honey. Say what you want to say about (unintelligible) is taking off. No plane is taking off. (Pause) It's suicide. Plenty have done it. Stoen has done it. But somebody ought to live. Somebody -- Can they talk to -- and I've talked to San Francisco -- see that Stoen does not get by with this infamy -- with this infamy. He has done the thing he wanted to do. Have us destroyed. (Pause)

Miller: When you -- when you -- when we destroy ourselves, we're defeated. We let them, the enemies, defeat us.

Jones: Did you see -- did you see, "I will live to fight no more forever?"

Miller: Yes, I saw that.

Jones: Did you not have some sense of pride and victory in that man? Yet he would not subject himself to the will or the whim of people who tell -- that they're gonna to come in whenever they please and push into our house. Come when they please, take who they want to, talk to who they want to -- does this not living? That's not living to me. That's not freedom. That's not the kind of freedom I sought.

Miller: Well, I think where they made their mistake is when they stopped to rest. If they had gone on, they would've made it. But they stopped to rest.

Jim McElvane: Just hold on, sister, just hold on. We have made that day. We made a beautiful day, and let's make it a beautiful day. That's what I say.

Crowd: Applause

Jones: We will win. We win when we go down. Tim Stoen has nobody else to hate. He has nobody else to hate. Then he'll destroy himself. I'm speaking here not as uh, the administrator, I'm speaking as a prophet today. I wouldn't have set in this seat and talked so serious if I didn't know what I was talking about. Has anybody called back? The immense amount of damage that's going to be done, but I cannot separate myself from the pain of my people. You can't either, Christine, if you stop to think about it. You can't separate yourself. We've walked too long together.

Miller: I well know that. But I still think, as an individual, I have a right to --

Jones: You do, and I'm listening.

Miller: -- to say what I think, what I feel. And I think we all have a right to our own destiny as individuals.

Jones: Right.

Miller: And I think I have a right to choose mine, and everybody else has a right to choose theirs.

Jones: Mmm-hmm.

Miller: You know?

Jones: Mmm-hmm. I'm not criticizing (unintelligible) -- What's that?

(Unintelligible woman's voice)

Jones: That's today. That's what 20 people said today. We're alive.

Miller: Well, I think I still have a right to my own opinion.

Jones: I -- I'm not taking it from you. I'm not taking it from you.

McElvane: Christine, you're only standing here because he was here in the first place. So I don't know what you're talking about, having an individual life. Your life has been extended to the day that you're standing there, because of him.

*[Tape edit]*

Jones: (Unintelligible word) I guess she has as much right to speak as anybody else, too. What did you say, Ruby? Well, you'll regret that this very day if you don't die. You'll regret it if you do, though you don't die. You'll regret it.

Woman 1: (Unintelligible) You've saved so many people.

Jones: I've saved them. I saved them, but I made my example. I made my expression. I made my manifestation, and the world was ready -- not ready for me. Paul said, "I was a man born out of due season." I've been born out of due season, just like all we are, and the best testimony we can make is to leave this goddamn world.

Crowd: Applause

*[Tape edit]*

Woman 1: You must prepare to die.

Miller: I'm not talking to her. Will you let -- Would you -- would you let her or let me talk?

Jones: Keep talking.

Miller: Would you make her sit down and let me talk while I'm on the floor or let her talk?

Jones: How can you tell the leader what to do if you live?

Crowd: Stirs

Jones: I've -- I've listened to you. You asked me about Russia. I'm right now making a call to Russia. What more do you suggest? I'm listening to you. You've got to give me one slight bit of encouragement. I just now instructed her to go there and do that.

(Voices)

McElvane: All right now, everybody hold it. We didn't come -- hold it. Hold it. Hold it. Hold it.

Jones: Let (unintelligible word -- "law"?) be maintained.

(Voices)

Jones: To lay down your burden. I'm gonna lay down my burden. Down by the riverside. Shall we lay them down here in -- by Guyana? What's the difference? (Pause) No man didn't take our lives. Right now. They haven't taken them. But when they start parachuting out of the air, they'll -- they'll shoot some of our innocent babies. I'm not lying -- I don't wanna (unintelligible), Christine. But they gotta shoot me to get through to some of these people. I'm not letting them take your child. Can you let them take your child?

Voices: No, no, no, no.

Woman 2: -- gonna die?

Jones: What's that?

Woman 2: You mean you want us to die -- (Jones talks over)

Jones: I want to see --

Crowd: Shouting

Jones: (Pleading) Please, please, please, please, please, please, please, please, please, please.

Woman 3: Are you saying that you think we could have smaller blame than other children were?

Jones: John-John --

Woman 3: Because if you're saying --

Jones: (Unintelligible name), do you think I'd put John's life above others? If I put John's life above others, I wouldn't be standing with Ujara. I'd send John out -- out, and he could go out on the driveway tonight.

Woman 3: Because he's young.

Jones: (Defensive) I know, but he's no -- he's no different to me than any of these children here. He's just one of my children. I don't prefer one above another. I don't prefer him above Ujara. I can't do that. I can't separate myself from your actions or his actions. If you'd done something wrong, I'd stand with you. If they wanted to come and get you, they'd have to take me.

Man 2: (Weepy) We're all ready to go. If you tell us we have to give our lives now, we're ready -- at least the rest of the sisters and brothers are with me.

*[Tape edit]*

Jones: Some months I've tried to keep this thing from happening. But I now see it's the will -- it's the will of Sovereign Being that this happen to us. That we lay down our lives in protest against what's being done. That we lay down our lives to protest in what's being done. The criminality of people. The cruelty of people. Who walked out of here today? Did you notice who walked out? Mostly white people.

Crowd: Stirs

Jones: Mostly white people walked. (Pause) I'm so grateful for the ones that didn't -- those who knew who they are. I just know that there -- there -- there's no point -- there's no point to this. We have -- We are born before our time. They won't accept us. And I don't think we should sit here and take any more time for our children to be endangered. Because if they come after our children, and lu -- we give them our children, then our children will suffer forever.

Miller: (Unintelligible)?

Jones: I have no quarrel with you coming up. I like you. I personally like you very much.

Miller: People get hostile when you try and --

Jones: Oh, well, some people do -- but then, you know, yes -- yes, some people do. Put it that way -- I'm not hostile. You had to be honest, but you've stayed, and if you'da be -- you wanted to run, you'd have run with them 'cause anybody could've run today. What would anyone do? I know you're not a runner. And I, I would -- I'd -- your life is precious to me. It's as precious as John's. And I -- and I don't -- what I do I do with weight and justice and judgment. I'm -- I've weighed it against all evidence.

Miller: That's all I've got to say.

Jones: What comes now, folks? What comes now?

Man 3: Everybody hold it. Sit down.

Jones: Say it. Say. (Unintelligible word, repeated three times). What's come. Don't let -  
- Take Dwyer [Richard Dwyer, U.S. Embassy official] on down to the East House.  
(stumbles over words) Take Dwyer.

Woman 4: Everybody be quiet, please.

Jones: (Unintelligible) -- got some respect for our lives.

McElvane: That means sit down, sit down. Sit down.

Jones: I know. (Pause) (Groan) I tried so very, very hard. They're trying over here to see what's going to -- what's going to happen in Los Angel -- Who is it?

(Voices)

Jones: Get Dwyer out of here before something happens to him. (Pause) Dwyer? I'm not talking about Ujara. I said (Emphatic) Dwyer. Ain't nobody gonna take Ujara. I'm not lettin' 'em take Ujara. (Pause) Gather in, folks. It's easy, it's easy. Yes, my love.

*[Tape silence for several seconds]*

Woman 5: At one time, I felt just like Christine felt. But after today I don't feel anything because the biggest majority of people that left here for a fight, and I know, it really hurt my heart because --

Jones: Broke your heart, didn't it?

Woman 5: It broke my heart, to think that all of this year the white people had been with us, and they're not a part of us. So we might as well end it now because I don't see --

Jones: It's all over. The congressman has been murdered.

(Music and singing)

Voice: It's all over.

Jones: Well, it's all over, all over. (Pause) What a legacy, what a legacy. What the Red Brigade doin' one bit that made any sense anyway? They invaded our privacy. They came into our home. They followed us six thousand miles away. Red Brigade showed them justice. The congressman's dead.

(Music only)

Jones: (Speaks authoritatively) Please get us some medication. It's simple. It's simple. There's no convulsions with it. It's just simple. Just, please get it. Before it's too late. The GDF [Guyana Defense Force] will be here, I tell you. Get movin', get movin', get movin'.

(Voices)

Woman 6: Now. Do it now!

Jones: (More excited) Don't be afraid to die. You'll see, there'll be a few people land out here. They'll -- they'll torture some of our children here. They'll torture our people. They'll torture our seniors. We cannot have this. Are you going to separate yourself from whoever shot the congressman? I don't know who shot him.

Voices: No. No. No.

(Music)

*[Tape edit]*

Jones: Just speak their piece. And those who had a right to go, and they had a right to -- How many are dead? (Pause) Aw, God Almighty, God Almighty. Hmm? Patty Parks is dead?

*[Tape edit]*

Woman 7: Some of the others who endure long enough in a safe place to write about the goodness of Jim Jones.

Jones: I don't know how in the world they're ever going to write about us. It's just too late. It's too late. The congressman's dead. The congressman lays dead. Many of our traitors are dead. They're all layin' out there dead.

(Voices)

Jones: Hmm? I didn't, but -- but my people did. My people did. They're my people, and they -- they've been provoked too much. They've been provoked too much. What's happened here's been to -- basically been an act of provocation.

(Unintelligible voice)

Woman 8: Want Ted? If there's any way it's possible to, uh, have and to give Ted something to take, then I'm satisfied, okay?

Jones: Okay.

Woman 8: I said, if there's anyway you can do before I have to give Ted something, so he won't have to let him go through okay, and I'm satisfied.

Jones: That's fine. Okay, yes. Yes. Yes.

(Unintelligible voice)

Woman 9: -- and I appreciate you for everything. You are the only -- You are the only -- You are the only. And I appreciate you --

Crowd: Applause

*[Tape edit]*

Jones: (Urgently) Please, can we hasten? Can we hasten with that medication? You don't know what you've done. (Pause) And I tried.

*[Tape edit]* Applause, music, singing. *[Tape edit]*

Man: Wesley [Breidenbach] told me there were two GDF not to--

*[Tape edit]*.

Jones: They saw it happen and ran into the bush and dropped their machine guns. I never in my life. (Pause) But there'll be more. (Pause) *[Tape edit]* You got to move. Are you gonna get that medication here? You've got to move. Marceline? You got forty minutes.

Maria Katsaris: You have to move, and the people that are standing there in the aisles, go stand in the radio room yard. Everybody get behind the table and back this way, okay? There's nothing to worry about. Every -- Everybody keep calm and try and keep your children calm. (Pause) And uh, all those children that help, let the little children in and reassure them. (Pause) They're not crying from pain. It's just a little bitter tasting. It's not -- They're not crying out of any pain. Annie McGowan, can I please see you back --

*[Tape edit]*

McElvane: Things I used to do before I came here. So let me tell you about it. It might make a lot of you feel a little more comfortable. Sit down and be quiet, please. One of the things I used to do, I used to be a therapist. And the kind of therapy that I did had to do with reincarnation in past life situations. And every time anybody had the experience of it -- of going into a past life, I was fortunate enough through Father to be able to let them experience it all the way through their death, so to speak. And everybody was so happy when they made that step to the other side.

Jones: (Unintelligible) -- to do, but stop that way. It's the only way to step. (Microphone off briefly, unintelligible word) But that choice is not ours now. It's out of our hands.

(Children crying in the background)

McElvane: If you have a body that's been crippled, suddenly you have the kind of body that you want to have.

Jones: Somebody give them a little rest, a little rest.

McElvane: It feels good. It never felt so good. (Unintelligible word), may I tell you. You've never felt so good as how that feels. (Pause)

Jones: And I do hope that those attorneys [Charles Garry and Mark Lane] will stay where they belong and don't come up here. (Pause) What is it? (Pause) What happened? What is it? (Pause) They what? (Pause) All right, it's hard but only at first -- only at first is it hard. It's hard only at first. Living -- when you're looking at death, it only looks -- as uh, living is much, much more difficult. Raising up every morning and not knowing what's going to be the night's bringing. It's much more difficult. It's much more difficult.

(Crying and talking)

Woman 10: (Joyous) I just want to uh, say something for everyone that I see that is standing around and -- or crying. This is nothing to cry about. This is something we could all rejoice about. We could be happy about this. They always told us that we could cry when you're coming into this world. So when we're leaving, and we're gonna leave it peaceful, I think we should be -- we should be happy about this. I was just thinking about Jim Jones. He just has suffered and suffered and suffered. We have -- We have the honor guard, and we don't even have a chance to (Unintelligible)

word) got here. I want to give him one more chance. There's just one more thing I want to say. That's few that's gone, but many more here. (Unintelligible) That's not all of us. That's not all yet. That's just a few that have died. I tried to get to the one that -- there's a kid over there (unintelligible) I'm looking at so many people crying. I wish you would not cry. And just thank Father. (Unintelligible) I been here about --

Crowd: Sustained applause

Woman 10: I've been here ah -- one year and nine months. And I never felt better in my life. Not in San Francisco, but until I came to Jonestown. I had a very good life. I had a beautiful life. And I don't see nothing that I could be sorry about. We should be happy. At least I am. That's all I'm gonna say.

(Applause, music)

Woman 11: (Weepy) -- good to be alive today. I just like to thank Dad, 'cause he was the only one that stood up for me when I needed him. And thank you, Dad.

Woman 12: (Unintelligible word) I'm glad you're my brothers and sisters, and I'm glad to be here. Okay.

(Voices)

Jones: (Pleading) Please. For God's sake, let's get on with it. We've lived -- we've lived as no other people have lived and loved. We've had as much of this world as you're gonna get. Let's just be done with it. Let's be done with the agony of it.

Crowd: Applause

*[Tape edit]*

Jones: It's far, far harder to have to walk through every day, die slowly -- and from the time you're a child 'til the time you get gray, you're dying. (Pause) *[Tape edit]* Dishonest, and I'm sure that they'll -- they'll pay for it. They -- They'll pay for it. This is a revolutionary suicide. This is not a self-destructive suicide. So they'll pay for this. They brought this upon us. And they'll pay for that. I -- I leave that destiny to them.

(Voices)

*[Tape edit]*

Jones: Who wants to go with their child has a right to go with their child. I think it's humane. I want to go -- I want to see you go, though. I -- They can take me and do what they want -- whatever they want to do. I want to see you go. I don't want to see you go through this hell no more. No more, no more, no more. (Pause) We're trying. If everybody will relax. The best thing you do is to relax, and you will have no problem. You'll have no problem with this thing, if you just relax.

Man 4: (Unintelligible phrase) A great deal because it's Jim Jones. And the way the children are laying there now, I'd rather see them lay like that than to see them have to die like the Jews did, which was pitiful anyhow. And I'd just like to -- to thank Dad for giving us life and also death. And I appreciate the fact of the way our children are going. Because, like Dad said, when they come in, what they're gonna do to our children -- they're gonna massacre our children. And also the ones that they

take captured, they're gonna just let them grow up and be dummies like they want them to be. And not grow up to be a socialist like the one and only Jim Jones. So I'd like -- I'd like to thank Dad for the opportunity for letting Jonestown be, not what it could be, (Emphatic) but what Jonestown is. Thank you, Dad.

Crowd: Applause

*[Tape edit]*

Jones: It's not to be afeared. It is not to be feared. It's a friend. It's a friend *[Tape edit]* -- sitting there, show your love for one another. *[Tape edit]* Let's get gone. Let's get gone. Let's get gone.

(Children crying)

Jones: (Unintelligible word) We had nothing we could do. We can't -- we can't separate ourselves from our own people. (Pause) For twenty years laying in some old rotten nursing home.

(Music)

*[Tape edit]*

Jones: Taking us through all these anguish years. They took us and put us in chains and that's nothing. This business -- that -- that business -- there's no comparison to that, to this. They've robbed us of our land, and they've taken us and driven us and we tried to find ourselves. We tried to find a new beginning. But it's too late. You can't separate yourself from your brother and your sister. No way I'm going to do it. I wi -- I refuse. I don't know who fired the shot. I don't know who killed the congressman. But as far as I am concerned, I killed him. You understand what I'm saying? I killed him. He had no business coming. I told him not to come.

Woman 13: Right, right.

(Music and crying)

*[Tape edit]* (Long pause follows)

Jones: (Pleading) I, with respect, die with a degree of dignity. Lay down your life with dignity. Don't lay down with tears and agony. There's nothing to death. It's like Mac [Jim McElvane] said, it's just stepping over into another plane. Don't be -- Don't be this way. Stop this hysterics. This is not the way for people who are Socialists or Communists to die. No way for us to die. We must die with some dignity. We must die with some dignity. (Pause) We will have no choice. Now we have some choice. *[Tape edit]* Do you think they're gonna stand -- allow this to be done and allow us to get by with this? You must be insane. (Pause) Look children, it's just something to put you to rest. *[Tape edit]* (Despairing tone) Oh, God.

(Children crying)

Jones: Mother, Mother, Mother, Mother, Mother, please. Mother, please, please, please. Don't -- don't do this. Don't do this. Lay down your life with your child. But don't do this.

Woman 14: We're doing all of this for you.

Jones: Free at last. Peace. Keep your emotions down. Keep your emotions down. Children, it will not hurt. If you'll be -- if you'll be quiet. If you'll be quiet.

(Music and crying)

Jones: It's never been done before, you say. It's been done by every tribe in history. (Emphatic) Every tribe facing annihilation. All the Indians of the Amazon are doing it right now. They refuse to bring any babies into the world. They kill every child that comes into the world, because they don't want to live in this kind of a world. So be patient. Be patient. Death is -- I tell you, I don't care how many screams you hear, I don't care how many anguished cries, death is a million times preferable to ten more days of this life. If you knew what was ahead of you -- if you knew what was ahead of you, you'd be glad to be stepping over tonight. Death, death, death is common to people. And the Eskimos, they take death in their stride. Let's be digni -- let's be dignified. (Reprimands) If you'll quit tell them they're dying -- if you adults would stop some of this nonsense. Adults, adults, adults. I call on you to stop this nonsense. I call on you to quit exciting your children, when all they're doing is going to a quiet rest. I call on you to stop this now, if you have any respect at all. Are we black, proud, and Socialist, or what are we? Now stop this nonsense. Don't carry this on anymore. You're exciting your children. No, no sorrow that it's all over. I'm glad it's over. *[Tape edit]* Hurry, hurry, my children. Hurry. All I think (unintelligible) from the hands of the enemy. Hurry, my children. Hurry. There are seniors out here that I'm concerned about. Hurry. I don't want to leave my seniors to this mess. (Pause) Only quickly, quickly, quickly, quickly, quickly. *[Tape edit]* Good knowing you. (Pause) No more pain now. No more pain, I said (unintelligible). No more pain. Jim Cobb is laying on the airfield dead at this moment.

Crowd: Applause

*[Tape edit]*

Jones: Remember the -- this -- the Oli -- Oliver woman said she -- she'd come over and kill me if her son wouldn't stop her? These, these are the people -- the peddlers of hate. All we're doing is laying down our life. We're not letting them take our life. We're laying down our life. Peace in their lives. We just want peace.

(Music)

*[Tape edit]*

Man 5: All I would like to say is that my, uhm -- my so-called parents are filled with so much hate --

Jones: (Clapping in reprimand) Stop this, stop this, stop this (unintelligible word). Stop this crying, all of you.

Man 5: -- hate and treachery. I think you -- you people out here should think about how your relatives were and be glad about, that the children are being laid to rest. And all I'd like to say is that I thank Dad for making me strong to stand with it all and make me ready for it. Thank you.

Jones: All they're doing is -- All they do is taking a drink. They take it to go to sleep.

That's what death is, sleep. *[Tape edit]* -- of it. I'm tired of it all.

Woman 15: Everything we could have ever done, most loving thing all of us could have done, and it's been a pleasure walking with all of you in this revolutionary struggle. No other way I would rather go to give my life for socialism, communism, and I thank Dad very, very much.

Woman 16: Right. Yes. Dad -- Dad's love and nursing, goodness and kindness, and he bring us to this land of freedom. His love -- his mother was the advance -- the advance guard for socialism. And his love and his principles (unintelligible) will go on forever unto the fields of --

Jones: Where's the vat, the vat, the vat? Where's the vat with the Green C on it? Bring the vat with the Green C in. Please? Bring it here so the adults can begin.

Woman 16: Go on unto the Zion, and thank you, Dad.

*[Tape edit]*

Jones: (Unintelligible) Don't, don't fail to follow my advice. You'll be sorry. *[Tape edit]* You'll be sorry. *[Tape edit]* -- if we do it, than that they do it. Have trust. You mu -- You have to step across.

(Music)

Jones: We used to think this world was -- this world was not our home -- well, it sure isn't -- We were saying -- it sure wasn't. (Pause) He doesn't want to tell me. All he's doing -- if they will tell 'em -- assure these kids. Can't some people assure these children of the relaxation of stepping over to the next plane? They set an example for others. We said -- one thousand people who said, we don't like the way the world is. *[Tape edit]* Take some. *[Tape edit]* Take our life from us. We laid it down. We got tired. *[Tape edit]* We didn't commit suicide, we committed an act of revolutionary suicide protesting the conditions of an inhumane world.

## Final Debriefing Report:

[#80HQD893-020, Classified TS/Codeword/]

*Transcript of classified tape recording made at Camp David, Maryland during a presidential briefing regarding the subject of UNIDENTIFIED FLYING OBJECTS and EXTRATERRESTRIAL VISITATION of EARTH. President RONALD REAGAN was present. The recording was made between March 6 and 8, 1981.*

WILLIAM CASEY: Mr President, good morning. As we discussed in February, this briefing contains some very sensational and some very, very classified information. I am not sure, oh, well, I'm not going to make a decision on who you want in the room. That will be your decision, Mr President. This will be a real tough one to follow since the briefing starts back, historically speaking, that is, and runs up to recent times. I believe we have prepared a good chronological order of events. I'm sure you, Mr President, will have many questions.

The list of questions presented to me by ADVISER #2 should all be answered during this briefing. I hope they are, more than anyone, especially you, Mr President, leave this briefing with questions still unanswered. I have asked The Caretaker to conduct this briefing. He is a contract employee of the CIA and is the present custodian of the information. Are we to assume that everyone is present?

PRESIDENT: Well, it will be entirely up to you, Bill. I guess everyone must be cleared for this briefing of information, is that not correct?

WM CASEY: Well, it appears everyone is, but as you will see Mr President, this stuff is pretty high up on the food chain. We call it ATS or "Above Top Secret." This stuff has its own classification and markings. We have a special container, special printers and copiers for this stuff. Every word of this material is printed on special paper then placed inside special covers. The caretakers have taken special efforts to protect all of this stuff from being released inadvertently or copied by some unauthorized person.

But all of this material is protected by a special group of people. The Caretaker is in charge of protecting this information and all of the other stuff associated with this information. I would prefer that you, Mr President, decide on who you want in this room. Remember, this material is a closely guarded secret. Although the gist of the story has been out there for many years, very little of the ACTUAL TRUTH has ever been released to the public. Oh, yes, well, by some of the renegades maybe, but many of them have been discredited.

PRESIDENT: OK, Bill, I guess we need ADVISER #1, you, ADVISER #3 and Caspar here. I think ADVISER #2 and Michael can leave.

ADVISER #2: Mr President, excuse me, but I would prefer to leave. I don't wish to know this information. You know, plausible denial or something like that.

MICHAEL DEAVER: Mr President, whatever you wish, I'll do. It would be an interesting subject, but do I really have a need to know? No, I don't think so.

PRESIDENT: OK, I guess that is it.

WM CASEY: Thank you, Mr President. I will now turn the briefing over to The Caretaker.

ADVISER #3: Mr President, and Mr Director, I already had this briefing. I can stay or leave. Secretary Weinberger and myself received this a few weeks ago.

SECRETARY WEINBERGER: Mr President, as you know, we have some pending business regarding that Soviet problem in Berlin. I think we might just handle that. ADVISER #3 and I will let you close this meeting to just a few.

PRESIDENT: OK, Casp, I guess you and ADVISER #3 can leave. Thanks for coming.

WM CASEY: OK, Mr President, that certainly narrows the audience. I think this is just right.

PRESIDENT: OK, well, I can't wait to hear this. Let's proceed.

The CARETAKER: Good morning, Mr President. First of all, I would like to give you a bit of information on my background. But before that, please, Mr President, if you have questions during this briefing, just interrupt me, sir. I have been employed by the CIA for the past 31 years. I started the caretaking status of this project in 1960. We have a special group of people whom we call "Group 6," that cares for all this information.

PRESIDENT: Good morning, I hope, well, I believe I will ask questions. Bill briefed me back in January, but I'm not sure ... huh ... well, was it detailed, no, I don't think so ... huh ... OK, well I'm sure Bill didn't tell me all 'cause we only had about one hour.

WM CASEY: Mr President, I only gave you a quick briefing for the NSDD (National Security Decision Directives) that we want to incorporate into the overall action directives about this subject. ADVISER #3, Caspar and I have details far beyond what I knew before January. The last administration wasn't too keen on making all of this stuff accessible to us during the briefings in November and December.

PRESIDENT: Well, I knew a little about this subject before. Back in 1970. Nixon had all of the good stuff and wanted to share it with some of his friends. Nixon showed me some papers. Not sure about who authored them, but they ... huh ... well something about New Mexico and other places. Nixon was pretty ... huh ... well, you know, fascinated with it. He showed me something, some kind of object or device that came from one of their craft. Something that was taken from the New Mexico crash site. I don't know if, well ... huh ... do we know what it was? I don't think we knew or maybe now, after 11 years, we might know.

The CARETAKER: Mr President, I can answer some of those questions. Do you wish for me to begin?

PRESIDENT: Oh, well, what level is this? I mean, what was it called? I don't remember what they called this.

WM CASEY: Mr President, codeword. It's called Top Secret Codeword. This information is beyond Top Secret as I said before. It has its own classification. It is very compartmentalized.

PRESIDENT: Well, I guess just the minimum. Are we recording this?

The CARETAKER: Mr President, no, unless you wish.

WM CASEY: Yes, it is [CIA FEMALE TRANSCRIBER] who is doing that. I think we should. I don't want to make any mistakes later about this. ADVISER #4 should also stay, since he is one of the caretakers of the information.

PRESIDENT: Well, I don't want anyone leaking this stuff. Not knowing what we are about to discuss ... huh ... oh, well, Bill I guess it is your call. ADVISER #4 should stay. I guess he should ... huh ... oh, OK, well, you make the call, Bill.

WM CASEY: OK, I guess ADVISER #4 will stay. But I think [CIA FEMALE TRANSCRIBER] must stay. I'll make that call.

PRESIDENT: OK, I guess we can do our business first, give me a few minutes. Let's get some food first, or snacks. How long will ... huh .... oh, about one hour?

The CARETAKER: Mr President, I estimate this will last about one hour, at least the first part of it. This is a very complicated subject to brief. I can do it, but maybe the questions will extend [beyond the first] the time period.

PRESIDENT: OK, I see. Let's take a break and then reconvene.

(Break)

The CARETAKER: OK, Mr President, are we ready?

PRESIDENT: Yes, we are, let's go.

The CARETAKER: Mr President, as was mentioned earlier, I must say, that this briefing has the highest classification within the U.S. government. I will start with a slide presentation. I have most of this briefing on the slides, but I also have an outline that I have passed out to each [person] in attendance.

PRESIDENT: Oh, OK, so are we ... can we follow it with the [outline] paper?

The CARETAKER: Yes, Mr President, you can follow the briefing with the outline in front of you.

PRESIDENT: Thank you.

The CARETAKER: The United States of America has been visited by Extraterrestrial Visitors since 1947. We have proof of that. However, we also have some proof that Earth has been visited for many THOUSANDS OF YEARS by various races of Extraterrestrial Visitors. Mr President, I'll just refer to those visits as ETs. In July, 1947, a remarkable event occurred in New Mexico. During a storm, two ET spacecraft crashed. One crashed southwest of Corona, New Mexico and one crashed near Datil, New Mexico. The U.S. Army eventually found both sites and recovered all of the debris and one live Alien. I'll refer to this live Alien as "EBE 1." PRESIDENT: What does that mean? Do we have codes or a special terminology for this?

The CARETAKER: Mr President, EBE means "Extraterrestrial Biological Entity." It was a code designated to this creature by the U.S. Army back in those days. This creature was not human and we had to decide on a term for it. So, scientists designated the creature as EBE 1. We also referred to it as "Noah." There was different terminology used by various aspects of the U.S. military and intelligence community back then.

PRESIDENT: Do we or did we have others? The number "1" would seem to indicate we had others.

The CARETAKER: Yes, we had others. Back then, the term was EBE and no number designation. We'll explain how the others came into our knowledge.

PRESIDENT: OK, sorry, I was just wondering and I guess, well, I'm sure the briefing will cover this. Please continue.

The CARETAKER: All the debris and EBEs recovered from the first crash site were taken to Roswell Army Air Field, Roswell, New Mexico. EBE was treated for some minor injuries and then taken to Los Alamos National Laboratories, which was the safest and most secure location in the world. Special accommodations were made for EBE. The debris was eventually transferred to Dayton, Ohio, home of the Air Force Foreign Technology Division. The second crash site wasn't discovered until 1949 by some ranchers. There were no live Aliens at this site. All this debris went to Sandia Army Base in Albuquerque, New Mexico.

PRESIDENT: OK, a question, regarding the first site, how many aliens were in the spaceship?

The CARETAKER: Five (5) dead aliens and one (1) alive. The bodies of the dead aliens were transported to Wright Field in Ohio and kept in a form of deep freeze. They were later transported to Los Alamos where special containers were made to keep the bodies from decaying. There were four (4) dead aliens in the second crash site. Those bodies were in an advanced state of decaying. They had been in the desert for the past two (2) years. Animals and time got to those bodies. The remains were transported to Sandia Base and eventually onto Los Alamos. We determined both crashed spaceships were of similar design and the bodies of the aliens were all identical. They looked exactly the same. They had the same height, weight and physical features. Here are the photographs of the aliens.

(Pause)

PRESIDENT: Can we classify them? I mean can we ... well, connect them with anything Earthly?

The CARETAKER: No, Mr President. They don't have any similar characteristics of a human, with exception of there eyes, ears and a mouth. Their internal body organs are different. Their skin is different, their eyes, ears and even breathing is different. Their blood wasn't red and their brain was entirely different from human. We could not classify any part of the Aliens with humans. They had blood and skin, although considerably different than human skin. Their eyes had two different eyelids. Probably because their home planet was very bright.

PRESIDENT: Maybe I'm getting ahead, but do we know where they came from? Mars, our system or where?

The CARETAKER: Yes, Mr President, we do know where they come from. I can go into this now, or I can wait until it comes up in the briefing.

PRESIDENT: No, no, please, continue. I can wait.

The CARETAKER: Thank you, Mr President. EBE stayed alive until 1952 when it died. We learned a great deal from EBE. Although EBE did not have voice organs like humans, it was able to communicate with an operation performed by military doctors. EBE was extremely intelligent. It learned English quickly, mainly by listening to the military personnel who were responsible for EBE's safety and care.

EBE was housed in a special area at Los Alamos and Sandia Base. Although many different military doctors, scientists and a select number of civilians studied EBE, it never became upset or angry. EBE helped us learn from all the items found in the two crash sites. EBE showed us how some of the items worked, such as a communications device. It also showed us how various other devices worked.

PRESIDENT: Excuse me, but you are referring to this creature as an IT. Did it have a gender?

The CARETAKER: I'm sorry Mr President, but yes, it was male. Within EBE's race they had males and females.

PRESIDENT: OK, thank you. Please continue.

The CARETAKER: Thank you, Mr President. EBE died of what military doctors considered natural causes. I don't think we could really state exactly why EBE died. Although we had five (5) years to study EBE, we didn't have any standards to compare EBE's body with standard medical observations. It was difficult to lose EBE, since it was the most interesting thing we as humans could receive and study. A visitor from another planet ... ANOTHER WORLD. EBE did explain where he lives in the universe. We call this star system Zeta Reticuli, which is about 40 light-years [38.42] from Earth. EBE's planet was within this star system.

PRESIDENT: OK, where is this in comparison to something we all know?

The CARETAKER: Well, Mr President, our closet star is four light-years away. I can show you the constellation it is in.

*[Alpha Centauri, a yellow star, is the brightest star in the constellation Centaurus, 4.3 light-years away]*

PRESIDENT: No, I wouldn't know much about astronomy. I just thought I could understand the distance. How long did it take this spaceship to get here?

The CARETAKER: Well, Mr President, I can tell you now or we can discuss that in another briefing. As Mr Casey said, this is a complicated subject because there are many levels of compartmentalization. This briefing is just the basic information about a visit to our planet by one particular alien race.

PRESIDENT: Well ... huh ... what, am I to understand ... this isn't a full briefing?

WM CASEY: Mr President, we have different levels of stuff. If we mix it up, I don't think it will make sense, nor will we have time this morning. I understand you have a busy schedule today.

PRESIDENT: As the President of the United States, I should know EVERYTHING, right, or shouldn't I? If I am to assume this was a briefing of substance, then I should hear ALL of it. I think this is more important than some other things on my daily

calendar. But maybe I'm jumping the gun. If there are some things I shouldn't know, please tell me.

WM CASEY: No, no, Mr President, I didn't mean you shouldn't know this stuff. I simply meant we should proceed in an orderly fashion as to the briefing. But it is up to you. We will not hold anything back.

PRESIDENT: ADVISER #1, what do you think? Do you know about all this?

ADVISER #1: Mr President, yes, I was briefed many times on this subject matter. As Director Casey stated, this is a very, very complicated subject. I think it took me about one year to be fully briefed into all aspects of this matter. There are different areas. The initial crash, an investigative period, some attempt at contact, A DISINFORMATION OPERATION to protect this matter and several other levels.

PRESIDENT: Oh, wow, I didn't realize how complicated this was. I'm new at [all of] this. I have a great responsibility to the citizens of this nation to make decisions based on accurate information presented by my advisers ... YOU, ALL of you. I won't interfere in your presentation of this information. So, I guess, we'll proceed in the order you have chosen. I'm sorry for interrupting in this presentation, but as a person who is interested beyond belief in this, I'll just shut up and wait to ask questions.

WM CASEY: Mr President. No, no, please ask any questions you wish. You are the President. We are not here to argue with you over the order of this briefing. But some things are SO HIGHLY CLASSIFIED that THIS BRIEFING IS THE LOWEST LEVEL. If you ask a question that is in a different level, then we will have to re-evaluate the audience.

ADVISER #1: Mr President. Everything we know about Alien visitation to Earth is contained in 16 (sixteen) volumes of binders. These binders contain thousands of pages. We can give you anything you wish but, as Director Casey said, we must evaluate the clearances of each person listening to our responses.

PRESIDENT: OK, I now understand. Give me whatever you want and I'll continue to ask questions. But if you need me to wait on an answer, just tell me.

WM CASEY: OK, Mr President we will do that. I still don't know the entire story. I have read one tenth of one binder and have hundreds of questions.

PRESIDENT: OK, let's continue.

The CARETAKER: Mr President, thank you for those responses. I will answer any question, if I can. But if the question is above this level, then Director Casey will have to make that decision for me.

PRESIDENT: I fully understand, please continue.

The CARETAKER: It took the EBE spaceship nine (9) of our months to travel the 40 [38.42] light-years. Now, as you can see, that would mean the EBE spaceship traveled faster than the speed of light. But, this is where it gets really technical. Their spaceships can travel through a form of "space tunnels" that gets them from point "A" to point "B" faster without having to travel at the speed of light. I cannot fully understand how they travel, but we have many top scientists who can understand their concept.

PRESIDENT: Well, I certainly couldn't understand the science in that. Is it a black hole?

The CARETAKER: Mr President, something like that, but much more complicated.

PRESIDENT: Do they get here ... no never mind, please continue. [unintelligible]

WM CASEY: Mr President, I can assure we know how they do it, but we can't do it.

PRESIDENT: OK. (several speaking at once)

The CARETAKER: As to some history. The original project, started back in 1947, was called "Project GLEEM." This project contained volumes of documented information collected from the beginning of our investigation of UFOs and Identified Alien Craft, or "IAC." The project was originally established in the early '50s by, first President Truman and then by order of President Eisenhower, under control of the National Security Council. President Truman established a group of people to handle this project. The group was called Majority 12 or "MJ-12."

In 1966, the project's name was changed to "Aquarius." The project was funded by confidential ["black world"] funds appropriated within the intelligence community's budget. The recovery of these alien spacecraft led the United States on an extensive investigative program to determine whether these aliens posed a direct threat to our National Security. As you might remember, Mr President, our country openly investigated UFO sightings under projects Grudge, Sign and finally Blue Book.

The original mission of the Air Force program was to collect and analyze all reported sightings and incidents involving UFOs and then determine whether the information could be interpreted as having any bearing on the national security of the United States. Some information was evaluated with the idea of using the gained data to advance our own space technology and future space programs.

About 90% of the estimated 12,000 reports analyzed by the Air Force under Blue Book were considered hoaxes, explained aerial phenomena or astronomical objects. The other 10% were considered legitimate alien sightings and/or incidents. However, not all UFO sightings or incidents were reported under the Air Force programs of Grudge, Sign and Blue Book.

In 1953, Project Gleem initiated its own investigative detail and certain sightings were reported directly under Gleem rather than one of the other projects. Project Gleem, which became "Project AQUARIUS" in 1966, was a parallel reporting system for UFO sightings and incidents.

Reports collected under Project Aquarius were considered actual sightings of alien spacecraft or actual contacts with alien life forms. We recovered two alien spacecraft from New Mexico. Both were heavily damaged, but we were able to examine them. The two craft were considered technological marvels by our scientists. However, the operating instrumentation was so advanced that our scientists could not decipher it. The two craft were stored in a special security location in the West. We gained a large volume of technological data from these craft.

Several independent scientific investigations, at the request of the Air Force and CIA were initiated during the era of "Project Blue Book." MJ-12 decided that officially the

Air Force should end their investigation of UFO sightings. This decision was arrived at during the NPNM meeting in 1966. The reason was two fold. First, the United States had established communications with the aliens.

PRESIDENT: Hold on, OK ... well, Bill, no ... never mind, please continue.

WM CASEY: Mr President, the communications project is of a higher level. I recommend we continue on this course and then switch to the next, if we have time.

PRESIDENT: OK, you're steering the boat, Bill.

The CARETAKER: The United States felt relatively sure the aliens' exploration of Earth was non-aggressive and non-hostile. It was also established that the aliens' presence did not directly threaten the security of the United States. Secondly, the public was beginning to believe that UFOs were real. The NSC felt this public feeling could lead to a nationwide panic if we disclosed everything we knew about UFOs and alien visitation. We were involved in one major operation during this time frame that involved our alien visitors. That operation is of a higher level and it will be up to Director Casey to proceed now or wait until later.

WM CASEY: We'll wait on that part of it. I haven't been fully briefed and I would like to be able to know everything about that program before trying to brief the President.

ADVISER #1: I agree with Director Casey. That part of the program is really complicated and will require a full day to brief.

PRESIDENT: OK, as I said before, Bill's the captain of this ship.

The CARETAKER: It was felt that public awareness of these projects would have jeopardized the future space program of the United States. Releasing our secrets about UFOs and alien visitation would also cause a PANIC AMONG RELIGIOUS LEADERS around the world. Therefore, MJ-12 decided that an independent scientific study of the UFO phenomena would be needed to satisfy the public curiosity.

The final official study of the UFO phenomena was accomplished by the University of Colorado under an air force contract. The study concluded that sufficient data did not exist that would indicate that UFOs threatened the security of the United States. The final conclusion satisfied the Government and allowed the Air Force to officially step out of the UFO investigating business.

When the Air Force officially closed "Blue Book" in December 1969, Project Aquarius continued operation under control of NSC/MJ-12. The NSC felt investigation of UFO sightings and incidents had to continue in secrecy without any public knowledge. The reasoning behind the decision was this: If the Air Force continued its investigation of UFOs, eventually some non-cleared and non-briefed Air Force or DOD civilian officials would obtain the facts behind Project Aquarius.

Obviously, for operational security reasons, this could not be allowed. In order to continue the investigation of UFO sightings and incidents in secrecy, investigators from CIA/DCE and MJ-12 were assigned to military investigative units with orders to investigate all legitimate UFO/IAC sightings and incidents. These agents are presently operating at various locations throughout the U.S. and Canada. All reports are filtered either directly or indirectly to MJ-12. These agents are collecting reports

of UFO/IAC sightings and incidents occurring on or near sensitive governmental installations.

Many reported sightings and incidents have occurred over nuclear weapons bases. The aliens' interest in our nuclear weapons can only be attributed to the future threat of a nuclear war on Earth that could affect space. The Air Force has initiated measures to assure the security of the nuclear weapons from alien theft or destruction. MJ-12 feels confident that the aliens are on an exploration of our solar system for peaceful purposes. However, we do have information and that is at another level, that more than one alien species are visiting Earth.

PRESIDENT: Well, that is a lot to digest. I have written down many questions. But let's take a break and come back to this.

(Break)

PRESIDENT: I think we can continue now.

The CARETAKER: Thank you, Mr President. I will continue. In the 1976 MJ-12 report, it was estimated that the aliens' technology was many thousands of years ahead of ours. Our scientists speculated that until our technology develops to a level equal to the aliens, we cannot understand the large volume of scientific information we have gained from the aliens' craft. This advancement of our technology may take many hundreds of years.

During our initial program to study the alien's spaceship, we started many different projects. The first project, originally established in 1949, was to collect and evaluate medical information from the surviving alien creature -- EBE 1 and the recovered alien bodies. This project medically examined EBE 1 and provided our medical researchers with many answers to the evolution theories.

The next project originally established as part of Project Gleem in 1954 became a separate project in 1966. Its mission was to establish communication with aliens. This project met with positive success and will be discussed later under a different level. Two other projects involved the test flying of an alien ship and the cross technology between our space program and the information we obtained from EBE 1.

WM CASEY: Now, Mr President, we can move on to questions or a different level. Which do you prefer?

PRESIDENT: Well, I have a lot of questions, so let me ask a few and then we can move on. I guess the first question I have is their life span. How old is EBE 1?

The CARETAKER: Mr President, the alien civilization that EBE came from [is what] we call the Eben Society. It wasn't a name they gave us; it was a name we chose. Their life span is between 350-400 years, but that is Earth years.

PRESIDENT: Is time the same on their planet as on ours?

The CARETAKER: No, Mr President, time is very different on the Eben Planet, which, by the way, we call SERPO. Their day is approximately 40 hours. That is measured by the movement of their two (2) suns. The solar system containing SERPO is a binary star system, or two suns, rather than one, like our solar system.

PRESIDENT: Oh, well, your answer creates more questions. OK, as I understand it, their planet has two suns. Wouldn't that mean the planet was hot? I guess that explains their eyes, having two eyelids.

The CARETAKER: Yes, Mr President. Their suns do not set, like ours. There is daylight during their entire day, with the exception of a short time period where both suns hit the horizon.

PRESIDENT: What is life like on Serpico?

The CARETAKER: Mr President, it is called SERPO, spelled S-E-R-P-O. I think that will have to be given in a different level of briefings. Mr Director....

WM CASEY: Yes, Mr President, I think we are getting way ahead of ourselves. We have all that information about the visitor's planet, but we would have to present that information in a different briefing.

PRESIDENT: OK, all these levels. Something, I guess, I'll have to ... well, I'll have to get used to it. Does all classified information have these different levels?

WM CASEY: It is similar to the SIOP briefing you were given in January. We have different levels of clearances and....

PRESIDENT: No, I understand all that, Bill. I fully understand the different levels of clearances. I mean, what about the Soviets? What about the spy operations we have in Russia, comparing the two, this alien information to that, are they on the same level?

WM CASEY: No, Mr President. This information would be considered at the very top, whereas our spying operation inside Russia would be considered at a parallel level, but not the same.

PRESIDENT: Like apples and oranges, OK, I see. I guess this is more that can be explained in one sitting. What about the travel from SERPO to Earth?

The CARETAKER: Well, Mr President, the distance from Earth to SERPO is about 40 light-years. They can travel that in about nine (9) of our months. I am no scientist, but as I mentioned earlier, they can travel that great distance by means of space tunnels. They seem to be able to bend the distance from one point in space to another. Just how they do this, must be explained scientifically.

PRESIDENT: OK, well, very interesting. Are the laws of physics on their planet the same as our planet?

The CARETAKER: Not exactly. There seem to be a little different laws, especially when it comes to the movement of their planet in relationship to their two suns. Our scientists don't understand it because it defies some of our laws of physics.

PRESIDENT: Do they use nuclear power, or what type of power do they have in those ships?

The CARETAKER: Mr President, we understand very little about their propulsion system. There seem to be two different propulsion systems. One they use within our atmosphere and one they use once they exit our atmosphere. They do not have nuclear power. Their propulsion system does have some type of low level radiation

emissions, but nothing that would endanger us. It isn't like our radiation, but we call it radiation because we have nothing else to compare it with.

PRESIDENT: Have these aliens visited other places on earth?

The CARETAKER: Again, Mr President, that would be in a different level of discussion.

PRESIDENT: I'm getting tired of hearing that answer, but I understand.

WM CASEY: Mr President, the Soviet Union has had their contacts with these aliens. We have a great deal of intelligence that would indicate the Soviets had their "Roswell," so to speak. What they know is about the same as we know. They had some bodies back in the late '50s, but our intelligence would indicate the species of aliens were different.

PRESIDENT: OK, well, then Bill, that presents a very disturbing feeling for me. Are you telling me there are different races or species, as you said, visiting Earth at the same time?

WM CASEY: CARETAKER, take that question.

The CARETAKER: Yes, Mr President, but I hesitate to state the reason. We should have that discussion in a different meeting.

PRESIDENT: Just answer the simple question of how many different species, don't go into details, since I'm sure it is at "a different level," as I've been hearing ALL morning!

The CARETAKER: I am sorry Mr President if I upset you....

PRESIDENT: No, no, Caretaker, don't feel that way. I am not upset. No, you are all of my advisers. As President, I must listen to YOU and take YOUR advice. I am NOT upset. I'm sorry for giving you that impression. Can you tell me how many different species have visited us?

The CARETAKER: Mr Director?

WM CASEY: Go ahead, Caretaker, answer the President's question.

The CARETAKER: At least five (5).

PRESIDENT: Are they all friendly?

The CARETAKER: Mr Director?

WM CASEY: Adviser #1, would you like to step in here?

ADVISER #1: Mr President, that is a very difficult question to answer. There are many parameters that we follow to evaluate the threat. However, we have little intelligence on four (4) of the five (5). We have plenty of intel on the Ebens ... gee ... they've given us everything we asked for! They have also helped us to understand the other four (4) species. I'm afraid to say, Mr President and please don't misunderstand my words, but we think ONE OF THE SPECIES IS VERY HOSTILE. WM CASEY: Mr President, do you wish for us to continue on this track or would you like something more private,

as to the discussion of this topic?

PRESIDENT: For Christ sakes, I'm the President of the United States. I should know if we are endangered by some THREAT FROM OUTER SPACE. If you have something to say about a threat posed by this one species of aliens, then I WANT TO HEAR IT.

WM CASEY: Mr President, we have intelligence that would indicate this one (1) species of aliens have ABDUCTED PEOPLE FROM EARTH. They have performed scientific and medical tests on these humans. To the best of our knowledge, NO humans have been killed. But, as ADVISER #1 stated, the intelligence is from witnesses and we haven't thoroughly evaluated this intelligence.

We have captured one of these hostile aliens. This gets into some very, very sensitive areas, Mr President. I strongly suggest we end this discussion and move on to any further questions you might have and then get back to this. I don't think we are prepared to provide you with accurate answers to your questions about the potentially hostile aliens at this time.

PRESIDENT: OK, but expect this to be given to me as soon as possible. I want to KNOW EVERYTHING ABOUT THESE HOSTILE CREATURES so I .... or I mean we should start forming policies on how to deal with them. Adviser #1, do we have OPERATIONAL WAR PLANS on this?

ADVISER #1: Yes, Mr President, we have war plans on ALL potential threats to our country.

PRESIDENT: Please, let us not forget the world. If these creatures attack some other country, we would have to help.

ADVISER #1: Mr President, we have absolutely NO evidence that this particular alien race has any plans to attack the United States of America or planet Earth.

PRESIDENT: I guess we really got off the original subject. But I want to know of any threats. DON'T HIDE ANYTHING FROM ME! Is that understood?

WM CASEY: Yes, Sir.

ADVISER #1: Yes, Sir, Mr President. We will NEVER hide any information about a potential threat to our country or the world. You receive daily intel briefings and you will continue to and we can update that briefing with any potential threat from this area.

PRESIDENT: OK, let us continue. How many other presidents received this briefing?

The CARETAKER: Mr President, I have briefed President Nixon, Ford and you. President Carter was never given the entire briefing. I have no answer as to why he wasn't given the briefing.

PRESIDENT: Well, knowing that guy, he probably couldn't understand it being from Georgia! But that is just a dry joke.... (laughter heard in room)

ADVISER #1: Mr President, I can give you some details of an incident that occurred inside the Soviet Union in 1970.

WM CASEY: Do we want to go there?

ADVISED #4: May I say something, Mr Director?

WM CASEY: Go ahead, ADVISED #4, step in.

ADVISED #4: I think this particular incident inside the Soviet Union will give the President an example of what the world has and will experience in the future. There is no way we can control visitors from outer space from traveling to Earth and visiting our planet. Some astronomers find it difficult to believe that these aliens can find Earth. We are on the outer reaches of our galaxy. Our sun is one of hundreds of thousands of such stars within our galactic neighborhood. But the Ebens found us, they found Earth. And we are not the only country on Earth that has been visited by the Ebens.

Now, as for the other four (4) species. We know they have visited us in the past and will visit us in the future. We are like a petri dish within the universe. We are a diverse planet. We must be very interesting to other extraterrestrials. I'm SURE other intelligent life forms in the universe must have some sort of communications among the [sentient] life forms. Maybe they broadcasted that Earth has intelligent life. Maybe that is why we are [being] visited.

Getting back to ADVISED #1, regarding the incident inside the Soviet Union, Mr President, there are many such sightings all over the world. We must understand that the visitors can roam our planet at will without us doing much about it. However, I personally believe that we must prepare for the EVENTUAL DAY WHEN SOME HOSTILE LIFE FORM DECIDES TO TAKE OVER OUR PLANET. We must be prepared. I hope you understand why I said what I said, Mr President.

PRESIDENT: Yes, indeed, ADVISED #4, very well said. I agree with you. I guess all of those sightings ... well, some of them are real .... I mean, we are being visited, today, now, in this time period.

WM CASEY: Yes, Mr President, we are.

PRESIDENT: OK, ADVISED #1, please continue, we cut you off.

ADVISED #1: OK, thanks, Mr President. As I was saying, actually a series of incidents occurred over about a week. Our intelligence gathering stations inside and outside of the Soviet Union picked up voice transmissions between Soviet Air Defense pilots and ground controllers regarding a number of UFOs which were being chased by Soviet pilots. The incident started in central Siberia and ended over the Black Sea.

Literally thousands of Soviets observed the UFOs and at least 20 different fighter pilots chased the UFOs. The Soviets attempted on two occasions to shoot down the UFOs, but to no avail. That is probably the best evidence that these things are happening over the Soviet Union. We think these UFOs were the hostile ones. We call them hostile because they tend to land, take humans, conduct experiments on them and then release the humans. Their spacecraft are different in design than the Ebens.

PRESIDENT: Wait one minute, ADVISED #1, you mean to say that we have one of their spaceships? Or are you telling me we have some other evidence of their spaceships?

ADVISED #1: Mr President, we have photographs of their ships. This gets a little

complicated because some of our intelligence comes from the Ebens.

PRESIDENT: You mean from the EBE guy?

ADVISER #1: Yes, but from other sources of information connected to the Ebens.

WM CASEY: Mr President, we'll have to go to those dreaded words you don't like ... higher levels if you wish.

PRESIDENT: No, well, no ... oh ... OK ... just give me this briefing first. We can schedule the higher level ones later.

ADVISER #1: Simply speaking, we know the difference between the Eben spacecraft and the hostile aliens' spacecraft.

PRESIDENT: Do you have a ... huh ... name for them, I mean the bad ones?

The CARETAKER: May I interrupt, Mr President?

WM CASEY: Wait, OK, I guess we can proceed.

PRESIDENT: Well, huh. (Too many speaking at once; several conversations not understood.)

? (Not understood) ?

The CARETAKER: OK.... (Several sentences said, but not understood.)

WM CASEY: Yes, go ahead, CARETAKER.

PRESIDENT: No, I didn't mean to interrupt.

The CARETAKER: Thank you, Mr President. We call the hostile aliens simply that, HAV, meaning Hostile Alien Visitors. MJ-12 placed that code on them back in the '50s.

WM CASEY: OK, we opened the box so let's just tell the president what we know about the others.

ADVISER #1: The names? What? (Several sentences not understood.) OK, well, technical? Or what?

WM CASEY: (Not understood), well, (not understood), OK, I guess it means the technical stuff.

PRESIDENT: You mean to say, these H-A-Vs have been visiting us and kidnapping our people since the '50s?

The CARETAKER: Mr President, yes, well, they have been around since then, Director Casey....

WM CASEY: Mr President, we have some indication that they might have been doing this for some time. But we really have to consider all of the evidence, listed in our reports, and compare that to some of the open source information. There are always humans that will exaggerate and just tell lies, compared to the real ones or the ones

who were abducted and subjected to experiments. We have to sort through the differences and place some aside and look at the real evidence of abductions. But we can be sure that the Ebens have NEVER done this. They are extremely peaceful and would not harm a living soul, including animals.

ADVISER #1: I suggest we go ahead and give the President the information on them.

ADVISER #4: I agree.

WM CASEY: OK, give the President the names, CARETAKER.

The CARETAKER: Names, the technical names?

WM CASEY: Yes, OK, (not understood) well about the (not understood) I can live with that, but we have to be real sure that this information stays HERE. We cannot allow this to flow (not understood) from (not understood).

The CARETAKER: OK, thank you. Mr President, the five (5) species are called, Ebens, Archquloids, Quadloids, Heplaloids and Trantaloids. These names were given to the alien's species by the intelligence community, specifically MJ-5. The Ebens are friendly; the Trantaloids are the dangerous ones.

PRESIDENT: My God, just knowing we have names for these things are amazing. Which one did we capture?

WM CASEY: Mr President, we have a Trantaloid, but it is dead. We captured it in 1961 in Canada and we had it in captivity until 1962, when it died. We'll show you a photograph ... CARETAKER?

The CARETAKER: Director, I don't have one with me. But, I will get one couriered over to us.

WM CASEY: Mr President, we can provide that during our next meeting regarding this subject.

PRESIDENT: OK.

WM CASEY: (not understood) ... the part of the story where (not understood), but we can look back.

PRESIDENT: OK, let's continue.

The CARETAKER: Mr President, getting back to my presentation, all of our collected information is safely contained in a number of locations.

PRESIDENT: Don't tell me where, I don't want to know specific locations. I'll let or leave that up to you and the caretakers of the material. I don't want to be in a position or know this ... maybe I will later.

The CARETAKER: OK, Mr President, I'll keep this in general terms. I just want to assure you that all of the information is safely tucked away at secure locations, including the devices and flying craft that we have.

PRESIDENT: May I assume one of these places is located in California?

The CARETAKER: Some of the items are tested at Livermore and flown around Edwards, but they are kept in Nevada.

PRESIDENT: OK, yes, I think I was briefed on sensitive military installations back in February ... west of Las Vegas, I guess.

The CARETAKER: Yes, Mr President. We call it the Groom Lake Complex.

PRESIDENT: OK, I was told about that. The same place we have Soviet fighter jets?

The CARETAKER: Yes, Mr President, the same place. May I continue?

PRESIDENT: Yes, by all means, do.

The CARETAKER: In order to protect all this information and the fact that the United States Government has evidence of our planet being visited by Extraterrestrials, we developed over the years a very effective program to safeguard the information. We call it "Project DOVE." It is a complex series of [disinformation] operations by our military intelligence agencies to disinform the public. As you know, Mr President, we have some highly classified aircraft.

In order to keep these aircraft secret, we tend to convince, at times, the public and press that maybe UFOs are real in order to make the public THINK what they are seeing are actually UFOs instead of OUR own secret aircraft even though we know maybe some of the sightings are of actual UFOs. As I said before, this is complicated, but it is a form of counterintelligence. We give the public some actual facts and let them run with it.

The rest is taken care of by them. If you consider the FIRST PERSON who helped us with this disinformation program, Mr GEORGE ADAMSKI, back in the early '50s, and up to all of the movie productions of UFO-related movies. This helps the public to keep their minds open, but also allows us to keep our secret aircraft away from the public's knowledge. That includes some of the craft that were lent to us by the Ebens.

PRESIDENT: I always knew there was some form of cooperation between our government and the motion picture industry. I heard rumors over the years ... even during my acting days.

The CARETAKER: Well, Mr President, the first cooperative venture was the movie, "The Day the Earth Stood Still." That was a cooperative venture with the United States Air Force and the movie industry.

PRESIDENT: That movie, "Close Encounters," was that one of them? I guess no "Bonzo" movies were involved. (Loud laughter heard.)

WM CASEY: No (laughing), Mr President, I don't think or should I say, I didn't think Bonzo came from outer space! (more laughter)

PRESIDENT: No, but some people could imagine it!

The CARETAKER: Yes, Mr President, we provided the basic subject matter for that movie.

PRESIDENT: Was it based on a real incident?

WM CASEY: Mr President....

PRESIDENT: OK, Bill, I know what's coming, just forget my question for now.

WM CASEY: OK, CARETAKER, continue.

The CARETAKER: Thank you, Mr President. In 1949, President Truman created two (2) secret commissions. These commissions were to meet privately without recording any contents. The commissions were code named "Adam" and "Eve." The first commission, Adam, was to study the idea of releasing some information to the public regarding our actual knowledge of UFOs and the two (2) crash incidents.

The findings of the Adam commission consisted of the following statement: "In this matter, public opinion must be recognized as a factor of considerable importance, even if clearly affirmative might have the effect of placing before the American people a moral question of vital historical significance at a time when the full security impact of the question had not become apparent. If this decision is to be made by the American people, it should be made in the circumstances of an actual disclosure of the existence of space beings who had visited Earth. In other words, the American public might hesitate to believe the existence of space beings unless the American Government showed proof."

This was an actual quote from the classified document dated 1 December 1949. The second commission, "Eve," concerned the use of atom bombs to repel a space alien attack. What's interesting in this statement was the decision by President Truman to proceed at a record pace on the production of atomic weapons that could be released in space. The commission predicted it would take the United States 10 years to develop such a delivery system. President Truman wanted it developed in five (5) years.

In fact, in 1959, the first Atlas ICBMs were targeted for deep space. SIOP plans were developed to counter any space-based alien invasion. Mr David Lilienthal, the first atomic energy commission chairman, was in charge of the production of enough atomic weapons to counter any anticipated alien threat. The commission was tasked with developing a delivery system that could send a Mark 3 atomic weapon into space.

In the 1948-1949 time frames, there were fewer than 50 atomic bombs in the arsenal and none of these were assembled. The Mark 3 plutonium bombs, like the one dropped at Nagasaki, Japan, took 39 men more that two days to assemble the bomb. The bombs were so large and heavy each weighed 10,000 pounds, and that a delivery system must be capable of sending this heavy weapon into space. As a result of Eve's commission findings, atomic weapons production was increased at a record pace.

Of course, this build-up coincided with the Soviet Union's build-up. It was easy to convince the American public that our build-up was caused by the Soviet Union's build-up. Mr President, in 1964, we were able to have our very first controlled encounter with the Ebens. Let me first give you the background. EBE was a mechanic, not a scientist. He was still able to teach us some of the Eben language. Their language was very difficult for our linguists to learn because it consisted of tones, not words.

However, we were able to translate some basic words. EBE showed us their

communications device. It was a strange looking device that had three (3) parts. Once assembled, the device sent out signals, something like our Morse code system, although there was a problem. During the crash in 1947, one part of this communication system was broken. EBE was unable to repair it until our scientists found some items that could be used in place of the broken parts. Once the communication device was repaired, EBE sent our messages. We had to trust EBE as to the contents of those messages.

You can imagine what some of our military commanders thought of this. EBE could be sending out a distress call that could result in some invasion. But that, of course, never happened. EBE continued to send messages until his death. But once he died, then we were on our own. We were able to crudely operate the device. We sent several messages out over a six (6) month period (1953). But we did not receive any return messages.

PRESIDENT: Excuse me, did EBE receive any return messages?

The CARETAKER: Getting back to the messages, Mr President, EBE sent out six (6) messages. One letting his home planet know that he was alive and his comrades were dead, another explaining the two crashes, the third was a request to be rescued, the fourth was a message suggesting a meeting between his leaders and our leaders. The last message suggested some form of an EXCHANGE program.

WM CASEY: Mr President, we'll go into that later.

PRESIDENT: (not understood) ... what ... the exchange program?

WM CASEY: Yes, Mr President. We can give you another couple of hours on that subject.

PRESIDENT: We had one?

WM CASEY: Can I speak to you privately, please, Mr President?

PRESIDENT: OK, yes ... you mean now? (not understood)

WM CASEY: Well, let us put this one on the back burner and go on with the remainder of this briefing.

PRESIDENT: OK.

The CARETAKER: Mr President, we don't think he did, but we could not be entirely certain. But, our scientists fine-tuned our efforts over the next 18 months and finally sent two (2) messages in 1955 that were received. We received a reply. We were able to translate about 30 percent of the message. We turned to several linguist specialists from several different universities and even several from foreign universities. Finally, we were able to translate most of the messages. We decided to reply in English and see if the Ebens could translate our language easier than we could theirs.

PRESIDENT: What did the messages say? The one we received from the Ebens? So, I guess they didn't get the messages sent by EBE? Or did it take that long to respond? Oh, yes, EBE died before we got those messages, never mind.

The CARETAKER: Mr President, the first message we received acknowledged our

message and asked questions about the crew of the two missing craft. It also gave a series of numbers that we think were some type of coordinates.

PRESIDENT: OK, so they wanted to know the coordinates of the crash sites on Earth? I'm sure they wanted to know about their crew. Did we tell them all but one was dead? No, wait; I'm sure when EBE sent his messages that is probably the first thing he sent. Was EBE a military person or what?

The CARETAKER: Mr President, we believe EBE was a member of their air force or maybe something like NASA.

PRESIDENT: OK, please continue.

The CARETAKER: Thank you, Mr President. Finally we were able to translate most of the messages. As I said, we decided to respond in English. Approximately four months later, we received a reply in broken English. Sentences contained nouns and adjectives, but no verbs. It took us several months to translate the message. We then sent Eben our typed English lessons in a series of one sheet formats.

Without going into the technical description of the Eben communications device, it was like a television screen and a key pad, but the pad contained several different Eben characters depending on the number of times you held down one key. We were able to transpose our English-typed words into the second part of the device, which was similar to our facsimile transmission system. It took our scientists some time to perfect this, but it worked. Six months later, we received another English message. This time it was clearer, but not clear enough. Ebens were confusing several different English words and still failed to complete a proper sentence.

PRESIDENT: Gee, I do that all of the time (sounds of laughter). I just cannot imagine how an alien race could view our language. We have thousands of different languages on Earth and they probably have just one on their SERPO planet. That is truly amazing.

The CARETAKER: Yes, Mr President, I cannot imagine living on a planet with just one language. But we were able to provide the basic skill level for them to communicate in English. It took time, but they realized our efforts. In one message, they provided us with a form of the Eben alphabet with the equivalent English letter. Our linguists had a very difficult time figuring this out. The written Eben language was simple characters and symbols, but our linguists had a difficult time comparing the two written languages.

Over the next five (5) years, we were able to perfect our understanding of the Eben language somewhat and the Ebens were able to better understand English. However, we had a major problem. Trying to coordinate a date, time and location for an Eben landing on Earth. Even though we could basically understand some Eben and the Ebens could understand some English, we could not understand their time and date system and they could not understand ours. We sent them our Earth's rotation schedule, revolution, date system, etc.

For some reason the Eben's never understood this. In return, the Ebens sent us their system, which was difficult for our scientists to understand because we had no reference to their planet. The Ebens did not explain any astronomical date of SERPO or their system. We then decided to just send pictures showing Earth, landmarks and a simple numbering system for time periods. We had many problems trying to send

pictures using their facsimile system. We couldn't be sure they were receiving what we sent.

We had a lot of trial and errors in doing this. We received back some strange messages from the Ebens, basically big question marks regarding what we sent them as to the pictures. We then decided on narrowing any future landing location for them to the location of their crash in New Mexico. We concluded they must have that location. We are sure EBE sent that to his home planet prior to his death. We did find some star charts ... well ... as we call them, in both crashed spacecraft.

They were difficult to understand because they were on a block that we later figured out went into a certain panel on the crashed craft's instruments. Once the panel was in place, the board showed a star system. In fact, we were able to fit all the found boards into the panel and view many different star systems. We then put to work our astronomers in deciphering the star systems. It didn't take them very long to determine the various star systems. We also found several strange spots on the star charts.

We concluded these spots were where the travel space tunnels that EBE described were located. Our astronomers compared the different star charts and found that they were not consecutive. Meaning that one star chart was from one part of the universe and the next was a chart closer to their home system. Our scientists concluded the spots on the chart were a form of short cuts from one point of space to another. Some of our top astronomers were briefed into the program in order to study the charts. I'm sure they were given only the minimum amount of information they needed, something like a need-to-know program.

PRESIDENT: OK, that is a lot to absorb. Wow, well, I have many questions, but I guess I'll just wait now. I have something to attend to now. But let us take a short break and come back to this.

WM CASEY: Mr President, how much time do you have left?

PRESIDENT: Well, Bill, let me check. (Long pause). I need to call some people on another matter. Give me about 15 minutes. Is that OK?

WM CASEY: Yes, Mr President, we are here at your disposal.

PRESIDENT: I have listened intently to this briefing. I have many questions, which I realize traverses several different layers of secrecy. I don't want to mix up the different layers. But I can see how government bureaucracy exists. That is one thing I can probably change as President! Bill, let's go to the next layer.

WM CASEY: Mr President, do you want the same people involved?

PRESIDENT: Yes, let's just continue.

WM CASEY: OK, CARETAKER, take over.

The CARETAKER: Thank you. When EBE was alive, he showed us two devices. One was a communication system and one was an energy device. The communication system did not work without the energy device. Eventually, a scientist from Los Alamos figured out the two systems and connected them. After EBE died, we were able to send transmissions, as I said earlier. EBE built up a strong friendship with a U.S. Army

Major, who was his guardian.

The two of them decided that one of Eben's first messages (of the five sent) was a request for an exchange program between the Ebens and our military personnel. Remember I mentioned six (6) messages. The sixth consisted of landing coordinates for Earth. That information wasn't clearly documented back then. We are not sure of the exact chain of events between EBE and the Major. As I said earlier, we were able to eventually communicate with the Ebens.

Over a period of a few years, we could send and receive information. We finally received a startling message from the Ebens. They wanted to visit Earth, retrieve their spacemen bodies and meet with Earthlings. They provided a time, date and location. We figure that the Ebens were continually visiting Earth and had probably mapped it. However, the date was about eight (8) years in the future. Our military figured something was wrong and that maybe the Ebens were confusing Earth time with Eben time. After a long series of messages, it was determined the Ebens would land on Earth on Friday, April 24, 1964.

PRESIDENT: Just how did we figure the date?

The CARETAKER: Mr President, these messages occurred over a period of several years. By this time, we both had a working knowledge of the other's seasons, which was based on the Earth's rotation, which also figured into our time periods. We had a working knowledge of their 40-hour days. They were a little smarter than us, being able to comprehend our language and our time periods.

PRESIDENT: OK, that makes sense. But ... (not understood) ... about ... (not understood) ... the aliens?

The CARETAKER: Mr President, we did have a basic understanding of their language. We could understand basic words and symbols. They understood more of our language than we did theirs.

PRESIDENT: OK, then what happened?

The CARETAKER: Well....

WM CASEY: Mr President, this is where things get very interesting.

PRESIDENT: OK, I'm waiting.... (not understood)

The CARETAKER: Our government, specifically, MJ-12 met in secret to plan the event. Decisions were made, then changed many times. We had just about 25 months from the time we finally received their message of the date to prepare for their arrival. Several months into the planning, President Kennedy decided to approve a plan to exchange a special military team. The USAF was tasked as the lead agency.

The USAF officials picked special civilian scientists to assist in the planning and crew selection. The team members' selection process was the hardest to accomplish. Several plans were suggested and then changed. It took months for the planners to decide on the selection criteria for each team member. They decided that each member must be military, single, no children and a career member. They had to be trained in different skills.

WM CASEY: CARETAKER, let's just go into the general stuff here, I don't think the President wants to know every single minute detail.

PRESIDENT: Well, if I had the time, I would. (not understood) .... but, I understand that.

The CARETAKER: Mr President, a team of 12 men were selected. However, during this time period, President Kennedy died. The nation was shocked, as you know....

PRESIDENT: Yes, everyone was shocked. I can understand what must have happened during the project when John died.

The CARETAKER: President Johnson continued the program. When it came time for the meeting, we were ready. The landing occurred in New Mexico. We had everything prepared. We had a hoax landing location just in case it was leaked. The landing occurred and we greeted the Ebens. However, a mix up happened. They were not prepared to accept our exchange personnel. Everything was placed on hold. Finally in 1965, the Ebens landed in Nevada and we exchanged 12 of our men for one of theirs.

PRESIDENT: One? Why just one?

WM CASEY: Mr President, this wasn't clearly documented in the reports that we read.

PRESIDENT: One ... was this their ambassador?

WM CASEY: Well, something like that. We just called it EBE 2. We'll discuss that later.

The CARETAKER: Mr President. Our team of 12 went to the Eben planet for 13 years. The original mission called for a 10-year stay, however, because of the strange time periods on their planet, the team stayed three (3) additional years. Eight [seven] returned in 1978. Two died on the planet and two decided to stay.

*[NOTE: Team Member #308 (Team Pilot #2) died of a pulmonary embolism enroute to SERPO on the 9-month journey; 11 arrived safely.]*

PRESIDENT: OK, this is just AMAZING! I can see, about that movie. The movie was based on a real event. I saw that movie. 12 men left, along with Richard Dreyfuss.

WM CASEY: Mr President, yes, the movie was similar to the real event, at least the last part of the movie.

PRESIDENT: OK, a lot to digest. I want to hear about the hostile ones.

ADVISER #1: Mr President, may I step in here?

PRESIDENT: By all means, ADVISER #1, do.

ADVISER #1: Well, Mr President, the hostile alien species is responsible for abducting some humans. We can clearly prove some 80 Americans were abducted from about 1955 until the present, the last known one in July of last year [1980]. We have a special military intelligence unit keeping track of these abductions. We have FBI agents attached, to assist us when needed. We have NSA and in some instances, CIA personnel helping.

Unfortunately, we don't have the technology to know when these hostiles will abduct. We get the information afterwards. We interview the victim and place them under hypnotic trances. Some of the victims remember the entire event without hypnosis, while others need hypnosis to relate what happened. We haven't found one single death directly related to the hostile aliens. We have had deaths that were attributed to the abductions ... suicides. We recorded five (5) of them.

But, Mr President, these are the abductions we know about. We have NO idea how many other abductions are occurring in this country or around the world. These hostile aliens are pretty sneaky. They seem to appear and disappear, which is beyond our technical understanding. They also seem to float or defy gravity. WE HAVE ACTUAL PHOTOGRAPHS OF THEM DOING THIS. We have a classic abduction incident that was recorded by military intelligence personnel. It happened in 1979 near a military base.

PRESIDENT: Where?

ADVISER #1: In New Mexico.

PRESIDENT: What's with New Mexico? The aliens seem to like that state. Do we know why?

The CARETAKER: Excuse me, may I speak?

PRESIDENT: Yes, CARETAKER, step in.

The CARETAKER: New Mexico is similar to the home planet of the Ebens. Since we do not know which planet the Trantaloids come from....

WM CASEY: Wait ... ADVISER #4?

ADVISER #4: I think we do. I think the Ebens gave us that information. We know the star group. It is close to our solar system, well, I mean in astronomical terms. Maybe 20-25 light-years away. They are actually closer to us than the Ebens are.

*[VICTOR: The homeworld of the HAV, the TRANTALOIDS, is the THIRD PLANET out from the star Epsilon Eridani in the constellation Eridanus at 10.5 light-years away. Although somewhat cooler and fainter than our sun, it is very similar. Hal's friend, ADVISER #4, was mistaken on the distance; an easy error to make given the voluminous amount of information on this subject matter alone. - ANONYMOUS.]*

PRESIDENT: So that means they can travel like the Ebens travel? I mean using those black holes or whatever you call them?

ADVISER #4: Yes, Mr President, they can travel in the same fashion as the Ebens. However, according to the Ebens, the Trantaloids use a different form of propulsion. Something like matter versus antimatter.

PRESIDENT: And that means?

ADVISER #4: Mr President, basic physics....

WM CASEY: Mr President, do you want to go into the physics of this?

PRESIDENT: Oh, no, no, I don't think I'd understand it.

ADVISER #4: I was just going to say that we know that when matter is placed next to antimatter, there is a great deal of energy released. If one could harness that into a propulsion system, that would be great. But we don't have the capability to do that.

PRESIDENT: Do we have one of their spaceships?

The CARETAKER: Yes, well, partially. A crashed one.

PRESIDENT: OK, can we or do we have the technical knowledge to understand it?

WM CASEY: No, Mr President, we don't.

PRESIDENT: We can make atomic bombs, go to Mars and we can't understand their science?

WM CASEY: Adviser #4?

ADVISER #4: Mr President, their technology is probably 1,000 years more advanced than ours ... maybe even more. They have different materials to work with. Some of their materials are not found on this planet.

PRESIDENT: What do you mean, like iron or elements?

ADVISER #4: Yes, Mr President. We found many metals and other things that are not found on this planet. Maybe they have more than 104 elements or maybe they are different than ours.

PRESIDENT: The hostile ones or the Ebens?

ADVISER #4: Mr President that goes for each species although the Ebens do have similar elements as [those found on] Earth. But the Trantaloids have strange materials ... nothing like [those found on] Earth. These ALIENS CAN IMITATE HUMANS. They CAN LOOK LIKE BLOND HUMANS. However, they are not blond, but UGLY-LOOKING INSECTS.

PRESIDENT: Insects, did you say that?

ADVISER #4: Yes, do you have a photograph?

The CARETAKER: Yes, hold on.

WM CASEY: They are pretty nasty looking.

PRESIDENT: Well, they would stand out.

ADVISER #4: No, Mr President, as I said THEY CAN IMITATE LOOKING LIKE HUMANS.

PRESIDENT: How in the world do they do that? It took a lot of makeup to make me look good in the movies. (loud laughter heard)

ADVISER #4: Well, Mr President, I can assure you they don't use makeup, at least not like we would. They have the ability to change their bodies. As I said before, they are

1,000 years ahead of us in technology and probably every other science.

PRESIDENT: They can be killed?

ADVISER #4: Yes, they are just flesh and blood, like a human body. They can be killed. But their spaceships have a force field around them. They can be shot down, but it takes some doing on our part.

WM CASEY: Mr President, we have to use a small-style nuclear missile to shoot them down, but we haven't actually done that yet. We have experimented in Nevada on the captured craft we have of theirs.

PRESIDENT: My God, I hope we haven't used atomic missiles. What does that mean?! I have to give that order!

ADVISER #1: Excuse me, but Mr President, no, we haven't used any nuclear missiles to shoot down any alien flying craft. I think Adviser #4 and the Director mean that if we had to shoot one down, for instance ... if a group of them attacked us.

PRESIDENT: Is that likely?

ADVISER #1: No, I don't think so.

PRESIDENT: Can we intercept their radio transmissions? Do we know their language?

ADVISER #1: We know or we can recognize their language, which is entirely different than the Ebens. They use a very high-band radio system. But they have different frequencies and it is difficult for NSA to track them.

PRESIDENT: Maybe we should call Captain Kirk?! (loud laughter) Oh, a little humor is good in any situation! (loud laughter)

ADVISER #1: OK, Mr President, I'll call Scotty! (more laughter)

PRESIDENT: Yeah, maybe [Gene] Roddenberry knows.!

ADVISER #1: Our air defenses are as best prepared as we can be against any form of an attack by this group.

PRESIDENT: How do we do that? I mean, our pilots. Do they know?

ADVISER #1: Not exactly. But we have a system to cover any threat.

PRESIDENT: A war plan?

ADVISER #1: Like I said earlier, yes, Mr President, we do have war plans just for this event or possible event.

PRESIDENT: OK. Well, I think that is enough for one day. Bill, set something up for tomorrow to finish this.

WM CASEY: OK, Mr President. I'll get with ADVISER #2 and Michael [Deaver].

PRESIDENT: I want to thank everyone for a very thorough briefing. I was educated

beyond belief. I will have a different attitude every time I look up in the sky.

This is the International Free Press in Canada  
(address given no longer valid)

*International Free Press Network, P.O. Box 177, Magog, Quebec, Canada J1X3W8*

The International Free Press Network is not a religious group, neither a political organization, but an independent worldwide investigation press agency, in the field of politics, economic, medical and military.

We specialize ourselves in investigating and publishing special reports and audio tapes to expose the under world of the United Nations' conspiracy to implement a New World Order.

Our task is to make the people realize that the coming of the New World Order is not a dream, neither a paranoid thought. It is a real Satanic under going project.

For what?

To abolish all Christian traditional religions in order to replace them by a one-world religion based on the 'cult of man'.

To abolish all national identity and national pride in order to establish a world identity and world pride.

To abolish the family as known today in order to replace it by individuals all working for the glory of one-world government

To destroy all individual artistic and scientific creating works to implement a world government's one mind sight??

And that kind of declaration of war from the United Nations is for:

the implementation of a universal and obligatory membership to the United Nations, as transcending of the United Nations by multi-military and multi-police force;

a world wide Justice Department through the United Nations with an International Criminal Court;

a world wide new Trade Agreement for all nations;

the end of cold war -- of local war like it is today, and the obligation for co-existence for "peace";

and also, a New World Religion and a New World Culture for all men.

If we really wish to understand the Blue Beam Project -- NASA's Blue Beam Project -- where is that from?. . . we have to go back to the dawning of the Age of Aquarius. Remember that song? That song said:

When the moon is in the seventh house, and Jupiter aligns with mars, and peace will guide our planet, and love will steer the stars.

This related with the year 1982, to be at that time the opening of the conspiracy for the Age of Aquarius. Just before the implementation of the New World Order, supposed to start at that time in 1983... and I have to say that the Blue Beam Project was set up for the year 1983.

It has been delayed at that time. We don't know exactly why, but since 1983, makes eleven years they've really improved themselves with new technology and through space, that enable them right now to make their space show possible.

So, the goals of the New Age movement under which the United Nations operates right now, are the implementation of a New World Messiah.

The tools of the new world government are a multi-national army -- an international army; an international police force; a World Bank for the economy; a World Government under the United Nations; a World Conservation Bank for wilderness around the world. That means that all green movements will be melded into this new International Bank or will disappear. A World Religion where all church doctrines will be destroyed at the roots to be replaced by the new religion of the Age of Aquarius.

The world seven rate classifications for all men and women - the new paradise, they said - where everybody will have a predetermined work to fill out whether they agree or not; the world concentration camp headquarters at the United Nations for those who will not accept the new system; the world agriculture and food-supply control which will control food and vitamin supplies all around the world.

The New World Order will be an in-between government system from old USSR, Great Britain and its commonwealths, and the actual United States with its melting-pot population. This is at the end... a new spiritual-political world order which will replace the old one in which we live right now.

What are the New World Order plans? They plan the destruction of all people who believe in the Bible, who worship Jesus Christ, and the complete disappearance of Christianity to achieve this plan.

The New World Order will change nations' laws in order that Christian religious beliefs and symbols - like the cross for instance - will be come unlawful. Only Easter and Christmas for instance will be replaced by New Age festivities around the world.

The New World Order plans also the abolishment of all currencies and the transfer to electronic cash through the super highway -- what we call also, the electronic highway. The thinker and the basic doctrine books of the New Age conspiracy for the New World Government are -- and listen to the name of those people because all the new way of thinking of the New World Order are from those people, those authors who wrote different kinds of books which are the basic belief of the New Age movement:

Helena Petrovna Blavatsky, who wrote *Isis Unveiled* and *The Secret Doctrine*.

Alice A. Baily who wrote *The Race and the Initiation* and *the Externalization of the Hierarchy*. Also, *Initiation, Human and Solar*; *The Reappearance of the Christ* - their Christ is the new messiah; *The Destiny of the Nations*, in which they plan what they're going to do with the actual nation-state.

The Unfinished Autobiography , Discipleship in the New Age, Esoteric Psychology -- that's a writing of Alice Baily, very important for all New Age thinkers who are exactly the ones who plan the New World Order.

Also the writing of Nicholas Roerich wrote Mitreya, that's their new messiah; Shambala the Resplendent; The Agni? Yoga Series.

Also the writing of David Spangler who wrote Revelation, the Birth of a New Age, considered as a valuable insight to the New Age movement. Reflections on the Christ which is related to the Luciferian initiation; Links With Space, which relayed as supposed to be big space show in which aliens are supposed to come to save men. Relationship and Identity; The Laws of Manifestation; New Age ?, and Toward a Planetary Vision which is directly related with the New World Order as they plan it to be.

Now, what do those people also plan?... and as I said before, this is not a dream and this is not paranoid thinking. This is real. So they plan ... to accept the New World Order, people will have to accept first the New World Religion. To enter into the New World Religion, the Christians will have to abdicate their own beliefs.

So as they said, especially Benjamin Creme, David Spangler, Alice Baily, Helena Petrovna Blavatsky... all said that the initiation will be on a world basis, inside the new organized Christian church and is a Masonic Lodge, and Order organization. It will be based on a Luciferian initiation, so what we have to understand here is: it won't be possible for somebody who will hold tight to his own Christian beliefs to get into the New World Order. That will be impossible.

Now for those who will not accept the NWO, who will reject it, the new age people -- the new ager, the new world order people, which is the same -- they plan concentration camps - re-education camps - and for those camps they made what is known to be the rainbow color classification of the new world order prisoner. The rainbow considered as the bridge symbol leading to the Satanic world of the New World Order.

We already do know for instance, that everybody will have to take an oath to Lucifer with a ritual initiation in order to cross that bridge into the new World Order. All resisters to that initiation, as they plan, will definitely be sent to a detention facility where they will be separated in different categories. That's what they call the rainbow color classification of the New World Order prisoner.

Classification of Christian children, as they plan it, are to be used as human sacrifice. Where? Within the black mass ceremonies, they will participate in any kind of sexual orgy, some to be kept as sexual slaves.

Classification 2, which is the classification of prisoners to be used in medical experiments where drugs and new technologies will be tested on humans.

The 3rd classification is the classification of healthy prisoners for the international human organ center, where their vital organs will be removed one by one while they will be maintained in life with special life-support systems.

Classification 4, for all healthy underground workers. The new world order is a basic worldwide dictatorship based on the Luciferian religion. A dictatorship with the

appearance of an international democracy. In order to maintain that democracy illusion, camps and slave labor will be hidden from the populations of the earth. Just remember, for instance, how Hitler covered up the maternity in the concentration camp in his time.

Classification 5, which is the classification of uncertain prisoners in the international re-educational center, where they will be re-educated in order to repent themselves on worldwide t.v. and where they will learn how to glorify the virtues of the new world order for humanity.

Classification 6, which is the international execution center. We're still waiting for details on the 7th rate classification as well as we're still waiting for proof on the color classification for each prisoner section.

Now, those people... this is what they plan in their new paradise world. So you have to understand that when I decided to release - about six months ago - some tiny parts of information concerning their most secret project, which is the NASA Blue Beam project, I was not sure at that time if I would survive my stand against the new world order's most sophisticated project, set up to put down on their knees all men of all nations, cultures and religions.

But now, following my own Christian conscience, my real and deep love for all my unknown brothers and sisters in America and other parts of the world, I fully accept to give my life it that has to be the case, for the truth, for Jesus Christ, by releasing for the first time ever the four major steps of the satellite Blue Beam Project

What I ask to everyone who will read and hear the description following: It is not to be paralyzed by their natural fear but to spread every word of the contents of this ninety-minute audio tape and to gather together in order to pray, to think and to plan different ways they will organize themselves to survive the New World Order government showdown and power-taking. Because what we have to understand is the New World Government won't be something permanent - immortal. This is not the case. But what we have to do and what we have to think right now is how to organize ourselves to survive such tyranny, such Satanic plans.

Now, the famous NASA Blue Beam Project has four different steps. Four parts toward the implementation of the New World Religion with the anti-Christ at its head. And we must remember that the New World Religion is the basic foundation for the New World Government. Without that New World Religion, such government, such worldwide dictatorship is completely impossible. That's why the project is so not only so important to them, but was so well kept secret to now.

The first step concerns the breakdown of all archeological knowledge. It deals with the set-up of earthquakes at certain precise locations of the planet where supposedly new discoveries will suddenly explain - for them - the wrong meaning of all major religions' basic doctrines. This classification used to make the population believe that all religious doctrines have been misunderstood and misinterpreted have already started with the field of psychological preparation for populations for the first step has been prepared through films like 2001 a Space Odyssey; the series, Star Trek; Star Wars which deals with space invasion and space protection; and the last film, Jurassic Park, dealing with the theory of evolution.

Now, which is important to understand in that first step is that those earthquakes will hit at different parts of the world where scientists and archeological teachings have

been taught in the past where supposedly there were some hidden secrets. By those kinds of earthquakes it will be possible for them to rediscover again - supposedly, okay? - rediscover again those kinds of secrets and those secrets are meant to discredit all the religions' basic doctrines.

This is the first preparation for the plan for humanity, because what they want to do is to throw down, to shake up the beliefs of all Christians on the planet. And to do that they need some false proof, supposedly from the past, and from the far past that will "prove" to men and women that their religions are false.

The second step deals with the gigantic space show with three dimensional optical holograms and sounds, laser projections of multiple holographic images to different parts of the world, each receiving different images according to predominating regional/national religious faith. This new god's image will be talking in all languages. Now to understand that, we have to go back a little bit in different Secret Services research done in the last 25 years. Like this one:

The Soviets have manufactured the advanced computer, even imported, and fed them with the minute psychical particular base under studies about the anatomy and the biology of the human body; and the studies about the anatomy, the chemistry and the electricity of the human brain. These computers were fed as well, with the different languages and their meanings. The dialect of people have been fed from the Nature Truth satellite. The Soviets started to feed the computer with objective programs like the ones New Messiah. It also seems that the Soviets now, the new world order people, ?? to suicidal methods with the human society by allocating an electronic wave on every mind for many persons in different societies.

Now, there are two different things in that second part. The space show and where that space show comes from. The Space Show, the holographic imaging will be used in a simulation of the ending in which you are given scenes which focus on fulfillment of that which is a desire for you to protect? to fit the needs of those adversary ??.

The results of this deliberately staged false Christ will be for the implementation of a new universal religion. Enough tricks will be foisted on us to hook us into the lie. The Project is the ability to take up a whole bunch of people as in a rapture type of situation and to whisk the whole bunch into never-never land.

The calculated resistance to the New World Religion, the New World Order and the New Messiah will be ? on a massive scale in the ensuing Holy Wars. The Blue Beam Project will pretend to be the universal fulfillment of the prophesies of old, as nature and even as that which took place 2,000 years ago.

In principal, it will make use of the sky as a movie screen, a space based laser generating satellite projects simultaneous images to the four corners of the planet in every language and in every dialect according to region. It deals with the religion aspect of the new world order and is a large scale seduction.

Computers will coordinate the satellite and software will run the show and tell. Holography is based on very nearly identical signal, combining to produce an image or hologram with deep perception which is equally applicable ?? to ELF, VLF and LF waves. It is an optical phenomena.

Specifically, the show will consist of laser projection of multiple holographic images

to different parts of the world, each receiving a different according to predominating regional/national religious faith. Not a single area will be excluded.

With computer animation and sound effects appearing to come from the depths of space, astonished followers of the various creeds will witness their own returned messiah in spectacularly convincing life-like realness. Then the projection of the Christ, of Mohammed, Buddah, Krishna, etc. will merge into one after ?? explanation of the mysteries, prophecies, and revelation will have been disclosed.

This one god will in fact be the anti-Christ who will explain the various scriptures have been misunderstood, that the religions of all are responsible for turning brother against brother, nation against nation; therefore the world's religions must be abolished to make way for the Golden Age, New Age of the One World Religion, representing the one god anti-Christ in this instance they see before them.

Naturally this superbly staged ?? falsification will result in social religious disorder on a grand scale, including millions of programmed religious fanatics, through demonic possession cases on a scale never seen before. In addition, this event will occur at a time of great political anarchy and general tumult at the edge of something big... the United Nations, even though it plans to use the Beethoven song of joy as the official Anthem for the New World Order.

Now, if we put this space show and parallel with the star war program we get this: Combinations of electro-magnetic radiation and hypnosis have also been the subject of intensive research. In 1974, for instance, researcher G. F. Shapis? said of one of these research proposals and this investigation:

"It will be shown that the spoken word of the hypnotist may also become varied by modulated electro-magnetic energy directly into the ?? spot of the human brain, without employing any technical device for receiving or transporting the message and without the person exposed to such influence having a chance to control the information input consciously.

It may be expected that they rationalize their behavior and consider it to be under taken out of their own free will."

Anybody investigating so-called channeling phenomena right now would be wise to take this area of research into consideration. It is interesting to note the fact that the number of people who consider themselves channelers have escalated rapidly since this type of research was conducted.

It is uncanny how similar their messages are regardless of which entity they claim to be the source of their divine guidance. It would suggest that any individual considering the content of channeled information should be discerning and critically evaluate where the message they are receiving or considering it empowering or would serve to invoke thought patterns beneficial to the New World Order.

The Sidney Morning Arrow? published an item on March 21st, 1983 which asked ?? ?? ?? . The article states that a paper entitled "The Soviets are Invading the Human Mind" has been submitted to the newspaper foreign editor by Dr. Nathan Ab ??, Assistant Professor in the ?? ?? ?? in Egypt. It is worth quoting the article at length even though his grammar is a little old.

This article relates with the subject who manufactured the advanced computer we were talking about a few minutes ago, and which is really important, because these kinds of computers can be around through satellite into space. The computers were fed, as we said as well, with the different languages and their meanings; the dialect of the people has been fed from the Nature Truth satellite.

The Soviets started to feed the computer with objective program. Today, we're not talking about the Soviets, we're talking about the United Nations, the new world order's people. They're the ones who feed the computer right now with objective programs.

Also, the editor of the column in which the article was printed even states, "We think it makes sense too important to ignore." I think that it is considerate way of putting it. One disturbing possibility, given all the information we have at hand, is that the individuals involved in this potential ? mind control operation could then sell the program and not even be aware that they are conducting such an operation.

Now, figure it out how far they can go right now.

Now, these techniques push us toward the third step of the NASA Blue Beam project that goes along with the telepathic electronical two-ways communication where ELF, VLF and LF waves will reach the people of the earth by the inside of their brain making each one to believe that his own 'god' is talking to each one from within his own soul.

Such waves from satellite are fed from the memory of computers which store a lot of data about the human being and the languages. These waves will then interlace and interweave with the natural thinking to form what we call ?? artificial talk. Now that kind of technology goes into the 1970's, 1980's and 1990's research where the human brain has been compared to a computer; information is fed in, processed, integrated and our response is then formulated and acted upon.

Mind controllers manipulate information in the same manner as a computer for grammar manipulates information.

In January, 1991, the University of Arizona hosted a conference titled "The NATO Advanced Research Workshop on Current and Emergent Phenomena in Bio-Molecular Systems".

What does that mean exactly? That means this: If we refer to one paper that was delivered at the conference, stood out for its different attitude toward the development under discussion at that time. It was in effect a protest and a chilling warning to the attending scientists about the potential abuse of their research findings.

Now, what does that paper mean, and state? It states that the United States has ?? communication equipment which can make the blind see, the deaf hear and the lame walk. It can relieve the terminally ill of all pain without the use of any drugs - and I'm not talking about science fiction over here - a man might retain the use of all his faculties up until the day of his death.

This communication equipment depends on the new way of looking at the human brain and neuro-muscular system and ?? radiation pulse at ultra low frequency. Some of this equipment is now operational within the Central Intelligence Agency -

the CIA - and the Federal Bureau of Investigations. It will never be used to make the blind see and the deaf hear and the lame walk, because it is central to the domestic political agenda and foreign policy of the late president Bush.

Domestically the new communications equipment is being used to torture and murder persons who match profiles imagined; to be able to screen a given population for terrorists; to torture and murder citizens who belong to organizations which promote peace and development in Central America; to torture and murder citizens who belong to organizations opposed to deployment and use of nuclear weapons; and to create a race of slaves called automatons, or what it is popularly called, the Manchurian Candidate.

Over seas experimentation is taking place on ?? by the United States and Canada, Great Britain, Australia, Germany, Finland and France. In addition there has been a long series of ?? among British computer scientists of all who have some connection to the United States Navy.

What is possible to ask here in front of such a psychology of terror as this? Would any government, corporation or psychiatrist willfully promote such horror today? The answer is quite obviously, "yes". Government agencies and the corporations that work with them toward New World Order are prepared to promote anything that will help them to achieve their objective of total social control.

As for the question of 'why?': for one thing, if you terrify the public and make them fear for their safety they will allow you to implement draconian law enforcement practices, disarm them and keep extensive records on them and they only have to tell you, "Well, that's all in order to protect you, of course".

And secondly, it promotes the decay of the current form of democratic political system and leads societies to search for alternatives to current political methodology.

Of course, the alternative has already been planned. It is called New World Order and it won't have your safety or interest at heart. As George Bush. said, "read my lips."

Fear has always been used by powerful elite to control and subjugate the masses. The old maxim "divide and conquer is being played out to the limit in every corner of the planet to ensure that everybody is frightened for their personal safety and scared or suspicious of those around them. This too, it is called mind control.

Now, to go a little bit further in that new technology which is at the basis of the NASA Blue Beam project, we have to consider this quote from psychologist Gene V McConnell, which was published in a 1970 issue of "Psychology Today". He said,

"The day has come when we can combine sensory deprivation with drugs, hypnosis and astute manipulation of reward and punishment to gain almost absolute control over an individual's behavior.

It should be then possible to achieve a very rapid and highly effective type of positive brainwashing that would allow us to make dramatic change in a person's behavior and personality."

Now when we talked before about that kind of rays and the telepathic electronic two-ways communication... the kinds of rays which are fed from the memory of computers which store a lot of data about the human being and the languages; and we said that the people of the earth will be reached by the inside of their brain making

each one to believe that his own 'god' is talking to each one within his own soul, we refer to that kind of technology and that kind of thinking.

That same psychologist said,

"We should reshape society so that we all would be trained from birth to want to do what societies want us to do. We have the techniques to do it. No one owns his own personality."

And this quote here is real important because it is also basic teaching from the United Nations, that 'no one owns his own personality'. The same psychologist adds:

"You have no say about what kind of personality you acquire, and there's no reason to believe you should have the right to refuse to acquire a new personality if your old one is anti-social."

Which is important in that kind of declaration here, if the NWO will be set up over the old one, that means that the old way of thinking, the way we think right now - our behavior, our religious beliefs - would be considered by those people as old thinking, an old way of living, and they will have -- to change it -- the re-education camps of the United Nations, to make sure that people will have -- for them an anti-social behavior which is today an actual one -- will be re-educated in a way to have the new behavior to fulfill the needs of the NWO.

Might it be the largest mind control project ever? because NASA Blue Beam Project is also for the implementation of a New World Religion, a mind control project. So I would suggest you examine the evidence carefully before you disregard this possibility.

Now, if we go further in the different reports we have over here, we find this: The mind control operation and technology include a transmitter which broadcasts at the frequency of the human nervous system, which system is manufactured by the Laurel Electro-Optical System in Pasadena, California.

Laurel, a major defense contractor had previously conducted research on directed-energy weapons for Lieutenant-General Leonard Perez of the U.S. Air Force who was searching for a weapon to implant messages into the minds of the enemy and to urge his own truth onto superhuman deeds of valor.

The device employs electro-magnetic radiation of jigs? frequency pulse at extremely low frequency -- ELF. It is used to torture people both physically and mentally from a distance.

Weapons of this type are claimed to have been used against a British woman protesting the presence of American cruise missiles at Greensam? Common Air Base during the '70s.

This weapon can be used to induce total sensory deprivation by broadcasting signals into the auditory nerves at such a power that it blocks the victims ability to 'hear themselves think'. The device has taken the concept of the old phrase "It is so noisy in here I can't hear myself think", and turned it into a powerful weapon of terror.

The process employed by such ELF technologies are described in various U.S. Defense Department Publications, including one entitled, "The Electro-Magnetic Spectrum and Low Intensity Conflict", by Captain Paul E. Tyler, medical ?, United States Navy, which is included in a collection entitled, "Low Intensity Conflicts in Modern

Technology" edit by Lt. Colonel, David ?... U.S. Air Force. The paper was delivered in 1984, and the collection published in 1986 by Air University Press, Maxwell Air Force Base, Alabama.

"Another pulse microwave device can deliver audible signals directly to an individual while they remain undetectable by anyone else. The technology is very simple, and can be built using an ordinary police radar gun. The microwave beam generated by the device is moderated at audio frequencies and can broadcast voices directly into the brain"... and here we come for that NASA Blue Beam Project, as we were talking about at the beginning, the telepathic electronic two-way communications from space goes exactly with that kind of technology.

I repeat here, "the microwave beam generated by the device is modulated at audio frequencies and can broadcast voices directly into the brain".

In his book, *The Body Electric*, Nobel Prize nominee Robert Becker described a series of experiments conducted in the early 1960's by Olenfree, where this phenomena was first demonstrated as well as later experiment ?? in 1973 at the Walter Reed Army Institute of Research by Dr. Joseph C. Sharp, who personally underwent tests in which he proved he could hear and understand spoken words delivered to him in an echo-free isolation chamber via a pulse microwave audiogram, an analogue of the word sound vibration beamed into his brain.

Becker then goes on to state, "such a device has obvious application and covert operation designed to drive a target crazy with voice or deliver undetectable instruction to a programmed asset".

Now figure out, when we talked about that new messiah from space would be talking to different religious and faith people on the earth by the inside who would give such kind of instruction like to Muslim people what kind of possession case and kind of social disorder on a large case scale ever seen before we would see everywhere on the planet.

A 1978 book entitled, *Microwave Auditory Affect and Application*, by James C. Lim? explains how audible voice can be broadcast directly into the brain. This technology could be used to make the deaf hear, but instead it has been turned against the public.

Olenfree also reported that he could speed up, slow down or stop isolated frogs hearts by synchronizing the pulse rate of a microwave beat with the beat of the earth itself. According to Robert Becker, similar results have been obtained using live frogs, indicating that it is technically feasible to produce heart attacks which are rays designed to penetrate the human chest.

I should mention also that Becker does not participate in such research. It has been demonstrated that focused Ultra High Frequency - UHF - electromagnetic energy beams can be used to induce considerable agitation and muscular or induce muscular weakness and lethargy. Microwaves can also be used to burn human skin, and aide the effect of drugs, bacteria and poisons, or effect the functioning of the entire brain.

These effects were all studied at length by the CIA on September 21, 1977 in testimony before the Senate Sub-committee on Health and Scientific Research. Dr. Sidney Gottlieb who directed the MK Ultra program at that time was forced to discuss aspects of the CIA's research to find technique of vacuation? the human organs by remote

electronic means.

So this is something that exists right now, that has been pushed to its highest degree and that can be used from space by satellite to reach anybody on the planet.

If we go a little bit deeper in that kind of process and mind control over the people, we find for the year 1988 this: the equipment and technology... that kind of technology of mind control have been used to influence politics in a much more direct fashion.

Michael Dukakis, the Democrat Presidential candidate running against George Bush in the 1988 U.S. election, was targeted with microwave technology in order to impede his public speaking performance when the opinion polls he posed a threat to Bush's election prospect. He also claims that the equipment was used against Kitty Dukakis and drove her to the brink of suicide. In the grisly Disneyland World of U.S. politics a presidential candidate with problems such as these two dealt with, obviously stand to lose the race to the White House.

What I can add over here about those kinds of new mental battlefields that will be used in the NASA Blue Beam Project to implement the New World Religion is this: In the December 1980 edition of the U.S. Army Journal, which is called "Military Review", an article by Lieutenant Colonel John B. Alexander, entitled "The New Mental Battlefield -- Beam Me Up, Spock", provides further insight into the technical capabilities now at the disposal of the controllers. He writes:

"Several examples will demonstrate areas in which progress has been made:  
The transference of energy from one organism to another.

The ability to heal or cause disease can be transmitted over a distance, thus inducing illness or death for no apparent cause.

Telepathic behavior modification which includes the ability to induce hypnotic states up to distances in excess of 1,000 kilometers has been reported. The use of telepathic hypnosis also holds great potential. This capability could allow agents to be deeply planted with no conscious knowledge of their programming, and .??/ the Manchurian Candidate ? and does not even require a phone call.

Other mind to mind induction techniques are being considered. If perfected, this capability could allow the direct transference of thought via telepathy from one mind or group of minds to a select target audience. The unique factor is that the recipient will not aware that thought has been implanted from an external source. He or she will believe the thoughts are original".

This is exactly what we were talking about, and the third step of the NASA BlueBeam Project calls the telepathic-electronic two-way communication, and the article continues:

"If it is possible to feed artificial thoughts into the ?? genetic ?? via satellite the mind control of the entire planet is now possible. An individual's only resistance to constantly question the motivation behind their thoughts and not act upon thoughts that they consider to be outside the boundaries of their own ethical and moral boundaries. "

Once again, it is wise to consider how television, advertising and various forms of social pressure are constantly being used to manipulate those boundaries.

And one thing... another thing which is really important over here, dealing with that kind of technology is this: It has been reported by Lt.Col Alexander who said in the summary of his Military Review article:

"The information on those kinds of technology presented here would be considered by some to be ridiculous since it does not conform to their view of reality; but some people still believe the world is flat."

Now, this means a lot, because if people do not believe that kind of technology to be possible, or this kind of technology we're talking about is just science fiction... those people put themselves in jeopardy because when the night of the thousand stars will shine from the space during that night when the new messiah and the new world religion will be implemented on the planet, those people won't have time to prepare themselves, and they will not be prepared to preserve themselves against such kind of technology.

That's why they put themselves in jeopardy. Because they don't believe; they don't take time to prepare and this is something real dangerous. Now we're going to talk about the fourth step of that NASA Blue Beam project. Now, the fourth step concerns the universal supernatural manifestation with electronic means. It contains three different orientations.

One is to make mankind believe that an alien invasion is about to strike down on each major city of the earth in order to push each major nations to use its nuclear to strike back. This way, it would put each of these nations in a state of full disarmament in front of the United Nations after the false attack.

The second is to make the Christians believe to a major rapture with the supposedly divine intervention of an alleged good alien force coming to save the people from a brutal satanic attack. Its goal is to get rid of all significant opposition to the New World Order.

The third orientation in the fourth step is a mixture of electronic and supernatural forces. The waves used at that time will allow supernatural forces to travel through optical fiber, coaxial cable... the one used for cable TV, electric and phone lines in order to penetrate everywhere on electronic equipment, appliances will be already installed with microchips. The goal of this one deals with global Satanic ghosts - spectator - all around the world in order to push all population on the edge to drown into a wave of suicide, killing and permanent psychological disorders.

Then after that night of the thousand stars humanity is going to be ready to implore any new messiah to re-establish peace everywhere at any cost, even at the cost of freedom abdication. Now which is interesting to note this over here: the technique used in that fourth step is exactly the same used in the past in USSR to force the people to accept Communism. The same technical wave will be used by the United nations to implement the New World Religion in the New World Order.

A lot of people ask me when this is going to happen and how they are going to do it. Which are the steps they're going to set up before that Night of the Thousand Stars? According to different research and different reports that we get, they are thinking right now of an economic crash. Not a complete crash that would put down all the economy, but an economic crash that would force them... that will also have them as a pretext to come up with an in between currency.

That means a new kind of currency that would be in between the currency that we have right now and the electronic cash. Now, what they want to do with the in between currency is to force everybody who has some money in reserve everywhere to spend that money, because they consider that they will have problems to implement the New World Order if somewhere there are some people independent who can survive by themselves, so they have to put the people in a way to force them to spend everything and absolutely everything they have.

That's why they want to start with a kind of organized economic crash to put up a new currency, and after that, they're planning to put on worldwide basis the electronic cash. But right now it is not possible for them to put that electronic cash since the super highway - what we call also the electronic highway - is not yet ready and implemented all over the planet.

To implement the electronic cash worldwide they have to have finished the implementation of the super highway everywhere, and for people wondering what the super highway is exactly... the super highway is an electronic sophisticated way to control directly the people in every home where it will be implemented or installed. To that stage, the control - the political control - of everybody on the planet will be possible.

To prevent any kind of independence from the people we have to remember that the New Agers... the New World Order people will do anything to make sure that everybody, before the year 2000 will have spent all his personal and reserve cash or goods.

To prevent also any kind of independence the New World people have already started, all over the planet, to put into birds, fish and wild animals microchip implants. Why? Because they want to make sure that for the people who won't accept the NWO, they won't be able to fish or hunt anywhere, because the day they would try in the wilderness to make some fishing and hunting, the day they would catch a fish or an animal with a microchip implant they would be traceable by satellite, absolutely, everywhere.

Those same people to make sure of full control of everybody are changing laws of different countries right now to make sure they will have full control of the vitamins. They are also changing laws right now about religion, and also about psychiatric disorders, in order to consider anybody with a violence potential as somebody who has psychiatric disorder and has to be put in a clinic to be re-educated.

If you keep in mind that this New World Order New World Government is a worldwide dictatorship you cannot forget that a dictatorship will do everything possible to make sure they will be in a position to control anybody everywhere on the planet. That's why the kind of new technology they're putting on right now everywhere is a technology for control of the people.

If you take, for instance, the technology that we had in the 1940s and the 1950s that kind of technology was made to help the people for an easier life. But the new technology - if you take the time to look at computers, microchips, new microchip cars, super highway... you'll notice, and this is evident, you'll notice that all that technology is built in a way to track down and control anybody everywhere. And as that kind of technology is made in such a way, it's made also for a purpose.

To refuse to see that purpose is not to want to see the evidence of a new kind of political power that want to establish themselves all over the planet.

Now, at the end of this conference... I want to apologize to everybody's my difficulties, my problem with English speaking, because as a Canadian journalist I'm also from the eastern part of Canada which is French-speaking country.

I hope that even if I have problems with pronunciation, or a French accent in my speaking, I hope it will be possible for everybody at least to understand the meaning of this conference and also the real meaning of the NASA Blue Beam Project.

And I ask everybody everywhere who will be listening that they make everything possible to spread the words everywhere about that kind of new technology which exists right now into space and which exists for the purpose to implement the New World Religion which is also the basic foundation of the New World Order government.

Thank you and good night.

## Project: “Blue Beam”

the Testimony of Khalid Shiek Mohammed

Begin UNCLASSIFIED DETAINEE oral statement:

DETAINEE:

Yes, and I want to add one thing just for some clarification: this is all like some operations I was involved in in '94-'95, before I became a member of Al Queda - which is related to the BOJINKA Operation. "Some operations," which means, not with Al Queda.

This is all like the beheading of Daniel Pearl, because he stated for the Pakistani group that he was working with them both. His mission was in Pakistan to track Richard Reed's trip to make ready his targets in Israel. His mission in Pakistan (was for) Israeli intelligence, Mossad, to ask about when Reed was going there. Also, he mentioned to them he was both - he had relation with CIA people, and was with Mossad. But he was not related to Al Queda at all or Usama Bin Laden (PBWH). This was related to the Pakistan Mujahadeen group.

"Other operations," mostly CLASSIFIED. I'm responsible, but if you read the HEADING HISTORY... this line here [indicating to Personal Representative {defense attorney} a place on "EXHIBIT D" dash "C" {which states} "Also hereby admit and affirm, without duress, that I was a responsible participant in finances..."] ... this part is not necessary, because I am responsible, but was, in all these things, the party responsible for finances, only.

PRESIDENT OF THE CONVENED MILITARY TRIBUNAL:

I Understand. I want to be Clear, though: "it is you that was the author of that document." [indicating "EXHIBIT D" :: the DETAINEE's "confession"]

DETAINEE:

That's right.

PRESIDENT:

That - "it is True"?

DETAINEE:

That's true.

PRESIDENT:

Alright, you may continue with your statement.

DETAINEE:

Okay, I'll start in Arabic!

PRESIDENT:

~Please~

DETAINEE [to TRANSLATOR]:

One, For this speech, I will not take your "oath." "Take an oath" is a part of Your TRIBUNAL and I don't accept it. That the Tribunal is to be, that I'll accept. That means, I "accept" the American Constitution, American Law, or whatever it is you think you are doing here. This is why, religiously, I cannot accept Anything You Do. Just to explain, it does not mean, nor am I saying, that "I am lying" when I don't take your "oath." That does not mean "I am lying." You know very well, people take The Oath all the time and they Lie. You know the President (George W. Bush), he did this before: he just takes the "oath" and he lies. So, now, when I'm not taking your "oath," this

does not mean I'm lying.

PRESIDENT:  
I Understand.

DETAINEE:  
Two. When I "wrote" this thing [indicating "EXHIBIT D" :: his "confession"], I mean he [indicating the Personal Representative, or Public Defender] told me that, "the President may stop you at any time, and he won't take no lip, so don't talk too much." (He told me) to be "Within Subject." So I will Try to stick to the "Enemy Combatant" subject.

PRESIDENT:  
You can say whatever you'd like to say so long as it's relevant to "What We Are Discussing Here Today."

DETAINEE:  
Good? Thanks. What I "wrote" here, it's not me trying to make myself out to be a "hero," when I said I was responsible for "This" or "That." But you, you are a military man, so you know very well there is a Language for War. So, there you are, and there "we" are: when I "admit" these things, I'm not saying, "I did it." "I did it" is the Language of a War. If America wants to invade Iraq, they will not send Saddam roses or kisses, they send bombs instead. This would be the way I would choose, if I were fighting FOR somebody. [as an aside to the TRANSLATOR: (Admit to them I am America's enemy. Certainly I am the enemy of "America.")]

Usama Bin Laden did his best press conference for the American media. Reporter John Miller was there when he made a declaration on Jihad against America. And later he said, "there is no need now to explain what I meant then." Mostly they talked about the American military's presence in the Arabian Peninsula, and their aid for Israel, among other things. So, when "we" waged any "war" against "America," then we are "like jackals fighting in the night."

I consider, myself, what you are doing a "religious" thing, as you consider us "fundamentalists." Just so, we derive, from Our Religious learning, that we and George Washington are doing the same thing. I consider George Washington my own hero. So, many Moslems, likewise consider Usama Bin Laden. He is doing the same thing: he is justly fighting. He just wants his own independence. Even more Moslems, not only me, think that about what Al Queda or the Taliban are doing. They have been oppressed by America. This is the Truth of the Prophet! So when you say I'm an "Enemy Combatant," that's (exactly) Right. "We" [indicating "all"] are.

But I'm asking you, again, to be Fair with the many DETAINEEs who are Not "Enemy Combatants," because, Many of them have been unjustly arrested, (Many! Not one, or two, or three.) since the definition which you wrote is not fair, even from my own point of view because I was, in the time of the first Jihad, an enemy of Russia, and America supported me in this because I was their ally so long as I was fighting Russia. I'm doing the same job now: I'm fighting. I was fighting Russia then, and now I'm fighting America.

So many people who died in Afghanistan never lived there. Some lived there, but were not Taliban and were not Al Queda. They had been there through Russian times, but they could not go back to their homes under their corrupt governments. They stayed there, and then, when America invaded, the Afghani Parliament [the Afghan

"interim government" under Khamad Karzai] had them arrested. They had never been affiliated with the Taliban or any "other group." So many people consider them the "enemy," but they are not.

Because this definition is a very broad definition ... people who came there after October of 2001 - 2002, when America invaded Afghanistan, who had just arrived in Afghanistan because they heard there was an enemy, who don't know what it means - "Al Queda," or "Usama Bin Laden," or "Taliban" - and who don't care about these things, who heard only that there was an enemy in Afghanistan and they just arrived - as they had arrived the first time, when they heard Russia had invaded Afghanistan - they arrived and fought, just like back then they came - they don't know what's going on or that the Taliban were the heads of government [aside, (you consider me not only Taliban, but the president of their whole government)], and many people joined the Taliban because they were the government - and when Karzai came they joined Karzai (because they are the Public, but they don't know what's going on), so many fought the Taliban (just because they were the Public and the Taliban were the government) ... now the CIA don't have an exact definition: for "who is Taliban?" and "who is Al Queda?" Your Tribunal is discussing, am I the "enemy" or not, because that is one of your jobs.

So, this is why you find many Afghani people, Pakistani people even, that don't know what's going on, they just hear they are fighting to help Moslems in Afghanistan. Then what? "There are some infidels who came there, so we must save them." But then, they've got no intention of doing anything against America. The Taliban themselves said between one another, Afghanistan, where they live, never knew nor approved the 9-11 Operation. The senior Taliban officials reject what Al Queda does, many of the Taliban rejected what they are doing now. Even more Taliban do not agree about whether we are even in Afghanistan. Some have been "with" us. But the Taliban? Never in their lives, before America invaded them, intended to do anything against America. They had never been "with" Al Queda.

It doesn't mean we are "Americans" now that we are here. They gave political asylum to many nationalities - to Chinese and to North Koreans in opposition - but that does not mean they are "with" them. It's the same thing with many of the Taliban. They harbour us as Al Queda, but that does not mean we are "together." So this is why I'm asking you to be fair with Afghanis, Pakistanis and many Arabs who were in Afghanistan.

"Funny story:" there had been some spies sent by the Sunni government to assassinate Usama Bin Laden (Peace Be With Him), and we arrested them and handed them (over) to the Taliban in Afghanistan, and the Taliban put them in prison. Then the Americans came and arrested them as "enemy combatants" and brought them here. So now even my own enemy is here with me. This is not fair.

This is what I'm saying: the words of War. You know very well that, for any country at war against an enemy - the Language of War is Killing. But "if a man and woman are truly married is up to their children." So if you and me - two nations - will be, together, at war, then only others will ever be victims. These are the Words of the Language. Did you know 40,000,000 people were killed in WWII? Ten million had been killed in WWI. Did you know that 2,400,000 were killed in the Korean War?

So, this is the Language of War. Anyone, like Usama Bin Laden, who says, "I'm going to war because of such and such a reason," has thus declared it. But when you said I was a "Terrorist," I think this is a lie. "Terrorist," "Enemy Combatant" - these words

mean whatever you, as CIA, want.

Now, when I asked about the witnesses [referring here to the right during a trial for the defendant to call witnesses "who are reasonably available and whose testimony is relevant to this hearing"], you said you were not convinced it would be related to this matter. That is up to you. Maybe I AM "convinced," but you are the head of the committee, and this other [gesturing to his PR], is not responsible.

So, finally, it's Your War, but the problem is there are no definitions for many words. It is known everywhere that many people are oppressed, because in war there will be victims.

When I said, "I'm not happy that three thousand were killed in America - I feel sorry even, I don't like to kill children" - never did Islam give me the "green light" to kill people. Killing, as in Christianity, Judaism and Islam, is Prohibited. But then, it's an "exception to the rule" when you are killing people in Iraq. You say, "we have to do it, we don't like Saddam," and "this is the way to deal with Saddam." The same things you are saying, the same Language you use, I use. When you were invading two-thirds of Mexico, you called your war "Manifest Destiny." It's up to you to call it what you want. But the other side are calling you Oppressors.

If we were living in the Revolutionary War now, and George Washington were arrested by Britain, certainly they would consider him an "enemy combatant." But you Americans consider him a "Hero." This is Right: that in any "Revolutionary War," there will be (those like) George Washington and (those like) Britain. Just so do we consider American Army bases which have been in Iraq since the '70s, and in Saudi Arabia, and Kuwait, Qatar and Bahrain as a kind of invasion. But I'm not here to convince you. No, mostly this speech is to ask you to be Fair with people. I don't have any say as to whether or not I'm your enemy. That's why the Language of All War in the world is killing and the words of War are victims.

I don't like to kill people. I feel very sorry there were killed children in 9-11. What can I do? Such is the Language. Sometimes, I want to cause a Great Awakening among Americans to stop their foreign policy in our lands. I know American people have been torturing us since the '70s. (I know they torture their own citizens, but this is "CLASSIFIED") I know you are talking about "Human Rights." And I know torture goes against the American Constitution and against American Law. But, as they say, "there's an exception to every rule," and so, "it's your bad luck that you are part of the exception of our laws." They've got to have something to convince me that we are "speaking the same Language."

Instead, We say, "we have Sharia Law, and we have the Koran." So, what is "enemy combatant" in My Language? It is written, "Allah does not forbid you, with regard to those who fight you or drive you out of your homes Not Because of Your Faith, from dealing kindly and justly with them. For Allah favours those who are correct." There is an additional sentence: "Allah Only forbids you, with regard to those who fight you, drive you out of your homes and support others in driving you out, Because of Your Faith, from turning to them for friendship and protection." It is such as turn to Them in These circumstances that do wrong.

So, We are guided - in whatever deed we do - by asking the Koran or Hadith. We are not making up laws for ourselves. When we need (permission for a) Fatwa from the religious scholars, we have to go back and see what the scholars say. Killing is prohibited among all who you call the "people of the Book" - Judaism, Christianity

and Islam. You know the Ten Commandments very well. The Ten Commandments are shared between all of us. We Are All Serving One God: "Thou Shalt Not Kill," and you know that.

But we also have the Language of War: "you have to kill," and "you have to care whether you are the target or not." But I say, "so long as I'm not AT the Pentagon, that's fine by me." When we targeted in the U.S.A. we chose military, economic and political targets, and the central victims are mostly the economic targets.

But, if Americans are certain that Usama Bin Laden is in a house, they don't care about his children and his property. They will just bomb it. They will kill all of them - and they've done it, too. They killed the wife of Dr. Ayman Zawahiri and his two daughters and his son all with one bomb! They received a report that it was his house, but that he would not be home. They killed them! They arrested my children intentionally. They are Children! They have been incarcerated for four months and they've been tortured! So, for myself, I have patience. I know I'm not supposed to talk about what will become of me. "We Americans have Human Rights."

So, "enemy combatant" itself is a flexible word. So, I think Allah Knows that many who have been arrested have been arrested unjustly. And all militaries throughout history have known very well: They Don't Want War To Ever End. War started with Adam, when Cain killed Abel, and continues now. It will never stop killing people. This is the Way of the Language. America started the Revolutionary War. Then they started the Mexican and Spanish War. Then World War I. World War II. You've read the history. You know War is Never-ending. That's life. But who is an "enemy combatant" and who is not?

Finally, I finish my statement by asking you to be fair with other people.

PRESIDENT:

Does that conclude your statement, Khalid Sheikh Mohammed?

DETAINEE:

Yes.

PRESIDENT:

Khalid Sheikh Mohammed, you shall be notified of the Tribunal decision upon completion of the review of these proceedings by the Combatant Status Review Tribunal convening authority in Washington, D.C. If the Tribunal determines that you should not be classified an enemy combatant, you will be released to your home country as soon as arrangements can be made.
